ment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2015 through March 31, 2016 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2014 that are submitted on or before January 2, 2015 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that

district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2015.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services

1 districts that the office of children and
2 family services has determined have not
3 complied with the title IV-E eligibility
4 requirements or have not taken the neces-
5 sary actions to ensure compliance with
6 such requirements including, but not
7 limited to, failing to: assess and fully
8 document all the criteria and have readily
9 available all the necessary documents to
10 establish and continue title IV-E eligi-
11 bility for all title IV-E eligible chil-
12 dren within the required time frames;
13 claim title IV-E funding only for cases
14 that meet all of the title IV-E eligibil-
15 ity criteria; and fully implement the
16 social services payment system on or
17 before April 1, 2005 for all direct and
18 voluntary agency foster care services.

19 Notwithstanding any law to the contrary, the
20 office of children and family services
21 shall impose on social services districts
22 any federal disallowance issued against
23 the state as a result of a federal title
24 IV-E secondary eligibility review regard-
25 less of the date the children may have
26 entered foster care, the date the eligi-
27 bility or payment errors occurred, or the
28 filing date of any federal claims for
29 reimbursement; provided, however, that the
30 state shall be responsible for the disal-
31 lowed costs and expenditures related to
32 the placement of children in a facility
33 operated by the office of children and
34 family services, which shall be determined
35 in the same manner as the disallowed costs
36 and expenditures for social services
37 districts other than the city of New York.
38 In order to reimburse the federal govern-
39 ment for the full amount of any disallow-
40 ance imposed on the state by the federal
41 administration for children and families
42 within the timeframes necessary to avoid
43 any potential interest payments on such
44 amount, the office of children and family
45 services is authorized to immediately
46 offset funds otherwise due to each
47 district for a pro rata share of the total
48 disallowed costs based on the percentage
49 of applicable federal title IV-E claims

1 applicable statewide title IV-E claims.
2 The amount of the offset against each
3 district will be adjusted, if necessary,
4 upon completion of the disallowance allo-
5 cation process. The final allocation of
6 the amount of any federal disallowance
7 resulting from a title IV-E secondary
8 eligibility review shall be allocated
9 among the districts so that each district
10 shall be responsible for the amount
11 attributable to each of the district's
12 children or cases that are determined by
13 the federal review to be unallowable. Each
14 district shall also be responsible for a
15 portion of the federal extrapolated disal-
16 lowance amount based on the relative error
17 rate for the district. The city of New
18 York's error rate will be based on the
19 federal sample and federal statistics. For
20 all social services districts other than
21 the city of New York, the error rate will
22 be based on a review conducted by the
23 district of a sample of children and/or
24 cases determined by the office of children
25 and family services and a re-review of a
26 sub-sample by the office of those children
27 and/or cases determined by the office. The
28 office of children and family services
29 will determine what is reasonable in
30 establishing the size of the sample and
31 sub-sample for each district. The office
32 of children and family services shall
33 notify each social services district of
34 the sample of children and/or cases from
35 the federal audit period that the social
36 services district must review. Any child
37 or case from the social services district
38 that was included in the federal sample
39 will automatically be included in the
40 social services district's review sample
41 and the determination made at the federal
42 review regarding that child or case will
43 govern for the purposes of the social
44 services district's review. The social
45 services district must complete and submit
46 the results of its review to the office of
47 children and family services within 60
48 days of receipt of the sample. The error
49 rate for the district will be based on the
50 findings of the district's review and the

5 the office of children and family services
6 shall assign an error rate to the social
7 services district based on the relative
8 percentage of the district's applicable
9 title IV-E claims for the relevant period
10 as compared to applicable statewide title
11 IV-E claims for that period and other
12 circumstances that the office of children
13 and family services may consider in order
14 to allocate 100 percent of the federal

