4 effort, comply with the minority [and women-owned], WOMEN AND
5 VETERAN-OWNED business enterprise participation requirements set forth
6 in a particular state contract, a contractor may file a written applica-
7 tion with the contracting agency requesting a partial or total waiver of
8 such requirements setting forth the reasons for such contractor's
9 inability to meet any or all of the participation requirements together
10 with an explanation of the efforts undertaken by the contractor to
11 obtain the required minority [and women-owned], WOMEN AND VETERAN-OWNED
12 business enterprise participation. In implementing the provisions of
13 this section, the contracting agency shall consider the number and types
14 of minority [and women-owned], WOMEN AND VETERAN-OWNED business enter-
15 prises located in the region in which the state contract is to be
16 performed, the total dollar value of the state contract, the scope of
17 work to be performed and the project size and term. If, based on such
18 considerations, the contracting agency determines there is not a reason-
19 able availability of contractors on the list of certified [business]
20 BUSINESSES to furnish services for the project, it shall issue a waiver
21 of compliance to the contractor. In making such determination, the
22 contracting agency shall first consider the availability of other busi-
23 ness enterprises located in the region and shall thereafter consider the
24 financial ability of minority [and women-owned], WOMEN AND VETERAN-OWNED
25 businesses located outside the region in which the contract is to be
26 performed to perform the state contract.

27 7. For purposes of determining a contractor's good faith effort to
28 comply with the requirements of this section or to be entitled to a
29 waiver therefrom the contracting agency shall consider:

30 (a) whether the contractor has advertised in general circulation
31 media, trade association publications, and [minority-focus and women-fo-
32 cus] MINORITY-FOCUSED, WOMEN-FOCUSED AND VETERAN-FOCUSED media and, in
33 such event, (i) whether or not certified minority [or women-owned],
34 WOMEN OR VETERAN-OWNED businesses which have been solicited by the
35 contractor exhibited interest in submitting proposals for a particular
36 project by attending a pre-bid conference; and

37 (ii) whether certified businesses which have been solicited by the
38 contractor have responded in a timely fashion to the contractor's solici-
39 tations for timely competitive bid quotations prior to the contracting
40 agency's bid date; and

41 (b) whether there has been written notification to appropriate certi-
42 fied businesses that appear in the directory of certified businesses
43 prepared pursuant to paragraph (f) of subdivision three of section three
44 hundred eleven of this article; and

45 (c) whether the contractor can reasonably structure the amount of work
46 to be performed under subcontracts in order to increase the likelihood
47 of participation by certified businesses.

48 8. In the event that a contracting agency fails or refuses to issue a
49 waiver to a contractor as requested within twenty days after having made
50 application therefor pursuant to subdivision six of this section or if
51 the contracting agency denies such application, in whole or in part, the
52 contractor may file a complaint with the director pursuant to section
53 three hundred sixteen of this article setting forth the facts and
54 circumstances giving rise to the contractor's complaint together with a
55 demand for relief. The contractor shall serve a copy of such complaint
56 upon the contracting agency by personal service or by certified mail,

1 return receipt requested. The contracting agency shall be afforded an
2 opportunity to respond to such complaint in writing.

3 9. If, after the review of a contractor's minority [and women owned],
4 WOMEN AND VETERAN-OWNED business utilization plan or review of a period-
5 ic compliance report and after such contractor has been afforded an
6 opportunity to respond to a notice of deficiency issued by the contract-
7 ing agency in connection therewith, it appears that a contractor is
8 failing or refusing to comply with the minority [and women-owned], WOMEN
9 AND VETERAN-OWNED business participation requirements as set forth in
10 the state contract and where no waiver from such requirements has been
11 granted, the contracting agency may file a written complaint with the
12 director pursuant to section three hundred sixteen of this article
13 setting forth the facts and circumstances giving rise to the contracting
14 agency's complaint together with a demand for relief. The contracting
15 agency shall serve a copy of such complaint upon the contractor by
16 personal service or by certified mail, return receipt requested. The
17 contractor shall be afforded an opportunity to respond to such complaint
18 in writing.

