I N S E N A T E

April 14, 2014

Introduced by Sen. GRISANTI -- (at request of the Attorney General) --  
read twice and ordered printed, and when printed to be committed to  
the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to  
prohibiting the manufacture, distribution and sale of personal cosmetic  
products containing microbeads

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY,  
DO ENACT AS FOLLOWS:

1 Section 1. Legislative intent. The legislature hereby finds that  
2 microbeads, a synthetic alternative ingredient to such natural materials  
3 as ground almonds, oatmeal and pumice, found in over one hundred  
4 personal cosmetic products, including facial cleansers, shampoos and  
5 toothpastes, pose a serious threat to New York's environment.

6 Microbeads have been documented to collect harmful pollutants, already  
7 present in the environment, and harm fish and other aquatic organisms  
8 that form the base of the aquatic food chain. Recently, microbeads have  
9 been recorded in New York's water bodies, and in particular, the waters  
10 of Lake Erie. Research has suggested that the majority of these micro-  
11 beads are entering water bodies through disposal down household drains  
12 following the use of such personal cosmetic products.

13 Without significant and costly improvements to the majority of New  
14 York's sewage treatment facilities, microbeads contained in personal  
15 cosmetic products will continue to pollute New York's waters and hinder  
16 the ongoing efforts to restore the state's lakes and rivers, recreation-  
17 al and commercial fisheries as well as recent substantial economic  
18 investments in redeveloping New York's waterfronts.

19 S 2. Article 37 of the environmental conservation law is amended by  
20 adding a new title 9 to read as follows:
