2013-2014 Regular Sessions

IN SENATE

June 4, 2013

Introduced by Sen. RITCHIE -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the public health law, in relation to prohibiting the sale of flavored tobacco products

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings. The legislature hereby finds declares that there has been a proliferation of flavored tobacco products in recent years. Many of these products have fruit, chocolate or other flavors that are particularly attractive to children. According 5 public health experts, children are more likely to choose flavored tobacco products when they start using tobacco, and thus the existence of these products increases the incidence of tobacco use among children. 7 Moreover, the earlier that an individual begins using tobacco, the more 8 9 likely he or she will become addicted to tobacco products and will continue to use them throughout his or her lifetime. As a result, 10 flavored tobacco products result in increased tobacco use, increased 11 12 addiction, a greater incidence of tobacco-related illnesses, increased 13 health care costs, and more tobacco-related deaths. In 2009, the United 14 States Congress enacted legislation prohibiting the sale of flavored 15 cigarettes, but such action does not apply to other tobacco products. 16 legislature, therefore, finds and declares that flavored tobacco 17 products, like flavored cigarettes, present a significant threat to public health, and that the sale of flavored tobacco products must be 18 19 prohibited.

S 2. Article 13-F of the public health law is amended by adding a new section 1399-aaa to read as follows:
