AN ACT directing the state education department to conduct a study concerning the cost of installing hard-wired carbon monoxide detectors in schools

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The state education department shall conduct a study to examine, evaluate and make recommendations concerning the cost of installing hard-wired carbon monoxide detectors in every elementary and secondary school building within the state. Such carbon monoxide detectors shall meet the manufacture, design and installation standards established by the New York state uniform fire prevention and building code council pursuant to section three hundred seventy-eight of the executive law. The department may study the cost of installing combination smoke and carbon monoxide detectors where such detector meets the manufacture, design and installation standards established by the New York state uniform fire prevention and building code council pursuant to section three hundred seventy-eight of the executive law. The department shall also provide recommendations on optional methods of funding the installation of hard-wired carbon monoxide detectors in every elementary and secondary school building within the state.

Section 2. The state education department shall report the findings of such study to the governor and the legislature, on or before July 31, 2014.

Section 3. This act shall take effect immediately.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [ ] is old law to be omitted.
