AN ACT to amend the retirement and social security law, in relation to  
allowing an eligible member of the public retirement system to obtain  
service credit for certain military service if such person has two  
years of credited service

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-  
BLY, DO ENACT AS FOLLOWS:

1     Section 1. Subdivision 3 of section 1000 of the retirement and social  
2     security law, as added by chapter 548 of the laws of 2000, is amended to  
3     read as follows:  
4     3. A member must have at least [five] TWO years of credited service  
5     (not including service granted hereunder) to be eligible to receive  
6     credit under this section.  
7     S 2. Notwithstanding any other provision of law to the contrary, none  
8     of the provisions of this act shall be subject to section 25 of the  
9     retirement and social security law.  
10    S 3. This act shall take effect immediately.

FISCAL NOTE.-- This bill would amend Chapter 548 of the laws of 2000  
to allow members who have at least two (2) years of credited service to  
purchase service credit for military service. Currently a member needs  
at least five (5) years of credited service to be eligible to purchase  
such service credit. In addition, none of the provisions of this bill  
will be subject to Section 25 of the retirement and social security law.

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets  
[ ] is old law to be omitted.

LBD00778-06-4

For members that purchase military service credit who ordinarily would not have attained five years of service credit, the additional military service credit could provide a vested retirement benefit where a retirement benefit would not have existed.

Insofar as this bill would affect the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System, there will be a cost for such members. Such cost will depend on the plan coverage, salary and age of the members who will be receiving an increased benefit.

The exact number of members who could be affected by this legislation cannot be readily determined. In all likelihood, very few members would be affected.

These costs would be shared by the State of New York and the participating employers in the ERS and the PFRS.
