2013-2014 Regular Sessions

I N S E N A T E

April 3, 2013

Introduced by Sen. AVELLA -- read twice and ordered printed, and when printed to be committed to the Committee on Elections

AN ACT to amend the election law, the tax law and the legislative law, in relation to providing for a program for clean election campaign financing and to repeal certain provisions of the election law relating to the state board of elections

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings and declarations. The legislature
2 finds and declares that the current system of privately financed
3 campaigns diminishes the meaning of the right to vote by allowing large
4 contributions to have a deleterious influence on the political process.
5 As the U.S. Supreme Court found in BUCKLEY V. VALEO, states have a
6 compelling interest "to reduce the deleterious effect of large contribu-
7 tions on our political process." The current system also violates the
8 rights of all citizens to equal and meaningful participation in the
9 democratic or political process. It diminishes the free-speech rights of
10 non-wealthy voters and candidates whose voices are muffled by those who
11 can afford to monopolize political communications. Additionally, the
12 current system fuels the public perception of conflicts of interest and
13 the domination of special money interests. That perception undermines
14 the electorate's confidence in the democratic process. It also makes it
15 very difficult for qualified candidates without access to large contribu-
16 tors or personal fortunes to mount competitive campaigns. Because it
17 places challengers at a distinct disadvantage, the system inhibits the
18 free exchange of ideas and communication with the electorate.

19 The legislature finds and declares that providing a voluntary clean
20 elections campaign finance system would enhance democracy. It would help
21 eliminate the deleterious influence of large contributions on the poli-
22 tical process, remove access to wealth as a major determinant of a citi-
23 zen's influence within the political process, and restore the meaning of

the principle of "one person, one vote." It would also help restore the rights of all citizens to equal and meaningful participation in the democratic process.

Instituting a public financing program would restore the free-speech rights of non-wealthy candidates and voters by providing candidates with resources with which to communicate ideas with the electorate. Such a system would thus help enhance the First Amendment rights of the electorate and candidates to be heard in the political process. It would help restore the core First Amendment value of open and robust debate in the political process. It would also diminish the electorate's perception of domination of special interests and strengthen the public's confidence in the democratic process and institutions. By providing for public financing, this act also addresses the genuine concern about the amount of time and effort that a candidate must devote to raising campaign funds.