19 S 8. Section 313-a of the executive law, as added by chapter 175 of
20 the laws of 2010, is amended to read as follows:

21 S 313-a. Diversity practices of state contractors. The director shall
22 promulgate rules and regulations setting forth measures and procedures
23 to require all contracting agencies, where practicable, feasible and
24 appropriate, to assess the diversity practices of contractors submitting
25 bids or proposals in connection with the award of a state contract. Such
26 rules and regulations shall take into account: the nature of the labor,
27 services, supplies, equipment or materials being procured by the state
28 agency; the method of procurement required to be used by a state agency
29 to award the contract and minority [and women-owned], WOMEN AND VETER-
30 AN-OWNED business utilization plans required to be submitted pursuant to
31 sections three hundred twelve and three hundred thirteen of this arti-
32 cle; and such other factors as the director deems appropriate or neces-
33 sary to promote the award of state contracts to contractors having sound
34 diversity practices. Such assessment shall not in any way permit the
35 automatic rejection of a bid or procurement contract proposal based on
36 lack of adherence to diversity practices. Each bid or proposal shall be
37 analyzed on an individual per bid or per proposal basis with the
38 contractor's diversity practices considered as only a part of a wider
39 consideration of several factors when deciding to award or decline to
40 award a bid or proposal. The director shall develop the rules and regu-
41 lations required hereunder only after consultation with the state
42 procurement council established by section one hundred sixty-one of the
43 state finance law.

44 S 9. Subdivisions 2 and 2-a of section 314 of the executive law,
45 subdivision 2 as added by chapter 261 of the laws of 1988 and subdivi-

54 update the directory.

55 2-a. (a) The director shall establish a procedure enabling the office
56 to accept New York municipal corporation certification verification for

minority [and women-owned], WOMEN AND VETERAN-OWNED business enterprise applicants in lieu of requiring the applicant to complete the state certification process. The director shall promulgate rules and regulations to set forth criteria for the acceptance of municipal corporation certification. All eligible municipal corporation certifications shall require business enterprises seeking certification to meet the following standards:

(vi) be owned by an individual or individuals, whose ownership, control and operation are relied upon for certification, with a personal net worth that does not exceed three million five hundred thousand dollars, as adjusted annually for inflation according to the consumer price index; and

(vii) be an enterprise that is a small business pursuant to subdivision twenty of section three hundred ten of this article.

(b) The director shall work with all municipal corporations that have a municipal minority [and women-owned], WOMEN AND VETERAN-OWNED business enterprise program to develop standards to accept state certification to meet the municipal corporation minority [and women-owned], WOMEN AND VETERAN-OWNED business enterprise certification standards.

(c) The director shall establish a procedure enabling the division to accept federal certification verification for minority [and women-owned], WOMEN AND VETERAN-OWNED business enterprise applicants, provided said standards comport with those required by the state minority [and women-owned], WOMEN AND VETERAN-OWNED business program, in lieu of requiring the applicant to complete the state certification process. The director shall promulgate rules and regulations to set forth criteria for the acceptance of federal certification.

47 the agency has complied with each element of the plan.

48 7. If it is determined by the director that any agency has failed to
49 act in good faith to implement the remedial action plan, pursuant to
50 subdivision six of this section within one year, the director shall
51 provide written notice of such a finding, which shall be publicly avail-

42 which has erected and continues to maintain barriers that unreasonably
43 impair access by minority [and women-owned], WOMEN AND VETERAN-OWNED
44 business enterprises to state contract opportunities.

45 Recent reviews and analyses of contracting in New York, including the
46 study by the division of minority [and], women's AND VETERANS' business
47 development of the department of economic development entitled "Opportu-

51 sufficient to justify race and sex conscious remedies. For the purpose
52 of furthering the state's compelling interest in eradicating the effects
53 of racial and sexual discrimination therefore, it is necessary and prop-

17 opportunities to partner or subcontract with certified MBES, WBES, VBES
18 and EBES.

19 (7) The division shall develop standardized forms and reporting docu-
20 ments for agencies and contractors to facilitate the reporting require-
21 ments of this section.

22 (8) The division shall direct and assist agencies in their efforts to
23 increase participation by MBES, WBES, VBES and EBES in any city-operated
24 financial, technical, and management assistance program.

25 (9) The division shall study and recommend to the commissioner methods
26 to streamline the M/WBE, VBE and EBE certification process.

27 (10) Each fiscal year the division, in consultation with the city
28 chief procurement officer, shall audit at least 5% of all open contracts
29 for which contractor utilization plans have been established in accord-
30 ance with subdivision i of this section and 5% of all contracts awarded
31 to MBES, WBES, VBES, and EBES to assess compliance with this section.
32 All solicitations for contracts for which contractor utilization plans
33 are to be established shall include notice of potential audit.

34 (11) The division shall assist agencies in identifying and seeking
35 ways to reduce or eliminate practices such as bonding requirements or
36 delays in payment by prime contractors that may present barriers to
37 competition by MBES, WBES, VBES and EBES.