16 family services shall apply each social
17 services district's error rate to the
18 total amount of the district's applicable
19 title IV-E claims including associated
20 administrative expenses. The resulting
21 dollar amounts for all of the social
22 services districts will be summed to
23 derive the total amount of title IV-E
24 claims deemed to be in error statewide. To
25 establish a disallowance percentage for
26 each social services district, the amount
27 of the district's title IV-E claims deemed
28 to be in error will be divided by the
29 amount of statewide title IV-E claims
30 deemed to be in error. The resulting
31 disallowance percentage for each district
32 will be applied to the entire title IV-E
33 extrapolated disallowance calculated by
34 the federal review to determine the amount
35 of the extrapolated disallowance for which
36 the district is responsible. Each district
37 will be credited for the amount already
38 disallowed for any individual children or
39 cases found to be in error during the
40 federal review. The exclusive appeal
41 rights for the review of the amount of the
42 federal disallowance assigned to each

office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, however, if the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2014.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed

on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. Any child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of the

1 social services districts will be summed to derive the total amount
2 of title IV-E claims deemed to be in error statewide. To establish a
3 disallowance percentage for each social services district, the
4 amount of the district's title IV-E claims deemed to be in error
5 will be divided by the amount of statewide title IV-E claims deemed
6 to be in error. The resulting disallowance percentage for each
7 district will be applied to the entire title IV-E extrapolated
8 disallowance calculated by the federal review to determine the
9 amount of the extrapolated disallowance for which the district is
10 responsible. Each district will be credited for the amount already
11 disallowed for any individual children or cases found to be in error
12 during the federal review. The exclusive appeal rights for the
13 review of the amount of the federal disallowance assigned to each
14 social services district shall be pursuant to article 78 of the
15 civil practice laws and rules; provided, however, that in any such
16 action all of the social services districts shall be joined as
17 necessary parties and the venue of any such action shall be in Rens-
18 selaer county. Any social services district that fails to complete
19 its sample review in the required time frames shall have no right to
20 appeal and shall not be a necessary party to any action brought by
21 another social services district.

unable to use or claim all of its allocation for such program period within the required time frames, the municipality may apply to the office of children and family services for a waiver to permit the municipality to continue to have the funds available to it for an additional one-year program period upon a showing and certification by the municipality that such funds will be used only to reimburse the municipality for eligible expenditures for eligible services provided during the period of April 1, 2014 through March 31, 2015 for which the municipality was unable to claim within the required timeframes and for non-recurring eligible services or expenses that will occur during the period April 1, 2015 through March 31, 2016. Any funds that are remaining after all such waivers have been approved may be used to provide additional reimbursement to those counties that chose to transfer funds from their detention block grants into their supervision and treatment services for juveniles programs for the April 1, 2014 through March 31, 2015 program period proportionately to the amount each such district transferred.

Notwithstanding paragraph (a) of subdivision 1 of section 529-b of the executive law or any other law to the contrary, a municipality that was eligible for a minimum funding allocation under the supervision and treatment services for juveniles program for state fiscal year 2013-14 but did not submit an application for such funds may apply to the office of children and family services for a waiver of the local share requirement for the program funds for state fiscal year 2014-15 upon a showing that the municipality has fiscal issues that significantly impact its ability to provide the required local share and that providing the program funds to the municipality without a local share will enable the municipality to implement services designed to decrease the use of detention or residential care for such youth.

Within the amounts appropriated herein, state reimbursement shall be limited to the amount of such municipality's distribution. 13 er, under the Affordable Care Act; (4)
14 reductions shall be made uniformly among
15 categories of services and geographic
16 regions of the state, to the extent prac-

6 (b) The commissioner may revise the medicaid

26 disaster, natural or otherwise, that
27 significantly increases the immediate need
28 for health care personnel in an area of

30 creates a widespread risk of exposure to a
31 serious communicable disease, or the
32 potential for such widespread risk of
33 exposure; or (iii) any other event or
34 condition determined by the commissioner
35 to constitute an imminent threat to public

40 retroactively to the extent permitted by
41 the federal centers for medicare and medi-
42 caid services.

43 In accordance with the medicaid savings

32 taken to implement any medicaid savings
33 allocation plan implemented pursuant to
34 subdivision (4) of this section, including
35 information concerning the impact of such

1 payments to local social services districts for medical assistance
2 administration claims that exceed an administrative ceiling estab-

4 Notwithstanding any inconsistent provision of law and subject to the
5 approval of the director of budget, moneys hereby appropriated may
6 be increased or decreased by transfer or interchange between these
7 appropriated amounts and appropriations of the medical assistance
8 administration program, the medical assistance program, and the

10 account used for state administration of the medical assistance
11 program may be transferred to state operations appropriations within
12 the aforementioned programs at amounts agreed upon by the commis-
13 sioner of health, and the New York state division of the budget.

