THE OFFICE SHALL REPORT DIRECTLY TO THE GOVERNOR. THE HEAD AND STAFF OF THE OFFICE SHALL BE REFLECTIVE OF THE PEOPLE THEY SERVE AND SHALL INCLUDE LICENSED AND/OR CREDENTIALLED INDIVIDUALS WITH SUBSTANTIAL EXPERIENCE IN BRAIN INJURY REHABILITATION.

S 2741. Definitions. As used in this article:

1. "OFFICE" MEANS THE OFFICE OF BRAIN INJURY.

["Traumatic brain] 2. "BRAIN injury" means A TRAUMATIC OR an acquired injury to the brain caused by EITHER an external physical force OR INTERNAL ACTION resulting in total or partial disability or impairment and shall include but not be limited to damage to the central nervous system from anoxic/hypoxic episodes or damage to the central nervous system from allergic conditions, toxic substances and other acute medical/clinical incidents. Such term shall include, but not be limited to, open and closed brain injuries that may result in mild, moderate or severe impairments in one or more areas, including cognition, language, memory, attention, reasoning, abstract thinking, judgment, problem-solving, sensory perceptual and motor abilities, psycho-social behavior, physical functions, information processing and speech. Such term shall not include progressive dementias and other mentally impairing conditions, depression and psychiatric disorders in which there is no known or obvious central nervous system damage, neurological, metabolic and other medical conditions of chronic, congenital or degenerative nature or brain injuries induced by birth trauma.

[2] 3. "Concussion" [means a mild] OR "MILD traumatic [injury to the brain that is characterized by immediate and transient alteration of mental status and level of consciousness, resulting from mechanical force or trauma] INJURY" MEANS A COMPLEX PATHOPHYSIOLOGIC PROCESS AFFECTING THE BRAIN, INDUCED BY TRAUMATIC BIOMECHANICAL FORCES SECONDARY TO DIRECT OR INDIRECT FORCES TO THE HEAD THAT DISRUPTS THE FUNCTION OF THE BRAIN. IT RESULTS IN A CONSTELLATION OF PHYSICAL, COGNITIVE, EMOTIONAL AND/OR SLEEP RELATED SYMPTOMS, AND MAY OR MAY NOT INVOLVE A LOSS OF CONSCIOUSNESS.

S 2742. Functions, powers and duties of the [department] OFFICE. The [department] OFFICE shall have the following powers and duties:

1. to develop a comprehensive statewide program that includes medical, housing, vocational, educational, transportation, social, personal care, family support, day program services, community re-entry services, outpatient rehabilitation services and other essential services;

2. to develop outreach services to provide coordinated information regarding assistance available to persons with [traumatic] brain injury and their families;

3. to develop and maintain a clearinghouse of information on [traumatic] brain injuries and concussions, including but not limited to, resources that support the development and implementation of community-based services and rehabilitation;

4. to track the amount of and cost of services provided to persons with [traumatic] brain injury placed in out-of-state treatment settings;

5. to develop innovative educational programs on the causes and prevention of [traumatic] brain injuries and concussions, with an emphasis on outreach campaigns. Such programs and information shall include, but not be limited to, treatment and services for persons with [traumatic] brain injury and/or a concussion and their families;

6. to accept and expend any grants, awards of other funds or appropriations as may be available for these purposes, subject to limitations as to the approval of expenditures and audits as prescribed for state funds by the state finance law;

1 7. to gather and disseminate statistics and conduct investigations and
2 research relating to the causes and prevention of [traumatic] brain
3 injuries and concussions and the treatment of such injuries, including
4 the methods and procedures for rehabilitation, including from time to
5 time, such publications for distribution to appropriate scientific
6 organizations;

7 8. to contract with independent consultants to conduct assessments of
8 the needs of persons with [traumatic] brain injury;

9 9. to develop training programs for persons providing discharge plans
10 and case management; and

11 10. to develop standards for licensing or certifying residential and
12 non-residential services for persons with [traumatic] brain injury to
13 the extent that such services are not otherwise subject to the jurisdic-
14 tion of another state agency.

15 S 2743. Funding of [traumatic] brain injury services. 1. The [depart-
16 ment] OFFICE shall develop AND SUBMIT TO THE COMMISSIONER AND THE GOVER-
17 NOR, a biennial plan and priorities for the funding of services and
18 programs as authorized by this article, with emphasis on the development
19 and expansion of community-based services and programs.

20 2. Such plan shall provide for the development of services, dispersed
21 geographically to the extent feasible, which shall minimize the need for
22 out-of-state placements and promote the return of individuals currently
23 placed out-of-state to enhance family involvement and promote community
24 reintegration.

25 3. The [department] OFFICE shall, to the extent feasible, utilize
26 existing organizations with demonstrated interest and expertise in serv-
27 ing persons with [traumatic] brain injuries and shall, within funds
28 available, enter into contracts with such organizations.
