AN ACT to amend the state administrative procedure act, in relation to detailing the benefits and costs of proposed rules in regulatory impact statements

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. The legislature finds that many rules of state agencies
2 have a substantial impact on the lives of the public, and therefore
3 should be adopted through a process which provides for open and reasoned
4 consideration of the potential costs and benefits of regulatory action.
5 To this end, the statutes governing the rulemaking process should be
6 improved to ensure that agency assessments of the costs and the benefits
7 of proposed rules are reasonably accurate and comprehensive.
8 S 2. Paragraph (b) of subdivision 4-a of section 202 of the state
9 administrative procedure act, as added by chapter 335 of the laws of
10 1992, is amended to read as follows:

12 assessment of public comment for a rule revised pursuant to this subdivi-
13 sion. Such assessment shall be based upon any written comments submit-
14 ted to the agency and any comments presented at any public hearing held
15 on the proposed rule by the agency. The assessment shall contain: (i) a
16 summary and an analysis of the issues raised and significant alterna-
17 tives suggested by any such comments; (ii) a statement of the reasons
18 why any significant alternatives were not incorporated into the rule;
19 and (iii) a description of any changes made in the rule as a result of

12 Any subsequent assessment published pursuant to this paragraph or para-

26 vision or paragraph (e) of subdivision six of this section. Such assess-
27 ment shall be based upon any written comments submitted to the agency
28 and any comments presented at any public hearing held on the proposed
29 rule by the agency. The assessment shall contain: (i) a summary and an

31 any such comments, (ii) a statement of the reasons why any significant
32 alternatives were not incorporated into the rule and (iii) a description