14 Notwithstanding section 40 of state finance law or any other law to

16 account shall remain in full force and effect in accordance, in the
17 aggregate, with the following schedule: not more than 50 percent for

34 provided, however, such aggregate limits may be adjusted by the
35 director of the budget to account for any changes in the New York
36 state federal medical assistance percentage amount established
37 pursuant to the federal social security act, increases in provider
38 revenues, reductions in local social services district payments for
39 medical assistance administration and beginning April 1, 2012 the
40 operational costs of the New York state medical indemnity fund,

45 governmental declaration of emergency. The director of the budget,
46 in consultation with the commissioner of health, shall assess on a
47 monthly basis known and projected medicaid expenditures by category
48 of service and by geographic region, as determined by the commis-

51 determines that such expenditures are expected to cause medicaid
52 spending for such period to exceed the aggregate limit specified

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2015-16

1 herein for such period, the state medicaid director, in consultation
2 with the director of the budget and the commissioner of health,
3 shall develop a medicaid savings allocation plan to limit such
4 spending to the aggregate limit specified herein for such period.
5 Such medicaid savings allocation plan shall be designed, to reduce the
6 expenditures authorized by the appropriations herein in compliance
7 with the following guidelines: (1) reductions shall be made in
8 compliance with applicable federal law, including the provisions of
9 the Patient Protection and Affordable Care Act, Public Law No.
10 111-148, and the Health Care and Education Reconciliation Act of
11 2010, Public Law No. 111-152 (collectively "Affordable Care Act")
12 and any subsequent amendments thereto or regulations promulgated
13 thereunder; (2) reductions shall be made in a manner that complies
14 with the state medicaid plan approved by the federal centers for
15 medicare and medicaid services, provided, however, that the commis-
16 sioner of health is authorized to submit any state plan amendment or
17 seek other federal approval, including waiver authority, to imple-
18 ment the provisions of the medicaid savings allocation plan that
19 meets the other criteria set forth herein; (3) reductions shall be
20 made in a manner that maximizes federal financial participation, to
21 the extent practicable, including any federal financial partici-
22 pation that is available or is reasonably expected to become avail-
23 able, in the discretion of the commissioner, under the Affordable
24 Care Act; (4) reductions shall be made uniformly among categories of
25 services and geographic regions of the state, to the extent practi-
26 cable, and shall be made uniformly within a category of service, to
27 the extent practicable, except where the commissioner determines
28 that there are sufficient grounds for non-uniformity, including but
29 not limited to: the extent to which specific categories of services
30 contributed to department of health medicaid state funds spending in
31 excess of the limits specified herein; the need to maintain safety
32 net services in underserved communities; or the potential benefits
33 of pursuing innovative payment models contemplated by the Affordable
34 Care Act, in which case such grounds shall be set forth in the medi-
35 caid savings allocation plan; and (5) reductions shall be made in a
36 manner that does not unnecessarily create administrative burdens to
37 medicaid applicants and recipients or providers.
38 The commissioner shall seek the input of the legislature, as well as
39 organizations representing health care providers, consumers, busi-
40 nesses, workers, health insurers, and others with relevant exper-
41 tise, in developing such medicaid savings allocation plan, to the
42 extent that all or part of such plan, in the discretion of the
43 commissioner, is likely to have a material impact on the overall
44 medicaid program, particular categories of service or particular
45 geographic regions of the state.
46 (a) The commissioner shall post the medicaid savings allocation plan
47 on the department of health's website and shall provide written
48 copies of such plan to the chairs of the senate finance and the
49 assembly ways and means committees at least 30 days before the date
50 on which implementation is expected to begin.
51 (b) The commissioner may revise the medicaid savings allocation plan
52 subsequent to the provisions of notice and prior to implementation

