I N S E N A T E

(PREFILED)

January 9, 2013

Introduced by Sens. PERKINS, DILAN, STAVISKY -- read twice and ordered printed, and when printed to be committed to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, the parks, recreation and historic preservation law, and the state finance law, in relation to enacting the "nickels for nature" act

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. This act shall be known and may be cited as the "Nickels
2 for Nature act".
3 S 2. Legislative findings and intent. The legislature finds and
4 declares that state parks and historic sites provide an indispensable
5 asset to our greater community, in terms of both the economical and
6 educational benefits. Without appropriate maintenance the aforementioned
7 parks and historical sites may fall into a state of disrepair rendering
8 them inaccessible. Accordingly, state parks and historic sites should be
9 provided with the necessary capital funding to allow for their continued
10 and uninterrupted use.
11 The legislature also finds and declares that single use bags, both
12 paper and plastic, distributed by New York retailers has a direct nega-
13 tive impact on the environment, littering our communities, filling our
14 landfills, harming wildlife, and using an extreme amount of fossil
15 fuels. Recognizing that urgency of this matter the legislature recom-
16 mends that an economic incentive be put in place to encourage the use of
17 reusable bags.
18 It is hereby declared to be the public policy and in the public
19 interest of this state to establish a comprehensive program to provide a
20 dedicated funding stream for our state parks and historic sites. Such a
21 dedicated funding stream should be devoted as supplemental to the exist-
22 ing budget of the office of parks, recreation and historic preservation.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets
[] is old law to be omitted.

LBD04203-01-3

1 The funding stream should be created by imposing a five cent fee on
2 single use bags as well as a rebate program where funds will be
3 collected and used to fund capital projects in state parks as well as
4 necessary and appropriate maintenance. In order to preserve and improve
5 the system of state parks and historic sites, the "Nickels for Nature"
6 surcharge on single use carryout bags and the "Nickels for Nature" fund
7 are hereby established.

8 S 3. Title 27 of article 27 of the environmental conservation law, as
9 added by chapter 641 of the laws of 2008, is amended by adding a new
10 section 27-2710 to read as follows:
