appropriation including the gap elimination adjustment as provided for herein. Provided further that, notwithstanding any inconsistent provision of law, for the 2013-2014 school year, in lieu of the apportionment computed pursuant to subdivision 4 of section 3602 of the education law, a school district, other than a special act school district as defined in subdivision 8 of section 4001 of the education law, from funds appropriated herein shall be eligible for total foundation aid equal to the sum of the total foundation aid base computed pursuant to paragraph j of subdivision 1 of section 3602 of the education law, plus the phase-in foundation increase factor, which shall equal for the 2013-14 school year: (1) for a city school district in a city having a population of one million or more, five and twenty-three hundredths percent (0.0523) or (2) for all other school districts zero percent, and provided further that the income wealth index calculated pursuant to paragraph d of subdivision 3 and paragraph a of subdivision 4 of section 3602 of the education law, shall not be less than zero for the 2013-2014 school year, and provided further that total foundation aid for the 2013-2014 school year shall not be less than the product of the total foundation aid base computed pursuant to paragraph j of subdivision 1 of section 3602 of the education law and the due-minimum percent which shall be, for the 2013-2014 school year for city school districts of those cities having populations in excess of 125,000 and less than one million inhabitants, one hundred and one and one hundred and seventy-six thousandths percent (1.01176), and for all other districts one hundred and three-tenths percent (1.003). Provided that, notwithstanding any inconsistent provision of law, the commissioner shall reduce payments due to each school district for the 2013-14 school year pursuant to section 3609-a of the education law by an amount equal to the gap elimination adjustment for the 2013-14 school year computed for such school district, and such amount shall be

(iii) the "Tier C restoration" which shall mean for a district for which the sum of

the tier A restoration and the tier B restoration is less than the product of the gap elimination adjustment for the base year multiplied by six percent (0.06), the positive difference of the product of the gap elimination adjustment for the base year multiplied by six percent (0.06) minus the sum of the tier A restoration and the tier B restoration.

(vii) the "Tier G restoration" which shall mean for a city school district of a city having a population in excess of 125,000 and less than 160,000 and for city school districts of cities with populations in excess of 205,000 and less than 300,000, the product of ten dollars ($10.00) multiplied by the base year public school district enrollment, as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law and for a city school district of a city having a population in excess of 160,000 and below 200,000 the product of eight dollars ($8.00) multiplied by the base year public school district enrollment, as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law and for a city school district of a city having a population of one million or more, the product of forty-two dollars and two cents ($42.02), multiplied by the base year public school district enrollment, as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law; and

(ix) the "Tier I restoration" which shall mean for any district with a combined wealth ratio greater than one and one-tenth (1.1) and a three-year average free and reduced price lunch percent greater than six-tenths (0.6), the product of one hundred and fifty dollars ($150.00) multiplied by the base year public school district enrollment, as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law; and

(x) the "Tier J restoration" which shall mean for a district with a combined wealth ratio less than one and one-tenths (1.1), the product of (a) two hundred dollars ($200.00) multiplied by (b) the positive difference, if any, of the base year public school district enrollment less the public school district enrollment for the year four years prior to the base year, as computed pursuant to paragraph n of subdivision 1 of section 3602 of the education law;

Provided further, notwithstanding any portion of the language of this appropriation to the contrary, that a district's gap elimination adjustment restoration for the 2013-2014 school year shall be no greater than the product of forty-three percent (0.43) and the gap elimination adjustment for the base year for the district.

Provided further that the gap elimination adjustment for the 2014-15 school year shall be equal to the product of the gap elimination percentage for such district

and the gap elimination adjustment restoration allocation established pursuant to subdivision 18 of section 3602 of the education law.

Provided further that the gap elimination adjustment for the 2014-15 school year shall be equal to the gap elimination adjustment for the 2013-14 school year, plus, if the preliminary growth amount exceeds the allowable growth amount, the product of the gap elimination adjustment percentage for such school district and the positive difference, if any, between the preliminary growth amount less the allowable growth amount, and less the gap elimination adjustment restoration amount for the 2014-15 school year, if any, allocated pursuant to a chapter of the laws of New York.

Provided further that, if any payments of ineligible amounts pursuant to this appropriation were made, and the school district has not submitted documentation

that has been approved by the commissioner of education by September 1 of the current school year demonstrating that it has fully implemented the standards and procedures for conducting annual professional performance reviews of classroom teachers and building principals in accordance with the requirements of section 3012-c of the education law and the regulations of the commissioner of education, the total amount of such payments shall be deducted from future payments to the school district; provided further that, if the amount of the deduction is greater than the sum of the amounts available for such deductions in the applicable school year, the remainder of the deduction shall be withheld from payments from funds appropriated herein scheduled to be made to the school district pursuant to section 3609-a of the education law for the subsequent school year.

Provided further that, for the 2013-14 and/or 2014-15 school year, in the event a school district does not have an annual professional performance review plan approved by the commissioner as of September 1, 2013 and 2014 the collectively bargained plan most recently approved or the plan determined by the commissioner of education shall remain in effect until a subsequent plan is agreed to by such school district and the appropriate collective bargaining representatives in accordance with section 3012-c of the education law and is approved by the commissioner of education.