1 but need provide a new notice pursuant to subparagraph (i) of this
2 paragraph only if the commissioner determines, in his or her
3 discretion, that such revisions materially alter the plan.
4 Notwithstanding the provisions of paragraphs (a) and (b) of this
5 subdivision, the commissioner need not seek the input described in
6 paragraph (a) of this subdivision or provide notice pursuant to
7 paragraph (b) of this paragraph if, in the discretion of the commis-
8 sioner, expedited development and implementation of a medicaid
9 savings allocation plan is necessary due to a public health emergen-
10 cy.
11 For purposes of this section, a public health emergency is defined as:
12 (i) a disaster, natural or otherwise, that significantly increases
13 the immediate need for health care personnel in an area of the
14 state; (ii) an event or condition that creates a widespread risk of
15 exposure to a serious communicable disease, or the potential for
16 such widespread risk of exposure; or (iii) any other event or condi-
17 tion determined by the commissioner to constitute an imminent threat
18 to public health.
19 Nothing in this paragraph shall be deemed to prevent all or part of
20 such medicaid savings allocation plan from taking effect retroac-
21 tively to the extent permitted by the federal centers for medicare
22 and medicaid services.
23 In accordance with the medicaid savings allocation plan, the commis-
24 sioner of the department of health shall reduce department of health
25 state funds medicaid spending by the amount of the projected over-
26 spending through, actions including, but not limited to modifying or
27 suspending reimbursement methods, including but not limited to all
28 fees, premium levels and rates of payment, notwithstanding any
29 provision of law that sets a specific amount or methodology for any
30 such payments or rates of payment; modifying medicaid program bene-
31 fits; seeking all necessary federal approvals, including, but not
32 limited to waivers, waiver amendments; and suspending time frames
33 for notice, approval or certification of rate requirements, notwith-
34 standing any provision of law, rule or regulation to the contrary,
35 including but not limited to sections 2807 and 3614 of the public
36 health law, section 18 of chapter 2 of the laws of 1988, and 18
37 NYCRR 505.14(h).
38 The department of health shall prepare a monthly report that sets
39 forth: (a) known and projected department of health medicaid expend-
40 itures as described in subdivision (1) of this section, and factors
41 that could result in medicaid disbursements for the relevant state
42 fiscal year to exceed the projected department of health state funds
43 disbursements in the enacted budget financial plan pursuant to
44 subdivision 3 of section 23 of the state finance law, including
45 spending increases or decreases due to: enrollment fluctuations,
46 rate changes, utilization changes, MRT investments, and shift of
47 beneficiaries to managed care; and variations in offline medicaid
48 payments; and (b) the actions taken to implement any medicaid
49 savings allocation plan implemented pursuant to subdivision (4) of
50 this section, including information concerning the impact of such

2 General Fund

3 Local Assistance Account - 10000

4 The appropriation made by chapter 54, section 1, of the laws of 2014, is
5 hereby amended and reappropriated to read:

6 For the medical assistance program, including administrative expenses,
7 for local social services districts, and for medical care rates for
8 authorized child care agencies.

9 Notwithstanding section 40 of state finance law or any other law to
10 the contrary, all medical assistance appropriations made from this
11 account shall remain in full force and effect in accordance, in the
12 aggregate, with the following schedule: not more than 49 percent for
13 the period April 1, 2014 to March 31, 2015; and the remaining amount
14 for the period April 1, 2015 to [March 31] SEPTEMBER 15, 2016.

