46 endanger the life or safety of another, or

48 longbow as to destroy or damage public or private property; or

49 (2) of any agent of the department authorized to issue certificates of
50 qualification in responsible hunting, bowhunting, CROSSBOW HUNTING, or
51 trapping practices who improperly issues any such certification to a
52 person whom he has not trained, or whom he knows has not satisfactorily
53 completed all of the requirements necessary for such certification.

54 b. Action by the department resulting in the revocation of such
55 license or denial of the privilege to hunt and trap as provided in this
56 subdivision shall be only after a hearing held by the department upon

notice to the offender, at which proof of facts indicating the violation is established to the satisfaction of the commissioner or of the hearing officer designated by him and concurred in by the commissioner. Provided that where a person, while hunting, causes death or injury to any person by discharge of a firearm, CROSSBOW, or longbow, the commissioner may, in his discretion, suspend such person's license or licenses to hunt and suspend such person's right to hunt without a license for a period of up to sixty days pending a hearing as provided for in this subdivision.

c. In case such discharge of a firearm, CROSSBOW, or longbow causes death or injury to another, the license or licenses shall be revoked and the privilege of obtaining any such license and of hunting or of trapping anywhere in the state with or without a license denied, for a period not exceeding ten years, except that no revocation shall be made in cases in which facts established at the hearing indicate to the satisfaction of the commissioner that there was no negligence on the part of the shooter or bowman. In all other cases the license or licenses shall be revoked and the privilege of obtaining such license and of hunting or of trapping anywhere in the state with or without a license denied for a period not exceeding five years. Every such person or law enforcement officer shall make such other and additional reports as the department shall require. Failure to report such accident as herein provided by the person causing injury or to furnish relevant information required by the department shall be a violation and shall constitute grounds for suspension or revocation of such person's hunting licenses and denial of the privilege of obtaining any such license and of hunting with or without a license following a hearing or opportunity to be heard. In addition, the department may temporarily suspend the license of the person failing to report a hunting accident within the period prescribed herein until such report has been filed. In the case of a non-resident, the failure to report an accident as herein provided shall constitute grounds for suspension or revocation of his or her privileges of hunting within this state. The report required by this section shall be made in such form and number as the department may prescribe.