Provided, however, a school district that did not have an annual professional performance review plan approved by the commissioner on or before January 17, 2013 shall be deemed for purposes of this appropriation to have submitted approved documentation as called for herein, if the commissioner of education has rendered a final and binding decision, in accordance with the procedures set forth in this appropriation, resolving the dispute between such school district and appropriate collective bargaining representatives regarding the standards and procedures necessary to implement an annual profes-

sional performance review plan for the 2013-14 school year in accordance with the language of this appropriation; provided, that if such school district does not have such an annual professional performance review plan in place that has been approved by the commissioner of education on or before the Wednesday following the first Friday in May 2013, such school district and the appropriate collective bargaining representatives shall submit written explanations of their respective positions regarding such issues to the commissioner of education by such date; and provided, further, that if such school district does not have such an annual professional performance review plan in place that has been approved by the commissioner of education on or before the Wednesday preceding the last Friday in May of 2013, the commissioner of education shall resolve such dispute through an arbitration proceeding, wherein he or she shall hold no more than two days of hearings in which the parties may be heard and present statements of fact, supporting witnesses and other evidence and arguments, and he or she may require during such hearings the production of additional evidence from the parties and shall provide, at the request of either party, that a full and complete record be kept of any such hearings, the cost of such record to be shared equally by the parties; and provided further that, notwithstanding any other provision of law, rule or regulation to the contrary, after such hearings, the commissioner of education, as arbitrator of such dispute, shall render a final and binding written determination on or before June first of 2013, prescribing standards and procedures necessary to implement an annual professional performance review plan pursuant to section 3012-c of the education law effective for the following school year for a term he or she shall set, provided that such determination shall be limited to the requirements of section 3012-c of the education law and consistent with plans approved by the commissioner of education pursuant to paragraph k of subdivision 2 of section

3012-c of the education law, specifying the basis for his or her findings, and taking into consideration all relevant factors, including the best interest of students; and provided further that such final determination shall be limited to the requirements of section 3012-c of the education law, and shall only be reviewable in a proceeding commenced within ten days pursuant to section 7511 of the civil practice law and rules; and provided further that the filing or the pendency of any such appeal shall not delay the implementation of the commissioner's determination.

Provided further that, for the 2013-14 and/or 2014-15 school year, nothing in this appropriation shall restrict the ability of a school district subject to arbitration pursuant to paragraph m of subdivision 2 of section 3012-c of the education law and collective bargaining representatives representing classroom teachers and building principals in such district from entering into a new or amended agreement to implement an annual professional performance review plan, provided that such new or amended agreement is submitted to the commissioner of education pursuant to paragraph k of subdivision 2 of section 3012-c of the education law and approved provided that such terms of the agreement are consistent with section 3012-c of the education law and the regulations of the commissioner of education.

Provided further that, notwithstanding any inconsistent provision of law, each school district shall be eligible to receive a high tax aid apportionment in the 2013-14 and 2014-15 school year based on an electronic date file used to produce the school aid computer listing produced by the commissioner of education in support of the executive budget request submitted for the 2013-14 state fiscal year and entitles "BT131-4", which shall equal the greater of (i) the amount set forth for such school district as "HIGH TAX AID" under the heading "2008-2009 BASE YEAR AIDS" in the school aid computer listing produced by the commissioner in support of

the budget for the 2009-2010 school year and entitled "SA0910" or (ii) the amount set forth for such school district as "HIGH TAX AID" under the heading "2013-14 ESTIMATED AIDS" in the school aid computer listing produced by the commissioner in support of the budget for the 2013-14 fiscal year and entitled "BT131-4".

Provided further that notwithstanding any inconsistent provision of law, for the purposes of this appropriation and for purposes of calculating the allocable growth amount for the 2013-14 school year pursuant to paragraph gg of subdivision 1 of section 3602 of the education law, the allowable growth amount shall equal the sum of (i) the product of the positive difference of the personal income growth index minus one, multiplied by the statewide total of the sum of (1) the apportionments, including the gap elimination adjustment, due and owing during the base year to school districts and boards of cooperative educational services from the general support for public schools as computed based on an electronic data file used to produce the school aid computer listing produced by the commissioner in support of the enacted budget for the base year plus (2) the competitive awards amount for the base year, and (ii) the one-time fiscal stabilization amount of $381,765,000.

Provided further that notwithstanding any other provision of law to the contrary, the allowable growth amount for the 2014-15 school year shall equal the product of the positive difference of the personal income growth index minus one, multiplied by the statewide total of (i) the apportionments, including the gap elimination adjustment, due and owing during the base year, to school districts and boards of cooperative educational services from the general support for public schools as computed based on an electronic data file used to produce the school aid computer listing produced by the commissioner in support of the enacted budget for the base year plus (ii) the competitive awards amount for the base year computed pursuant

to paragraph ee of subdivision 1 of section 3602 of the education law.

Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents and persons in need of supervision placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses.

Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2013-14 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and

foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office. Notwithstanding any inconsistent provision of law, including section 1 of part C of chapter 57 of the laws of 2006, as amended by section 1 of part H of chapter 56 of the laws of 2012, for the period commencing on April 1, 2013 and ending March 31, 2014 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2013 through March 31, 2014 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2012 that are submitted on or before January 2, 2013 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds

appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on

or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2013.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regard-

less of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children

and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To

establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice laws and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, the money hereby appropriated shall be available to the office net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other

item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state comptroller or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest bearing account with such interest accruing to the credit of the locality in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding the provisions of any other law to the contrary, the office of children and family services may, on behalf of social services districts, make payments to foster boarding homes paid directly by social services districts by direct deposit or debit card. Local social services districts shall reimburse the office for the costs of administering such direct deposit or debit card payments.

Notwithstanding any inconsistent provision of law, the funds appropriated herein shall be available to operate and support enrollment in the child care facilitated enrollment pilot programs which expand access to child care subsidies for working families living or employed in the Liberty Zone, the boroughs of Brooklyn, Queens, and Bronx, and in the county of Monroe, with income up to 275 percent of the federal poverty level. Of the amount appropriated herein, $1,605,000 shall be made available for Monroe county, and $3,855,000 shall be made available for all other projects. Up to $160,500 shall be made available to the current designated administrator in the county of Monroe, or to a successor administrator designated by the current administration to administer such county's program and to implement a plan approved by the office of children and family services; and up to $385,500 shall be made available to the Consortium for Worker Education, Inc., or other designated successor, to administer and to implement a plan approved by the office of children and family services for the programs in the Liberty Zone, and the boroughs of Brooklyn, Queens and Bronx. Each pilot program administrator shall prepare and submit to the office of children and family services, the chairs of the senate committee on children and families and the senate committee on social services, the chair of the assembly committee on children and families, the chair of the assembly committee on social services, the chair of the senate committee on labor, and the chair of the assembly committee on labor, an evaluation of the pilot with recommendations for continuation or dissolution of the program supported by appropriate documentation. Such evaluation shall include available, information regarding the pilot programs or participants in the pilot programs, absent identifying information, including but not limited to: the number of income-eligible children of working parents with income greater than 200 percent but at or less than 275 percent of the federal poverty level; the ages of the children served by the project, the number of families served by the project who are in receipt of family assistance, the factors that parents considered when searching for child care, the factors that barred the families' access to child care assistance prior to their enrollment in the pilot program, the number of families who receive a child care subsidy pursuant to this program who choose to use such subsidy for regulated child care, and the number of families who receive a child care subsidy pursuant to this program who choose to use such subsidy to receive child care services provided by a legally exempt provider. Such report shall be submitted by the applicable project administrator, on or before October 1, 2012, provided that if such report is not received by October 1, 2012, reimbursement for administrative costs shall be either reduced or withheld, and failure of an administrator to submit a timely report may jeopardize such program's funding in future years. Expenses related to the development of the evaluation of the pilot programs shall be paid from the pilot program's administrative set-aside or non-state funds. The remaining portion of the

project's funds shall be allocated by the office of children and family services to the local social services districts where the recipient families reside as determined by the project administrator based on projected needs and cost of providing child care subsidy payments to working families enrolled in the child care subsidy program through the pilot initiative, provided however that the office of children and family services shall not reimburse subsidy payments in excess of the amount the subsidy funding appropriated herein can support and the applicable local social services district shall not be required to approve or pay for subsidies not funded herein. Further, the office of children and family services shall provide technical assistance to the pilot program to assist with project administration and timely coordination of the monthly claiming process. Notwithstanding any other provision of law, any pilot programs maintained herein may be terminated if the administrator for such programs mismanages such programs, by engaging in actions including but not limited to, improper use of funds, providing for child care subsidies in excess of the amount the subsidy funding appropriated herein can support, and failing to submit claims for reimbursement in a timely fashion ..... 5,460,000 ..... The administrative cost, including the cost of the development of the evaluation of the pilot program shall not exceed ten percent of the funds

FAMILY AND CHILDREN'S SERVICES PROGRAM

Local Assistance Account

By chapter 53, section 1, of the laws of 2012:
Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents and persons in need of supervision placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardian ship expenses.
Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2012-13 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as

determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office. Notwithstanding any inconsistent provision of law, including section 1 of part C of chapter 57 of the laws of 2006, as amended by section 1 of part F of chapter 59 of the laws of 2011, for the period commencing on April 1, 2012 and ending March 31, 2013 the commissioner shall not apply any new cost of living adjustment authorized by section 1 of part C of chapter 57 of the laws of 2006, as amended by section 1 of part F of chapter 59 of the laws of 2011, for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2012 through March 31, 2013 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2011 that are submitted on or before January 3, 2012 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed

against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2012.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be

responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other

circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice laws and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, the money hereby appropriated shall be available to the office net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Funding authority from this account used for State administration of the medical assistance program may be transferred to State Operations appropriations within the aforementioned programs at amounts agreed upon by the commissioner of health, and the New York state division of the budget.

Notwithstanding section 40 of state finance law or any other law to the contrary, all

medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2013 to March 31, 2014; and the remaining amount for the period April 1, 2014 to March 31, 2015.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of alcoholism and substance abuse services and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2013 through March 31, 2014, shall not exceed $16,477,019,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2014 through March 31, 2015, shall not exceed $17,098,774,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2013 through March 31, 2015 exceed $33,575,793,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to a chapter establishing such fund. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis

known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent

practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

Notwithstanding section 40 of state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2013 to March 31, 2014; and the remaining amount for the period April 1, 2014 to March 31, 2015.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of alcoholism and substance abuse services and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2013 through March 31, 2014, shall not exceed $16,477,019,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2014 through March 31, 2015, shall not exceed $17,098,774,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2013 through March 31, 2015 exceed $33,575,793,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to

a chapter establishing such fund. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the

extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to imple-

mentation but need provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this paragraph if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate

requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h). The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision 1 of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision 4 of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Payments from this appropriation to general hospitals related to indigent care pursuant to article 28 of the public health law respectively, when combined with federal funds for services and expenses for the medical assistance program pursuant to title XIX of the federal social security act or its successor program, shall equal the amount of the

funds received related to health care reform act allowances and surcharges pursuant to article 28 of the public health law and deposited to this account less any such amounts withheld pursuant to subdivision 21 of section 2807-c of the public health law. Notwithstanding any inconsistent provision of law, the moneys hereby appropriated may be increased or decreased by interchange or transfer with any appropriation of the department of health with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this paragraph if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

Medical Assistance Account

Notwithstanding section 40 of state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50 percent for the period April 1, 2013 to March 31, 2014; and the remaining amount for the period April 1, 2014 to March 31, 2015.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of alcoholism and substance abuse services and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2013 through March 31, 2014, shall not exceed $16,477,019,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2014 through March 31, 2015, shall not exceed $17,098,774,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2013 through March 31, 2015 exceed $33,575,793,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund, pursuant to a chapter establishing such fund. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in

consultation with the commissioner of health, shall assess on monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent prac-

ticable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but need provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input

described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this paragraph if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known

and projected department of health medicaid expenditures as described in subdivision 1 of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision 4 of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and the federal government where payment systems through fiscal intermediaries are not operational, to reimburse the provision of care to patients eligible for medical assistance.

For services and expenses of the medical assistance program including nursing home, personal care, certified home health agency, long term home health care program and hospital services.

Notwithstanding any provision of law to the contrary, the portion of this appropriation covering fiscal year 2013-14 shall supersede and replace any duplicative (i) reappropriation for this item covering fiscal year 2013-14, and (ii) appropriation for this item covering fiscal year 2013-14 set forth in chapter 53 of the laws of 2012 1,570,800,000

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the states.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

Notwithstanding section 40 of state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 50.90 percent for the period April 1, 2011 to March 31, 2012; and the remaining amount for the period April 1, 2012 to September 15, 2013.