15 Notwithstanding section 40 of the state finance law or any provision
16 of law to the contrary, subject to federal approval, department of
17 health state funds medicaid spending, excluding payments for medical
18 services provided at state facilities operated by the office of
19 mental health, the office for people with developmental disabilities
20 and the office of alcoholism and substance abuse services and
21 further excluding any payments which are not appropriated within the
22 department of health, in the aggregate, for the period April 1, 2014
23 through March 31, 2015, shall not exceed \$17,082,871,000 except as
24 provided below and state share medicaid spending, in the aggregate,
25 for the period April 1, 2015 through [March 31] SEPTEMBER 15, 2016,
26 shall not exceed \$17,937,867,000, but in no event shall department
27 of health state funds medicaid spending for the period April 1, 2014
28 through [March 31] SEPTEMBER 15, 2016 exceed \$35,020,738,000
29 provided, however, such aggregate limits may be adjusted by the
30 director of the budget to account for any changes in the New York
31 state federal medical assistance percentage amount established
32 pursuant to the federal social security act, increases in provider
33 revenues, reductions in local social services district payments for
34 medical assistance administration and beginning April 1, 2012 the
35 operational costs of the New York state medical indemnity fund,
36 pursuant to a chapter establishing such fund. Such projections may
37 be adjusted by the director of the budget to account for increased
38 or expedited department of health state funds medicaid expenditures
39 as a result of a natural or other type of disaster, including a
40 governmental declaration of emergency. The director of the budget,
41 in consultation with the commissioner of health, shall assess on a
42 monthly basis known and projected medicaid expenditures by category
43 of service and by geographic region, as defined by the commissioner,
44 incurred both prior to and subsequent to such assessment for each
45 such period, and if the director of the budget determines that such
46 expenditures are expected to cause medicaid spending for such period
47 to exceed the aggregate limit specified herein for such period, the
48 state medicaid director, in consultation with the director of the
49 budget and the commissioner of health, shall develop a medicaid

1 savings allocation plan to limit such spending to the aggregate
2 limit specified herein for such period.

3 Such medicaid savings allocation plan shall be designed, to reduce the
4 expenditures authorized by the appropriations herein in compliance
5 with the following guidelines: (1) reductions shall be made in
6 compliance with applicable federal law, including the provisions of
7 the Patient Protection and Affordable Care Act, Public Law No.
8 111-148, and the Health Care and Education Reconciliation Act of
9 2010, Public Law No. 111-152 (collectively "Affordable Care Act")
10 and any subsequent amendments thereto or regulations promulgated
11 thereunder; (2) reductions shall be made in a manner that complies
12 with the state medicaid plan approved by the federal centers for
13 medicare and medicaid services, provided, however, that the commis-
14 sioner of health is authorized to submit any state plan amendment or
15 seek other federal approval, including waiver authority, to imple-
16 ment the provisions of the medicaid savings allocation plan that
17 meets the other criteria set forth herein; (3) reductions shall be
18 made in a manner that maximizes federal financial participation, to
19 the extent practicable, including any federal financial partic-
20 ipation that is available or is reasonably expected to become avail-
21 able, in the discretion of the commissioner, under the Affordable
22 Care Act; (4) reductions shall be made uniformly among categories of
23 services and geographic regions of the state, to the extent practi-
24 cable, and shall be made uniformly within a category of service, to
25 the extent practicable, except where the commissioner determines
26 that there are sufficient grounds for non-uniformity, including but
27 not limited to: the extent to which specific categories of services
28 contributed to department of health medicaid state funds spending in
29 excess of the limits specified herein; the need to maintain safety
30 net services in underserved communities; or the potential benefits
31 of pursuing innovative payment models contemplated by the Affordable
32 Care Act, in which case such grounds shall be set forth in the medi-
33 caid savings allocation plan; and (5) reductions shall be made in a
34 manner that does not unnecessarily create administrative burdens to
35 medicaid applicants and recipients or providers.

36 The commissioner shall seek the input of the legislature, as well as
37 organizations representing health care providers, consumers, busi-
38 nesses, workers, health insurers, and others with relevant exper-
39 tise, in developing such medicaid savings allocation plan, to the
40 extent that all or part of such plan, in the discretion of the
41 commissioner, is likely to have a material impact on the overall
42 medicaid program, particular categories of service or particular
43 geographic regions of the states.

44 (a) The commissioner shall post the medicaid savings allocation plan
45 on the department of health's website and shall provide written
46 copies of such plan to the chairs of the senate finance and the
47 assembly ways and means committees at least 30 days before the date
48 on which implementation is expected to begin.

