45 have been in full force and effect on and after April 1, 2011.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50: This bill
would clarify the maximum salary used for ordinary death benefit calcu-
lations for Tiers 2, 3, 4, 5 and 6 members who joined certain public
retirement systems after the effective date of Chapter 491 of the Laws
of 2011. The maximum salary used to calculate the ordinary death benefit
would be the greater of the maximum salary CURRENTLY specified in
Section 130 of the Civil Service Law or such maximum salary specified in
Section 130 PRIOR to the changes to Section 130 enacted pursuant to
Chapter 491. This bill would ensure that no members who first join a
retirement system on or after the effective date of Chapter 491 of the
Laws of 2011 would receive a reduced ordinary death benefit due to the

provisions of that enactment. This bill also states that none of the provisions of this act shall be subject to Section 25 of the Retirement and Social Security Law.

If this bill is enacted, insofar as this bill affects the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System, we anticipate that very few members would be affected, and the costs would be negligible. These costs would be borne by the state of New York and the participating employers in the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend Sections 448, 508 and 606 of the Retirement and Social Security Law to clarify the maximum salary used to calculate the paragraph 2 death benefit for Tier 2, 3, 4, 5 and 6 members of the New York State Teachers' Retirement System. The maximum salary used to calculate the paragraph 2 death benefit shall not be less than the maximum salary specified in Section 130 of the Civil Service Law, as it was added by part B of Chapter 10 of the Laws of 2008, or the maximum salary specified in Section 130 of the Civil Service Law, as thereafter amended, whichever is greater. Chapter 491 of the Laws of 2011 slightly lowered the salary limit for death benefit calculation purposes, yet the current limit is constitutionally protected for current members.

The annual cost to the employers of members of the New York State Teachers' Retirement System is estimated to be negligible if this bill is enacted.

The source of this estimate is Fiscal Note 2013-2 dated September 19, 2012 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2013 Legislative Session. I, Richard A. Young, am the Actuary for the New York State Teachers' Retirement System.