The moneys hereby appropriated are to be available for payment of aid heretofore accrued to municipalities, and to providers of medical

services pursuant to section 367-b of the social services law, and for payment of state aid to municipalities and to providers of family care where payment systems through the fiscal intermediaries are not operational, shall be available to the department net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any other provision of law, the money hereby appropriated may be increased or decreased by interchange, with any appropriation of the department of health and the office of medicaid inspector general and may be increased or decreased by transfer or suballocation between these appropriated amounts and appropriations of the office of mental health, office for people with developmental disabilities, the office of alcoholism and substance abuse services, the department of family assistance office of temporary and disability assistance, office of children and family services, the department of financial services, which shall mean prior to October 3, 2011, the department of insurance and the state office for the aging with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any inconsistent provision of law, in lieu of payments authorized by the social services law, or payments of federal funds otherwise due to the local social services districts for programs provided under the federal social security act or the federal food stamp act, funds herein appropriated, in amounts certified by the state commissioner of temporary and disability assistance or the state commissioner of health as due from local social services districts each month as their share of payments made pursuant to section 367-b of the social services law may be set aside by the state comptroller in an interest-bearing account in order to ensure the orderly and prompt payment of providers under section 367-b of the social services law pursuant to an estimate provided by the commissioner of health of each local social services district's share of payments made pursuant to section 367-b of the social services law.

Notwithstanding any other provision of law, rule or regulation, to the contrary, for the period April 1, 2011 through March 31, 2013, all medicaid payments made for services provided on and after April 1, 2011, shall, except as hereinafter provided, be subject to a uniform 2 percent reduction and such reduction shall be applied, to the extent practicable, in equal amounts during the fiscal year, provided, however, that an alternative method may be considered at the discretion of the commissioner of health and the director of the budget based upon consultation with the health care industry including but not limited to, a uniform reduction in medicaid rates of payment or other reductions provided that any method selected achieves no more than $702,000,000 in medicaid state share savings, except as hereinafter provided, for services provided on and after April 1, 2011 through March 31, 2013. Any alternative methods to achieve the reduction must be provided in writing and shall be filed with the senate finance committee and the assembly ways and means committee not less than 30 days before the date of which implementa-

The following shall be exempt from reductions pursuant to this section:

(ii) any reductions related to payments pursuant to article 32, article 31 and article 16 of the mental hygiene law;

(iii) payments the state is obligated to make pursuant to court orders or judgments;

(iv) payments for which the non-federal share does not reflect any state funding; and

(v) at the discretion of the commissioner of health and the director of the budget, payments with regard to which it is determined by the commissioner of health and the director of the budget that application of reductions pursuant to this section would result, by operation of federal law, in a lower federal medical assistance percentage applicable to such payments.

(vi) payments made with regard to the early intervention program pursuant to public health law section 2540.

Reductions to medicaid payments or medicaid rates of payments made pursuant to this section shall be subject to the receipt of all necessary federal approvals.

Not less than 30 days prior to the conclusion of each state fiscal year in which the provisions of this section apply, the department of health shall prepare and submit a report to the legislature that details the actions taken to implement the medicaid state share reduction established pursuant to this section. Such report shall be provided to the chair of the senate finance committee and the assembly ways and means committee. Provided, however, if this chapter appropriates sufficient additional funds to support medicaid payments or medicaid rates of payments, the provisions of this paragraph shall not apply and shall be considered null and void as of March 31, 2011.

Notwithstanding paragraph (c) of subdivision 10 of section 2807-c of the public health law, section 21 of chapter 1 of the laws of 1999, or any other contrary provision of law, in determining rates of payments by state governmental agencies effective for services provided for the period April 1, 2011 through March 31, 2013, for inpatient and outpatient services provided by general hospitals, for inpatient services and adult day health care outpatient services provided by residential health care facilities pursuant to article 28 of the public health law, except for residential health care facilities or units of such facilities that provide services primarily to children under twenty-one years of age, for home health care services provided pursuant to article 36 of the public health law by certified home health agencies, long term home health care programs and AIDS home care programs, for personal care services provided pursuant to section 365-a of the social services law, hospice

services provided pursuant to article 40 of the public health law, foster care services provided pursuant to article 6 of the social services law, the commissioner of health shall apply no greater than zero trend factors attributable to the 2011 and 2012 calendar years in accordance with paragraph (c) of subdivision 10 of section 2807-c of the public health law, provided, however, that such no greater than zero trend factors for such calendar years shall also be applied to rates of payment for personal care services for such period provided in those local social service districts, including New York city, whose rates of payment for such services are established by such local social service districts pursuant to a rate-setting exemption issued by the commissioner of health to such local social service districts in accordance with applicable regulations, and provided further, however, that for rates of payment for assisted living program services provided for the period April 1, 2011 through March 31, 2013, trend factors attributable to such 2011 and 2012 calendar years shall be established at no greater than zero percent, provided, however, that if this chapter provides sufficient additional funding to cover the cost of trend factor adjustments to the rates enumerated in this section, then provisions of this section shall be deemed null and void as of March 31, 2011.

