7849--A

## IN SENATE

June 13, 2014

Introduced by Sens. LANZA, MAZIARZ -- read twice and ordered printed, and when printed to be committed to the Committee on Cities -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT relating to joint bidding on contracts for public work projects and providing for the repeal of such provisions upon expiration thereof

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. This act shall only apply to a city with a population of one million or more.

- S 2. a. "Utility interference work" shall mean any work that is deemed necessary or desirable for the completion of a public work project that requires the maintenance, support, protection or other accommodation of energy, telecommunications or other private facilities or structures not publicly owned which are located within, traversing or adjacent to the construction area of such project, whether above, below or at ground level, including the removal, relocation, alteration, replacement, reconstruction or improvement of such facilities or structures.
- b. "New York city utility interference work project" shall mean any public work project within the city of New York for which the city awards a contract which includes utility interference work in such contract.
- S 3. a. Notwithstanding any general, special or local law or rule or regulation to the contrary, the city of New York may include utility interference work in any contract for a public work project, provided however that chapter 357 of the laws of 1988, known as the "gas facility cost allocation act", shall continue to apply as set forth therein. If the city of New York undertakes a New York city utility interference work project, the city shall award the contract to the lowest responsible bidder. In the event that the utility interference work is not included in the city's contract, nothing in this subdivision shall prevent the city from including provisions in its contracts requiring

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [ ] is old law to be omitted.

S. 7849--A 2

contractors to engage in alternate methods of dispute resolution regarding utility interference work. Further, nothing in this section is to be deemed to alter, modify, amend, or revoke any of the rules presently existing that govern the responsibility between the metropolitan transportation authority and the public utilities for the payment of any of the costs required for the maintenance, support, protection, or other accommodation of any energy, telecommunication, or other private facilities or structures.

- b. Notwithstanding any general, special or local law or rule or regulation to the contrary, when the city awards a contract for a New York city utility interference work project the city shall require contractors and subcontractors to have, prior to entering into such contracts, a record of maintaining harmonious labor relations, a commitment working with minority- and women-owned businesses through joint ventures subcontractor relationships, and a record of protecting the health and safety of workers on construction projects and job sites demonstrated by their experience modification rates for each of the last three years. In addition, when the city awards a contract for a New York city utility interference work project that exceeds one million dollars, the city shall require contractors and subcontractors to have, prior to entering into such contracts, apprenticeship agreements appropriate for the type and scope of work to be performed, that have been registered with and approved by the commissioner of the department of labor, and that have been in successful operation for a period of not three years.
- c. Contracts awarded pursuant to this act are contracts subject to the requirements of local law number 1 of the city of New York for the year 2013.
- d. A New York city utility interference work project shall not be subject to the provisions of this act where compliance with the provisions of this act would violate the terms or conditions of any applicable federal law or regulation.
- S 4. Notwithstanding any provisions to the contrary in this act, any Lower Manhattan redevelopment project, as defined in section 3 of chapter 259 of the laws of 2004, known as the Coordinated Construction Act for Lower Manhattan, as amended, shall be governed by such act while such act remains in effect.
- S 5. With respect to any project subject to this act involving natural gas, all employees performing such work must be certified as qualified by the federal department of transportation gas operator qualification certification for the region.
- S 6. Severability. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.
- 51 S 7. This act shall take effect immediately and shall expire and be 52 deemed repealed December 31, 2024.