49 (b) The commissioner may revise the medicaid savings allocation plan

51 but need provide a new notice pursuant to subparagraph (i) of this

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2015-16

paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan. Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this paragraph if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying or discontinuing medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision 1 of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision 4 of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and

7 The appropriation made by chapter 53, section 1, of the laws of 2014, is
8 hereby amended and reappropriated to read:

9 Notwithstanding section 40 of state finance law or any other law to
10 the contrary, all medical assistance appropriations made from this
11 account shall remain in full force and effect in accordance, in the
12 aggregate, with the following schedule: not more than 50 percent for
13 the period April 1, 2014 to March 31, 2015; and the remaining amount

15 Notwithstanding section 40 of the state finance law or any provision
16 of law to the contrary, subject to federal approval, department of

21 further excluding any payments which are not appropriated within the
22 department of health, in the aggregate, for the period April 1, 2014
23 through March 31, 2015, shall not exceed \$17,082,871,000 except as
24 provided below and state share medicaid spending, in the aggregate,
25 for the period April 1, 2015 through [March 31] SEPTEMBER 15, 2016,
26 shall not exceed \$17,937,867,000, but in no event shall department
27 of health state funds medicaid spending for the period April 1, 2014
28 through [March 31] SEPTEMBER 15, 2016 exceed \$35,020,738,000
29 provided, however, such aggregate limits may be adjusted by the
30 director of the budget to account for any changes in the New York
31 state federal medical assistance percentage amount established
32 pursuant to the federal social security act, increases in provider
33 revenues, reductions in local social services district payments for
34 medical assistance administration and beginning April 1, 2012 the
35 operational costs of the New York state medical indemnity fund,
36 pursuant to a chapter establishing such fund. Such projections may
37 be adjusted by the director of the budget to account for increased
38 or expedited department of health state funds medicaid expenditures
39 as a result of a natural or other type of disaster, including a
40 governmental declaration of emergency. The director of the budget,
41 in consultation with the commissioner of health, shall assess on
42 monthly basis known and projected medicaid expenditures by category
43 of service and by geographic region, as determined by the commis-
44 sioner of health, incurred both prior to and subsequent to such
45 assessment for each such period, and if the director of the budget
46 determines that such expenditures are expected to cause medicaid
47 spending for such period to exceed the aggregate limit specified
48 herein for such period, the state medicaid director, in consultation
49 with the director of the budget and the commissioner of health,

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2015-16

1 shall develop a medicaid savings allocation plan to limit such
2 spending to the aggregate limit specified herein for such period.
3 Such medicaid savings allocation plan shall be designed, to reduce the
4 expenditures authorized by the appropriations herein in compliance
5 with the following guidelines: (1) reductions shall be made in
6 compliance with applicable federal law, including the provisions of
7 the Patient Protection and Affordable Care Act, Public Law No.
8 111-148, and the Health Care and Education Reconciliation Act of
9 2010, Public Law No. 111-152 (collectively "Affordable Care Act")
10 and any subsequent amendments thereto or regulations promulgated
11 thereunder; (2) reductions shall be made in a manner that complies
12 with the state medicaid plan approved by the federal centers for
13 medicare and medicaid services, provided, however, that the commis-
14 sioner of health is authorized to submit any state plan amendment or
15 seek other federal approval, including waiver authority, to imple-
16 ment the provisions of the medicaid savings allocation plan that
17 meets the other criteria set forth herein; (3) reductions shall be
18 made in a manner that maximizes federal financial participation, to
19 the extent practicable, including any federal financial partic-
20 ipation that is available or is reasonably expected to become avail-
21 able, in the discretion of the commissioner, under the Affordable
22 Care Act; (4) reductions shall be made uniformly among categories of
23 services and geographic regions of the state, to the extent practi-
24 cable, and shall be made uniformly within a category of service, to
25 the extent practicable, except where the commissioner determines
26 that there are sufficient grounds for non-uniformity, including but
27 not limited to: the extent to which specific categories of services
28 contributed to department of health medicaid state funds spending in
29 excess of the limits specified herein; the need to maintain safety
30 net services in underserved communities; or the potential benefits
31 of pursuing innovative payment models contemplated by the Affordable
32 Care Act, in which case such grounds shall be set forth in the medi-
33 caid savings allocation plan; and (5) reductions shall be made in a
34 manner that does not unnecessarily create administrative burdens to
35 medicaid applicants and recipients or providers.

36 The commissioner shall seek the input of the legislature, as well as
37 organizations representing health care providers, consumers, busi-
38 nesses, workers, health insurers, and others with relevant exper-
39 tise, in developing such medicaid savings allocation plan, to the
40 extent that all or part of such plan, in the discretion of the
41 commissioner, is likely to have a material impact on the overall
42 medicaid program, particular categories of service or particular
43 geographic regions of the state.

44 (a) The commissioner shall post the medicaid savings allocation plan
45 on the department of health's website and shall provide written
46 copies of such plan to the chairs of the senate finance and the
47 assembly ways and means committees at least 30 days before the date
48 on which implementation is expected to begin.

49 (b) The commissioner may revise the medicaid savings allocation plan

2 discretion, that such revisions materially alter the plan.
3 Notwithstanding the provisions of paragraphs (a) and (b) of this
4 subdivision, the commissioner need not seek the input described in
5 paragraph (a) of this subdivision or provide notice pursuant to
6 paragraph (b) of this paragraph if, in the discretion of the commis-
7 sioner, expedited development and implementation of a medicaid
8 savings allocation plan is necessary due to a public health emergen-
9 cy.

10 For purposes of this section, a public health emergency is defined as:
11 (i) a disaster, natural or otherwise, that significantly increases
12 the immediate need for health care personnel in an area of the
13 state; (ii) an event or condition that creates a widespread risk of
14 exposure to a serious communicable disease, or the potential for
15 such widespread risk of exposure; or (iii) any other event or condi-
16 tion determined by the commissioner to constitute an imminent threat
17 to public health.

18 Nothing in this paragraph shall be deemed to prevent all or part of
19 such medicaid savings allocation plan from taking effect retroac-
20 tively to the extent permitted by the federal centers for medicare
21 and medicaid services.

22 In accordance with the medicaid savings allocation plan, the commis-
23 sioner of the department of health shall reduce department of health
24 state funds medicaid spending by the amount of the projected over-
25 spending through, actions including, but not limited to modifying or
26 suspending reimbursement methods, including but not limited to all
27 fees, premium levels and rates of payment, notwithstanding any
28 provision of law that sets a specific amount or methodology for any
29 such payments or rates of payment; modifying medicaid program bene-
30 fits; seeking all necessary federal approvals, including, but not
31 limited to waivers, waiver amendments; and suspending time frames
32 for notice, approval or certification of rate requirements, notwith-

35 health law, section 18 of chapter 2 of the laws of 1988, and 18
36 NYCRR 505.14(h). The department of health shall prepare a monthly
37 report that sets forth: (a) known and projected department of health
38 medicaid expenditures as described in subdivision 1 of this section,
39 and factors that could result in medicaid disbursements for the
40 relevant state fiscal year to exceed the projected department of
41 health state funds disbursements in the enacted budget financial
42 plan pursuant to subdivision 3 of section 23 of the state finance
43 law, including spending increases or decreases due to: enrollment
44 fluctuations, rate changes, utilization changes, MRT investments,

46 offline medicaid payments; and (b) the actions taken to implement
47 any medicaid savings allocation plan implemented pursuant to subdi-
48 vision 4 of this section, including information concerning the

Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

6 The appropriation made by chapter 53, section 1, of the laws of 2014, is
7 hereby amended and reappropriated to read:

8 Notwithstanding section 40 of state finance law or any other law to
9 the contrary, all medical assistance appropriations made from this
10 account shall remain in full force and effect in accordance, in the
11 aggregate, with the following schedule: not more than 50 percent for
12 the period April 1, 2014 to March 31, 2015; and the remaining amount
13 for the period April 1, 2015 to [March 31] SEPTEMBER 15, 2016.

