AN ACT to amend the penal law and the general business law, in relation to banning the possession, sale or manufacture of assault weapons; and to repeal subdivision 22 of section 265.00 of the penal law relating thereto

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

The New York state legislature finds that semi-automatic assault weapons are military-style guns designed to allow rapid and accurate spray firing for the quick and efficient killing of humans. The shooter can simply point - as opposed to carefully aim - the weapon to 5 quickly spray a wide area with a hail of bullets. Gun manufacturers have for many years made, marketed and sold to civilians semi-automatic 7 versions of military assault weapons designed with features specifically intended to increase lethality for military applications. As a result, 8 9 approximately 2,000,000 assault weapons are currently in circulation in 10 the United States. These weapons have been the weapon of choice in the 11 most notorious mass shootings of innocent civilians in the United 12 States, including the 1999 massacre at Columbine High School (TEC-DC9 13 assault pistol and Hi-Point Carbine) and the 2002 Washington, D.C.-area sniper shootings (Bushmaster XM15 assault rifle). According to FBI data, 14 between 1998 and 2001, one in five law enforcement officers slain in the 15 16 line of duty was killed with an assault weapon. In 2003, New York lost 17 two of its finest when undercover officers in the elite Firearms Investigation Unit of the NYPD Organized Crime Control Bureau were brutally 18 murdered while attempting to purchase an illegal TEC-9 semi-automatic 19
