I N S E N A T E

(PREFILED)

January 9, 2013

Introduced by Sen. KENNEDY -- read twice and ordered printed, and when printed to be committed to the Committee on Commerce, Economic Development and Small Business

AN ACT to amend the economic development law, in relation to establishing centers of workforce achievement

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative intent. The purpose of this act is to advance
2 the creation of public/private partnerships between the state university
3 of New York's community colleges and private businesses by instituting
4 the designation of centers of workforce achievement; the creation of a
5 designation of center of workforce achievement; the creation of a fund-
6 ing stream to support the creation and development of these centers of
7 workforce development and training. The designation as a center of work-
8 force achievement will allow community colleges to form collaborative
9 partnerships with regional workforce investment boards, industrial
10 development agencies, and private businesses to accurately assess the
11 gap between middle skill and high skills training and the jobs that are
12 available in each region. Many community colleges are already engaging
13 in public/private partnerships with local businesses. It is estimated
14 that up to eighty percent of community college graduates remain in the
15 area and as technologies and industries evolve, our education system
16 must also evolve to create a workforce that is equipped with the skills
17 to perform these new jobs.

18 S 2. The economic development law is amended by adding a new article
19 19-A to read as follows:
