2 changes, AND (VII) WRITTEN COMMENTS AS MAY BE PROVIDED BY ANY LOCAL
3 SOCIAL SERVICES DISTRICT REFERENCED IN SUCH REPORT.

4 Such report shall contain no information that would identify the name
5 of the deceased child, his or her siblings, the parent or other person
6 legally responsible for the child or any other members of the child's
7 household, but shall refer instead to the case, which may be denoted in
8 any fashion determined appropriate by the department or a local social
9 services district. In making a fatality report available to the public
10 pursuant to paragraph (c) of this subdivision, the department may
11 respond to a child specific request for such report if the commissioner
12 determines that such disclosure is not contrary to the best interests of
13 the deceased child's siblings or other children in the household, pursu-

15 chapter. Except as it may apply directly to the cause of the death of
16 the child, nothing herein shall be deemed to authorize the release or

20 family.

22 SHALL FORWARD THE PROPOSED REPORT TO EACH LOCAL SOCIAL SERVICES DISTRICT
23 REFERENCED IN THE REPORT. WITHIN TWENTY DAYS THEREAFTER EACH LOCAL
24 SOCIAL SERVICES DISTRICT MAY PROVIDE WRITTEN COMMENTS WHICH THE DEPART-
25 MENT SHALL INCLUDE WITHIN THE REPORT. No later than six months from the
26 date of the death of such child, the department shall forward its report
27 to the social services district, chief county executive officer, chair-
28 person of the local legislative body of the county where the child's
29 death occurred and the social services district which had care and
30 custody or custody and guardianship of the child, if different. The
31 department shall notify the temporary president of the senate and the
32 speaker of the assembly as to the issuance of such reports and, in addi-
33 tion to the requirements of section seventeen of this chapter, shall
34 submit an annual cumulative report to the governor and the legislature
35 incorporating the data in the above reports and including appropriate
36 findings and recommendations. Such reports concerning the death of a
37 child and such cumulative reports shall immediately thereafter be made
38 available to the public after such forwarding or submittal.

39 (d) To enable the office of children and family services or a local or
40 regional fatality review team to prepare such report, the office of
41 children and family services or a local or regional fatality review team
42 may request and shall timely receive from departments, boards, bureaus
43 or other agencies of the state, or any of its political subdivisions, or
44 any duly authorized agency, or any other agency which provided assist-
45 ance, care or services to the deceased child such information as they
46 are authorized to provide.

47 S 2. This act shall take effect immediately.
