1 c. "Student growth" shall mean the change in student achievement for
2 an individual student between two or more points in time.

3 d. "State-designed supplemental assessment" shall mean a selection of
4 state tests or assessments developed or designed by the state education
5 department, or that the state education department purchased or acquired
6 from (i) another state; (ii) an institution of higher education; or

8 must be objective and may not have a conflict of interest or appearance
9 of a conflict of interest; such definition may include tests or assess-
10 ments that have been previously designed or acquired by local districts,
11 but only if the state education department significantly modifies growth

14 requirements].

15 3. Ratings. The annual evaluations conducted pursuant to this section
16 shall rate teacher and principal effectiveness using the following cate-
17 gories: highly effective or "H", effective or "E", developing or "D" and
18 ineffective or "I".

19 4. Categories. The annual evaluation system shall consist of [multiple
20 measures in two categories: student performance] TEACHER EVALUATIONS and
21 teacher observations.

22 a. [Student performance category. Such category shall have at least
23 one subcomponent and an optional second subcomponent as follows:

24 (1) For the first subcomponent, (A) for a teacher whose course ends in
25 a state-created or administered test for which there is a state-provided
26 growth model, such teacher shall have a state-provided growth score
27 based on such model, which shall take into consideration certain student
28 characteristics, as determined by the commissioner, including but not
29 limited to students with disabilities, poverty, English language learner
30 status and prior academic history and which shall identify educators
31 whose students' growth is well above or well below average compared to
32 similar students for a teacher's or principal's students after the
33 certain student characteristics above are taken into account; and (B)
34 for a teacher whose course does not end in a state-created or adminis-
35 tered test such teacher shall have a student learning objective (SLO)
36 consistent with a goal-setting process determined or developed by the
37 commissioner, that results in a student growth score; provided that, for
38 any teacher whose course ends in a state-created or administered assess-
39 ment for which there is no state-provided growth model, such assessment
40 must be used as the underlying assessment for such SLO;

41 (2) For the optional second subcomponent, a district may locally
42 select a second measure in accordance with this subparagraph. Such
43 second measure shall apply in a consistent manner, to the extent practi-
44 cable, across the district and be either: (A) a second state-provided
45 growth score on a state-created or administered test under clause (A) of
46 subparagraph one of this paragraph, or (B) a growth score based on a
47 state-designed supplemental assessment, calculated using a state-provid-
48 ed or approved growth model. The optional second subcomponent shall
49 provide options for multiple assessment measures that are aligned to
50 existing classroom and school best practices and take into consideration
51 the recommendations in the testing reduction report as required by
52 section one of subpart F of the chapter of the laws of two thousand
53 fifteen which added this section regarding the reduction of unnecessary
54 additional testing.

55 The commissioner shall determine the weights and scoring ranges for
56 the subcomponent or subcomponents of the student performance category

1 that shall result in a combined category rating. The commissioner shall
2 also set parameters for appropriate targets for student growth for both
3 subcomponents, and the department must affirmatively approve and shall
4 have the authority to disapprove or require modifications of district
5 plans that do not set appropriate growth targets, including after
6 initial approval. The commissioner shall set such weights and parameters
7 consistent with the terms contained herein.] TEACHER EVALUATION Catego-
8 ry. THE EVALUATION CATEGORY FOR TEACHERS SHALL BE BASED ON AND CREATED
9 FROM THE FINDINGS OF A COMMITTEE ESTABLISHED BY THE BOARD OF REGENTS
10 CONSISTING OF CERTIFIED EDUCATORS WHO ARE RESIDENTS OF THIS STATE
11 CREATED BY THE BOARD OF REGENTS PURSUANT TO SUBDIVISION FIVE OF THIS
12 SECTION.

13 b. Teacher observations category. The observations category for teach-
14 ers shall be based on a state-approved rubric and shall include [up to
15 three subcomponents. Such category must include: (1)] a subcomponent
16 based on classroom observations conducted by a principal or other
17 trained administrator [and must also include (2) a subcomponent based on
18 classroom observations by an impartial independent trained evaluator or
19 evaluators selected by the district. An independent trained evaluator
20 may be employed within the school district, but not the same school
21 building, as the teacher being evaluated. Such category may also include
22 a subcomponent based on classroom observations conducted by a trained
23 peer teacher rated effective or highly effective from the same school or
24 from another school in the district].

25 The [commissioner] BOARD OF REGENTS shall determine the weights,
26 and/or weighting options and scoring ranges for the subcomponents of the
27 observations category that result in a combined category rating. The
28 [commissioner] BOARD OF REGENTS shall also determine the minimum number
29 of observations to be conducted annually, including frequency and dura-
30 tion, and any parameters therefor. The [commissioner] BOARD OF REGENTS
31 shall set such weights and scores consistent with the terms contained
32 herein.