Notwithstanding paragraph (c) of subdivision 10 of section 2807-c of the public health law, section 21 of chapter 1 of the laws of 1999, or any other contrary provision of law, in determining rates of payments by state governmental agencies effective for services provided for the period January 1, 2013 through March 31, 2013, for inpatient and outpatient services provided by general hospitals, for inpatient services and adult day health care outpatient services provided by residential health care facilities pursuant to article 28 of the public health law, except for residential health care facilities or units of such facilities that provide services primarily to children under twenty-one years of age for home health care services provided pursuant to article 36 of the public health law by certified home health agencies, long term home health care programs and AIDS home care programs, for personal care services provided pursuant to section 365-a of the social services law, hospice services provided pursuant to article 40 of the public health law, foster care services provided pursuant to article 6 of the social services law, the commissioner of health shall apply no greater than zero trend factors attributable to the 2013 calendar year in accordance with paragraph (c) of subdivision 10 of section 2807-c of the public health law, provided, however, that such no greater than zero trend factors for such calendar years shall also be applied to rates of payment for personal care services for such period provided in those local social service districts, including New York city, whose rates of payment for such services are established by such local social service districts pursuant to a rate-setting exemption issued by the commissioner of health to such local social service districts in accordance with applicable regulations, and provided further, however, that for rates of payment for assisted living program services provided for the period January 1, 2013 through March 31, 2013, trend factors attributable to such 2013 calendar year shall be

established at no greater than zero percent, provided, however, that if this chapter provides sufficient additional funding to cover the cost of trend factor adjustments to the rates enumerated in this section, then provisions of this section shall be deemed null and void as of March 31, 2011.

Notwithstanding any provision of law to the contrary and subject to the availability of federal financial participation, for the period April 1, 2011 through March 31, 2013, clinics certified pursuant to articles 16, 31 or 32 of the mental hygiene law shall be subject to targeted medicaid reimbursement rate reductions in accordance with the provisions of this section. Such reductions shall be based on utilization thresholds which may be established either as provider-specific or patient-specific thresholds. Provider specific thresholds shall be based on average patient utilization for a given provider in comparison to a peer based standard to be determined for each service.

The commissioners of the office of mental health, the office for persons with developmental disabilities, and the office of alcoholism and substance abuse services, in consultation with the commissioner of health, are authorized to waive utilization thresholds for patients of clinics certified pursuant to article 16, 31, or 32 of the mental hygiene law who are enrolled in specific treatment programs or otherwise meet criteria as may be specified by such commissioners. When applying a provider specific threshold, rates will be reduced on a prospective basis based on the amount any provider is over the determined threshold level. Patient-specific thresholds will be based on annual thresholds determined for each service over which the per visit payment for each visit in excess of the standard during a twelve month period may be reduced by a predetermined amount. The thresholds, peer based standards and the payment reductions shall be determined by the department of health, with the approval of the division of the budget, and in consultation with the office of mental health, the office for people with developmental disabilities and the office of alcoholism and substance abuse services, and any such resulting rates shall be subject to certification by the appropriate commissioners pursuant to subdivision (a) of section 43.02 of the mental hygiene law. The base period used to establish the thresholds shall be the 2009 calendar year. The total annualized reduction in payments shall be no less than $10,900,000 for Article 31 clinics, no less than $2,400,000 for Article 16 clinics, and no less than $13,250,000 for Article 32 clinics. Provided, however if this chapter provides sufficient additional funding to cover the cost of targeted medical reimbursement rate reductions enumerated in this section, then the provisions of this section shall be deemed null and void as of March 31, 2011.

Notwithstanding any inconsistent provision of law, rule or regulation to the contrary, for the period April 1, 2011 through March 31, 2013, the commissioner of health is authorized, in consultation with the commissioners of the office of mental health, office of alcoholism and substance abuse services, and office for people with developmental disabilities to: establish, in accordance with applicable federal law and regulations, standards for the provision of health

home services to enrollees with chronic conditions in the program of medical assistance for needy persons; establish payment methodologies for health home services based on factors including but not limited to the complexity of the conditions providers will be managing, the anticipated amount of patient contact needed to manage such conditions, and the health care cost savings realized by provision of health home services; establish the criteria under which such an enrollee will be designated as being eligible to receive health home services; and assign any enrollee designated as an eligible individual to a provider of health home services. Until such time as the commissioner of health obtains necessary waivers and/or approvals under the federal social security act, enrollees assigned to providers of health home services will be allowed to opt out of such services. In addition, upon enrollment an enrollee shall be offered an option of at least two providers of health home services to the extent practicable. In addition to such payments made for health home services, the commissioner of health is authorized to pay additional amounts to providers of health home services that meet process or outcome standards specified by the commissioner. Payment for such health home services and such additional payments will be made with state funds only, to the extent that such funds are appropriated therefore, until such time as federal financial participation in the costs of such services is available. The commissioner of health is authorized to submit amendments to the state plan for medical assistance and/or submit one or more applications for waivers of the federal social security act, to obtain federal financial participation in the costs of health home services. Notwithstanding any limitations imposed by section 364 - l of the social services law, the commissioner is authorized to allow entities participating in demonstration projects established pursuant to such section to provide health home services. Notwithstanding any law, rule, or regulation to the contrary, the commissioners of the department of health, the office of mental health, and the office of alcoholism and substance abuse services are authorized to jointly establish a single set of operating and reporting requirements and a single set of construction and survey requirements for entities that can demonstrate experience in the delivery of health, and mental health and/or alcohol and substance abuse services and the capacity to offer integrated delivery in each location approved by the commissioner, and meet the standards for providing and receiving payment for health home services. In establishing a single set of operating and reporting requirements and a single set of construction and survey requirements for entities described in this subdivision, the commissioners of the department of health, the office of mental health, and the office of alcoholism and substance abuse services are authorized to waive any regulatory requirements as are necessary to avoid duplication of requirements and to allow the integrated delivery of services in a rational and efficient manner. Provided, however, if this chapter appropriates sufficient additional funds to provide coverage for persons with chronic conditions under the program of medical assistance for needy persons without the savings to be achieved through the provision of health home services, then

the provisions of this paragraph shall not apply and shall be considered null and void as of March 31, 2011.