14 Notwithstanding section 40 of the state finance law or any provision
15 of law to the contrary, subject to federal approval, department of
16 health state funds medicaid spending, excluding payments for medical
17 services provided at state facilities operated by the office of
18 mental health, the office for people with developmental disabilities
19 and the office of alcoholism and substance abuse services and
20 further excluding any payments which are not appropriated within the
21 department of health, in the aggregate, for the period April 1, 2014
22 through March 31, 2015, shall not exceed \$17,082,871,000 except as
23 provided below and state share medicaid spending, in the aggregate,
24 for the period April 1, 2015 through [March 31] SEPTEMBER 15, 2016,
25 shall not exceed \$17,937,867,000, but in no event shall department
26 of health state funds medicaid spending for the period April 1, 2014
27 through [March 31] SEPTEMBER 15, 2016 exceed \$35,020,738,000
28 provided, however, such aggregate limits may be adjusted by the
29 director of the budget to account for any changes in the New York
30 state federal medical assistance percentage amount established
31 pursuant to the federal social security act, increases in provider
32 revenues, reductions in local social services district payments for
33 medical assistance administration and beginning April 1, 2012 the
34 operational costs of the New York state medical indemnity fund,
35 pursuant to a chapter establishing such fund. Such projections may
36 be adjusted by the director of the budget to account for increased
37 or expedited department of health state funds medicaid expenditures
38 as a result of a natural or other type of disaster, including a
39 governmental declaration of emergency. The director of the budget,
40 in consultation with the commissioner of health, shall assess on
41 monthly basis known and projected medicaid expenditures by category
42 of service and by geographic region, as determined by the commis-
43 sioner of health, incurred both prior to and subsequent to such
44 assessment for each such period, and if the director of the budget
45 determines that such expenditures are expected to cause medicaid
46 spending for such period to exceed the aggregate limit specified
47 herein for such period, the state medicaid director, in consultation
48 with the director of the budget and the commissioner of health,
49 shall develop a medicaid savings allocation plan to limit such
50 spending to the aggregate limit specified herein for such period.

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2015-16

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but need provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2015-16

1 Notwithstanding the provisions of paragraphs (a) and (b) of this
2 subdivision, the commissioner need not seek the input described in
3 paragraph (a) of this subdivision or provide notice pursuant to
4 paragraph (b) of this paragraph if, in the discretion of the commis-
5 sioner, expedited development and implementation of a medicaid
6 savings allocation plan is necessary due to a public health emergen-
7 cy.

8 For purposes of this section, a public health emergency is defined as:

9 (i) a disaster, natural or otherwise, that significantly increases
10 the immediate need for health care personnel in an area of the
11 state; (ii) an event or condition that creates a widespread risk of
12 exposure to a serious communicable disease, or the potential for
13 such widespread risk of exposure; or (iii) any other event or condi-
14 tion determined by the commissioner to constitute an imminent threat
15 to public health.

16 Nothing in this paragraph shall be deemed to prevent all or part of
17 such medicaid savings allocation plan from taking effect retroac-
18 tively to the extent permitted by the federal centers for medicare
19 and medicaid services.

20 In accordance with the medicaid savings allocation plan, the commis-
21 sioner of the department of health shall reduce department of health
22 state funds medicaid spending by the amount of the projected over-
23 spending through, actions including, but not limited to modifying or
24 suspending reimbursement methods, including but not limited to all
25 fees, premium levels and rates of payment, notwithstanding any
26 provision of law that sets a specific amount or methodology for any
27 such payments or rates of payment; modifying medicaid program bene-
28 fits; seeking all necessary federal approvals, including, but not
29 limited to waivers, waiver amendments; and suspending time frames
30 for notice, approval or certification of rate requirements, notwith-
31 standing any provision of law, rule or regulation to the contrary,
32 including but not limited to sections 2807 and 3614 of the public
33 health law, section 18 of chapter 2 of the laws of 1988, and 18
34 NYCRR 505.14(h).

35 The department of health shall prepare a monthly report that sets
36 forth: (a) known and projected department of health medicaid expend-
37 itures as described in subdivision 1 of this section, and factors
38 that could result in medicaid disbursements for the relevant state
39 fiscal year to exceed the projected department of health state funds
40 disbursements in the enacted budget financial plan pursuant to
41 subdivision 3 of section 23 of the state finance law, including
42 spending increases or decreases due to: enrollment fluctuations,
43 rate changes, utilization changes, MRT investments, and shift of
44 beneficiaries to managed care; and variations in offline medicaid
45 payments; and (b) the actions taken to implement any medicaid
46 savings allocation plan implemented pursuant to subdivision 4 of
47 this section, including information concerning the impact of such
48 actions on each category of service and each geographic region of
49 the state. Each such monthly report shall be provided to the chairs
50 of the senate finance and the assembly ways and means committees and
51 shall be posted on the department of health's website in a timely
52 manner.