Notwithstanding any inconsistent provision of law, rule or regulation to the contrary, for the period April 1, 2011 through March 31, 2013: coverage under the Medicaid program for enteral formula therapy and nutritional supplements are limited to coverage only for nasogastric, jejunostomy, or gastrostomy tube feeding or for treatment of an inborn metabolic disorder or to address growth and developmental problems in children, or, subject to standards established by the commissioner of health, for persons with a diagnosis of HIV infection, AIDS or HIV-related illness or other diseases and conditions; coverage under the medicaid program for prescription footwear and inserts is limited to coverage only when used as an integral part of a lower limb orthotic appliance, as part of a diabetic treatment plan, or to address growth and development problems in children; coverage under the medicaid program for compression and support stockings is limited to coverage only for pregnancy or treatment of venous stasis ulcers; and the commissioner of health is authorized to require prior authorization for prescriptions of opioid analgesics in excess of four prescriptions in a thirty-day period. Provided, however, if this chapter appropriates sufficient additional funds to allow medicaid coverage of such services without imposing such limitations, then the provisions of this paragraph shall not apply and shall be considered null and void as of March 31, 2011.

Notwithstanding any inconsistent provision of law, rule or regulation to the contrary, for the period April 1, 2011 through march 31, 2013, when Medicaid eligible persons are also beneficiaries under part B of title XVIII of the federal social security act and payment under part B would exceed the amount that would be paid by Medicaid if the person were not eligible under part B or a qualified Medicare beneficiary, the amount payable under the Medicaid program shall be twenty percent of the amount of any coinsurance liability of such eligible person pursuant to federal law if they were not eligible for Medicaid or were not a qualified Medicare beneficiary, but only with respect to services covered under title eleven of article five of the social services law; provided however that amounts payable with respect to items and services covered under such title and provided to eligible persons who are also beneficiaries under part B or to qualified medicare beneficiaries by an ambulance service under the authority of an operating certificate issued pursuant to article thirty of the public health law, a psychologist licensed under article one hundred fifty-three of the education law, or a facility under the authority of an operating certificate issued pursuant to article sixteen, thirty-one or thirty-two of the mental hygiene law, and with respect to outpatient hospital and clinic items and services covered under such title and provided by a facility under the authority of an operating certificate issued pursuant to article twenty-eight of the public health law, shall not be less than the amount of any co-insurance liability of such eligible persons or such qualified medicare beneficiaries, or for which such eligible persons or such qualified medicare beneficiaries would be liable

In exercising this responsibility, the commissioners of the office of mental

health and the office of alcoholism and substance abuse services are authorized to contract, after consultation with the commissioner of health and the impacted local governmental units, with regional behavioral health organizations or other entities. Such contracts may include responsibility for: receipt, review, and determination of prior authorization requests for behavioral health care and services, consistent with criteria established or approved by the commissioners of mental health and alcoholism and substance abuse services, and authorization of appropriate care and services based on documented patient medical need.

Once designated, the commissioner of health shall make arrangements to enroll such enrollees in such plans or integrated provider systems and to pay such plans or provider systems on a capitated or other basis to manage, coordinate, and pay for behavioral and physical health medical assistance services for such enrollees.

(b) Notwithstanding any inconsistent provision of section one hundred twelve and one hundred sixty-three of the state finance law, and section one hundred forty-two of the economic development law, or any other law to the contrary, the designations of such plans and provider systems, and any resulting contracts with such plans, providers or provider systems are authorized to be entered into by such state commissioners without a competitive bid or request for proposal process, provided, however, that the department of health, the office of mental health and the office of alcoholism and substance abuse services shall post on their websites, for a period of no less than thirty days: (i) a description of the proposed services to be provided by the plans or systems; (ii) the criteria for selection of a plan or system; (iii) the period of time during which a prospective plan or system may seek selection, which shall be no less than thirty days after such information is first posted on the website; and (iv) the manner by which a prospective plan or system may seek such selection, which may include submission by electronic means. Notwithstanding any contrary provision of law, rule or regulation, for the period April 1, 2011 through March 31, 2013, the capital cost component of medicaid rates of payment for services provided by residential health care facilities may not include any payment factor for return on or return of equity, and provided further, however, that for that period no adjustment to rates of payment may be made pursuant to paragraph (d) of subdivision 20 of section 2808 of the public health law as in effect on March 31, 2011, provided, however, that if this chapter provides sufficient additional funding to cover the cost of the adjustments to the rates enumerated in this section, then provisions of this section shall be deemed null and void as of March 31, 2011.

(re. $95,500,000)

For services and expenses of the medical assistance program including other long term care services.

Notwithstanding any inconsistent provision of law or regulation to the contrary, for the period April 1, 2011 through March 31, 2013, for participating providers, meaning certified home health agencies, long term home health agencies and personal care providers with total medicaid reimbursements exceeding $50,000,000 per calendar year, every service or item within a claim submitted by a participating provider shall be reviewed and verified by a verification organization prior to submission of a claim to the department of health provided that the verification organization shall declare each service or item to be verified or unverified and provided that each participating provider shall receive and maintain reports for the verification organization which shall contain data on verified items or services including whether a service appeared on a conflict or exception report before verification and how that conflict or exception was resolved and items or services that were not verified, including conflict and exception report data for these services and provided that every service or item within a claim submitted by a participating provider shall be reviewed and verified by a verification organization prior to submission of a claim to the department of health provided that the verification organization shall declare each service or item to be verified or unverified. Provided, however, if this chapter appropriates sufficient additional funds to support participating providers of medical assistance program items subject to preclaim review otherwise provided for in the public health law, than the provisions of this section shall be deemed null and void as of March 31, 2011.

Notwithstanding any inconsistent provision of law, rule or regulation to the contrary, for the period April 1, 2011 through March 31, 2013:

1. The amount of personal care services covered by the medicaid program shall not exceed eight hours per week for individuals whose needs are limited to nutritional and environmental support functions.
2. The commissioner of health is authorized to adopt standards for the provision and management of personal care services covered by the medicaid program for individuals whose need for such services exceeds a specified level to be determined by the commissioner of health.
3. The commissioner of health is authorized to provide assistance to persons receiving personal care services covered by the medicaid program who are transitioning to receiving care from a managed long term care plan certified pursuant to section 4403-f of the public health law.
4. Provided, however, if this chapter appropriates sufficient additional funds to allow for the payment of personal care services at the level provided for in paragraph (e) of subdivision 2 of section 365-a of the social services law, then the provisions of this paragraph shall not apply and shall be considered null and void as of March 31, 2011.

Notwithstanding any inconsistent provision of law or regulation and subject to the availability of federal financial participation,

(a) for the period April 1, 2011 through March 31, 2013, rates of payment by government agencies for services provided by certified home health agencies, except for such services provided to children under eighteen years of age and other discrete groups as may be determined by the commissioner, shall reflect ceiling limitations determined in accordance with this section, provided, however, that at the discretion of the commissioner such ceilings may, as an alternative, be applied to payments for services provided for the period April 1, 2011 through March 31, 2012, except for such services provided to children and other discrete groups as may be determined by the commissioner. In determining such payments or rates of payment, agency ceilings shall be established. Such ceilings shall be applied to payments or rates of payment for certified home health agency services as established pursuant to this section and applicable regulations. Ceilings shall be based on a blend of: (i) an agency's 2009 average per patient medicaid claims, weighted at a percentage as determined by the commissioner, and; (ii) the 2009 statewide average per patient medicaid claims adjusted by a regional wage index factor and an agency patient case mix index, weighted at a percentage as determined by the commissioner. Such ceilings will be effective April 1, 2011 through March 31, 2012. An interim payment or rate of payment adjustment effective April 1, 2011, shall be applied to agencies with projected average per patient medicaid claims, as determined by the commissioner, to be over their ceilings. Such agencies shall have their payments or rates of payment reduced to reflect the amount by which such claims exceed their ceilings.

(b) Ceiling limitations determined pursuant to subdivision (a) of this section shall be subject to reconciliation. In determining payment or rate of payment adjustments based on such reconciliation,

adjusted agency ceilings shall be established. Such adjusted ceilings shall be based on a blend of: (i) an agency's 2009 average per patient medicaid claims adjusted by the percentage of increase or decrease in such agency's patient case mix from the 2009 calendar year to the annual period April 1, 2011 through March 31, 2012, weighted at a percentage as determined by the commissioner; and (ii) the 2009 statewide average per patient medicaid claims adjusted by a regional wage index factor and the agency's patient case mix index for the annual period April 1, 2011 through March 31, 2012, weighted at a percentage as determined by the commissioner. Such adjusted agency ceiling shall be compared to actual medicaid paid claims for the period April 1, 2011 through March 31, 2012. In those instances when an agency's actual per patient medicaid claims are determined to exceed the agency's adjusted ceiling, the amount of such excess shall be due from each such agency to the state and may be recouped by the department in a lump sum amount or through reductions in the medicaid payments due to the agency. In those instances where an interim payment or rate of payment adjustment was applied to an agency in accordance with paragraph (a), and such agency's actual per patient medicaid claims are determined to be less than the agency's adjusted ceiling, the amount by which such medicaid claims are less than the agency's adjusted ceiling shall be remitted to each such agency by the department in a lump sum amount or through an increase in the medicaid payments due to the agency.

(c) Interim payment or rate of payment adjustments pursuant to this section shall be based on medicaid paid claims, as determined by the commissioner, for services provided by agencies in the base year 2009. Amounts due from reconciling rate adjustments shall be based on medicaid paid claims, as determined by the commissioner, for services provided by agencies in the base year 2009 and medicaid paid claims, as determined by the commissioner, for services provided by agencies in the reconciliation period April 1, 2011 through March 31, 2012. In determining case mix, each patient shall be classified using a system based on measures which may include, but not be limited to, clinical and functional measures, as reported on the federal Outcome and Assessment Information Set (OASIS), as may be amended.

(d) The commissioner may require agencies to collect and submit any data required to implement the provisions of this section.

(e) Payments or rate of payment adjustments determined pursuant to this section shall, for the period April 1, 2011 through March 31, 2012, be retroactively reconciled utilizing the methodology in paragraph (b) of this section and utilizing actual paid claims from such period.

(f) Notwithstanding any inconsistent provision of this section, payments or rate of payment adjustments made pursuant to this section shall not result in an aggregate annual decrease in medicaid payments to providers subject to this section that is in excess of $200,000,000, as determined by the commissioner and not subject to subsequent adjustment, and the commissioner shall make such adjustments to such payments or rates of payment as are necessary to

ensure that such aggregate limits on payment decreases are not exceeded.

Notwithstanding any inconsistent provision of law or regulation and subject to the availability of federal financial participation, for the period April 1, 2012 through March 31, 2013, payments by government agencies for services provided by certified home health agencies, except for such services provided to children under eighteen years of age and other discreet groups as may be determined by the commissioner, shall be based on episodic payments. In establishing such payments, a statewide base price shall be established for each sixty day episode of care and adjusted by a regional wage index factor and an individual patient case mix index. Such episodic payments may be further adjusted for low utilization cases and to reflect a percentage limitation of the cost for high-utilization cases that exceed outlier thresholds of such payments. Episodic payments shall be based on medicaid paid claims, as determined and adjusted by the commissioner to achieve savings comparable to the prior state fiscal year, for services provided by all certified home health agencies in the base year 2009. The commissioner may require agencies to collect and submit any data required to implement this subdivision.

Notwithstanding any contrary law, rule or regulation, for the period April 1, 2011 through March 31, 2013 medicaid rates of payments for services provided by certified home health agencies, by long term home health care programs or by an AIDS home care program, to patients diagnosed with Acquired Immune Deficiency Syndrome (AIDS) shall reflect no separate payment for home care nursing services.

Notwithstanding any inconsistent provision of law, rule or regulation to the contrary, for the period April 1, 2011 through March 31, 2013:

1. The commissioner of health is authorized to submit the appropriate waivers, including but not limited to those authorized pursuant to sections eleven hundred fifteen and nineteen hundred fifteen of the federal social security act or successor provisions, and any other waivers necessary to require, on or after April first, two thousand twelve, medical assistance recipients who are twenty-one years of age or older and who require community-based long term care services, as specified by the commissioner, for more than one hundred and twenty days, to receive such services through a managed long term care plan certified pursuant to section forty-four hundred three-f of the public health law or other program model that meets guidelines specified by the commissioner that support coordination and integration of services. Such other program models may include long term home health care programs that comply with such guidelines. Copies of such original waiver applications and amendments thereto shall be provided to the chairs of the senate finance committee, the assembly ways and means committee, and the senate and assembly health committees simultaneously with their submission to the federal government.

2. With respect to persons in receipt of long term care services prior to enrollment, the guidelines shall require the managed long term care plan to contract with agencies currently providing such

services, in order to promote continuity of care. In addition, the guidelines shall require managed long term care plans to offer and cover consumer directed personal assistance services for eligible individuals who elect such services pursuant to section three hundred sixty-five-f of the social services law. The commissioner shall seek input from representatives of home and community based long term care services providers, recipients, and the Medicaid managed care advisory review panel, among others, to further evaluate and promote the transition of persons in receipt of home and community-based long term care services in to managed long term care plans and other care coordination models and to develop guidelines for such care coordination models. The guidelines shall be finalized and posted on the department's website no later than November fifteen, two thousand eleven.

3. With respect to persons required to enroll in managed long term care or other care coordination model pursuant to a waiver described in paragraph 1:

(a) Medical assistance recipients who are Native Americans shall not be required to enroll in a managed long term care plan or other care coordination model.

(b) The following medical assistance recipients shall not be eligible to participate in a managed long term care program or other care coordination model:

(i) a person who is expected to be eligible for medical assistance for less than six months, for a reason other than that the person is eligible for medical assistance only through the application of excess income toward the cost of medical care and services;

(ii) a person who is eligible for medical assistance benefits only with respect to tuberculosis-related services;

(iii) a person receiving hospice services at time of enrollment;

(iv) a person who has primary medical or health care coverage available from or under a third-party payor which may be maintained by payment, or part payment, of the premium or cost sharing amounts, when payment of such premium or cost sharing amounts would be cost-effective, as determined by the social services district;

(v) a person receiving family planning services pursuant to subparagraph eleven of paragraph (a) of subdivision one of section three hundred sixty-six of the social services law;

(vi) a person who is eligible for medical assistance pursuant to paragraph (v) of subdivision four of section three hundred sixty-six of the social services law.

(c) The following medical assistance recipients shall not be eligible to participate in a managed long term care program or other care coordination model until program features and reimbursement rates are approved by the commissioner of health and, where appropriate, the commissioner of the office for persons with developmental disabilities:

(i) a person enrolled in a managed care plan pursuant to section three hundred sixty-four-j of the social services law;

(ii) a participant in the traumatic brain injury waiver program;

(iii) a participant in the nursing home transition and diversion waiver program;

(iv) a person enrolled in the assisted living program;
(v) a person enrolled in home and community based waiver programs administered by the office for persons with developmental disabilities.
(d) Persons required to enroll in the managed long term care program or other care coordination model shall have no less than thirty days to select a managed long term care provider, and shall be provided with information to make an informed choice. Where a participant has not selected such a provider, the commissioner of health shall assign such participant to a managed long term care provider, taking into account quality, capacity and geographic accessibility.
(vii) Managed long term care provided and plans certified or other care coordination model established pursuant to this paragraph shall comply with the provisions of paragraphs (d), (i), and (t) and subparagraphs (a)(iii) and (e)(iv) of subdivision four of section three hundred sixty-four-j of the social services law.
4. An entity shall not need a designation by the majority leader of the senate, the speaker of the assembly, or the commissioner of health in order to apply for a certificate of authority as a managed long term care plan.
5. Managed long term care plans may be authorized by the department of health to cover primary care and acute care services. If a managed long term care plan does not cover primary, specialty, and acute care services, it must demonstrate a readiness and capability to coordinate such services.
6. Managed long term care enrollment applications will be processed by the department of health or its designee, and not by local departments of social services.
7. The commissioner of health is authorized to issue certificates of authority to up to seventy-five managed long term care plans. Provided, however, if this chapter appropriates sufficient additional funds to allow Medicaid payment for services on a fee-for-service basis without the savings to be achieved by requiring enrollment of Medicaid recipients in managed long term care plans or other care coordination models, and by streamlining the process for enrolling participants in managed long term care plans, then the provisions of this paragraph shall not apply and shall be considered null and void as of March 31, 2011 .....

Provided, however, if this chapter appropriates sufficient additional funds to require the commissioner of health to designate as non-preferred all of the drugs manufactured or marketed by a manufacturer with whom the commissioner has been unable to reach a manufacturer agreement, then the provisions of this paragraph shall not apply and shall be considered null and void as of March 31, 2011.

Notwithstanding any inconsistent provision of law, rule or regulation to the contrary, for the period April 1, 2011 through March 31, 2013, for those drugs which may not be dispensed without a prescription as required by section 6810 of the education law and for which payment is authorized under the medical assistance program pursuant to subdivision 2 of section 365-a of the social services law, payments for such drugs and dispensing fees shall be as follows:

In addition, if a non-preferred drug is prescribed and does not meet the criteria for approval of a non-preferred drug under subdivision 3 of section 273 of the public health law, after providing a reasonable opportunity for the prescriber to reasonably present his or her justification for prior authorization, prior authorization will be denied if the preferred drug program determines that the use of the non-preferred is not warranted. Provided, however, if this chapter appropriates sufficient additional funds to allow the medicaid program to pay for non-preferred drugs which have been prescribed but whose use the preferred drug program has determined to be unwarranted, then the provisions of this paragraph shall not apply and shall be considered null and void as of March 31, 2011.

Notwithstanding any inconsistent provision of law, rule or regulation to the contrary, for the period April 1, 2011 through March 31, 2013, the following drugs shall not be exempt from inclusion in the preferred drug program established pursuant to section 272 of the public health law: atypical anti-psychotics; anti-depressants; anti-retrovirals used in the treatment of HIV/AIDS; and anti-rejection drugs used for the treatment of organ and tissue transplants. The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the states.