38 (12) The division shall encourage prime contractors to enter joint
39 venture agreements with MBES, WBES, VBES and EBES.

40 (13) (a) The division shall, upon reviewing applications for certifi-
41 cation and recertification, determine whether a firm qualifies as a
42 graduate MBE, WBE, VBE or EBE.

43 (b) The division shall promulgate regulations establishing a process
44 by which a certified MBE, WBE, VBE or EBE may challenge a determination
45 that it qualifies as a graduate MBE, WBE, VBE or EBE.

46 (c) At any time more than two years after the division has determined
47 that a firm qualifies as a graduate MBE, WBE, VBE or EBE, the firm may
48 apply to have such designation lifted. The division shall lift the
49 designation if the firm demonstrates that it has been below the size
50 standards established by the United States small business administration
51 for its industry for a period of two years or more.

52 f. Responsibilities of agency M/WBE AND VBE officers. Each agency head
53 shall designate a deputy commissioner or other executive officer to act
54 as the agency M/WBE AND VBE officer who shall be directly accountable to
55 the agency head concerning the activities of the agency in carrying out
56 its responsibilities pursuant to this section, including the responsi-

bilities relating to EBE participation. The duties of the M/WBE AND VBE officer shall include, but not be limited to:

(1) creating the agency's utilization plan in accordance with subdivision g of this section;

(2) acting as the agency's liaison with the division;

(3) acting as a liaison with organizations and/or associations of MBES, WBES, VBES and EBES, informing such organizations and/or associations of the agency's procurement procedures, and advising them of future procurement opportunities;

(4) ensuring that agency bid solicitations and requests for proposals are sent to MBES, WBES, VBES and EBES in a timely manner, consistent with this section and rules of the procurement policy board;

(5) referring MBES, WBES, VBES and EBES to technical assistance services available from agencies and other organizations;

(6) reviewing requests for waivers and/or modifications of participation goals and contractor utilization plans in accordance with paragraphs 11 and/or 12 of subdivision i of this section;

(7) working with the division and city chief procurement officer in creating directories as required pursuant to subdivision k of this section. In fulfilling this duty, the agency M/WBE AND VBE officer shall track and record each contractor that is an MBE, WBE, VBE or EBE and each subcontractor hired pursuant to such officer's agency contracts that is an MBE, WBE, VBE or EBE, and shall share such information with the director, the commissioner, and the city chief procurement officer;

(8) for contracts for which contractor utilization plans have been established pursuant to subdivision i of this section, monitoring each contractor's compliance with its utilization plan by appropriate means, which shall include, but need not be limited to, job site inspections, contacting MBES, WBES, VBES and EBES identified in the plan to confirm their participation, and auditing the contractor's books and records;

(9) monitoring the agency's procurement activities to ensure compliance with its agency utilization plan and progress towards the participation goals as established in such plan;

(10) providing to the city chief procurement officer information for the reports required in subdivision l of this section and providing any other plans and/or reports required pursuant to this section or requested by the director and/or the city chief procurement officer; and

(11) participating in meetings required pursuant to subdivision m of this section.

g. Agency utilization plans.

(1) Beginning May 15, 2006, and on April 1 of each year thereafter, each agency which, during the fiscal year which ended on June 30 of the preceding year, has made procurements in excess of five million dollars, without counting procurements that are exempt pursuant to paragraph two of subdivision q of this section, shall submit an agency utilization plan for the fiscal year commencing in July of the year when such plan is to be submitted to the commissioner. Upon approval by the commissioner such plan shall be submitted to the speaker of the council. Each such plan shall, at a minimum, include the following:

(a) the agency's participation goals for MBES, WBES, VBES and EBES for the year, provided however, that when setting its goals, each agency shall consider the citywide goals, the size and nature of its own procurement portfolio (excluding contracts described in paragraph two of subdivision q of this section), and the availability of MBES, WBES, VBES and EBES with the capacity to perform the specific types and scale of

work for which the agency anticipates it will solicit procurements during the year;

(b) an explanation for any agency goal that is different than the participation goal for the relevant group and industry classification as determined pursuant to subdivision d of this section;

(c) a list of the names and titles of agency personnel responsible for implementation of the agency utilization plan;

(d) methods and relevant activities proposed for achieving the agency's participation goals; and

(e) any other information which the agency or the commissioner deems relevant or necessary.

(2) An agency utilization plan shall set forth specific participation goals for MBEs, WBEs, VBES and/or EBES for purchases of professional services, standard services, construction and goods valued at or below twenty thousand dollars, and for purchases of professional services, standard services, construction and goods valued at or below one hundred thousand dollars. When setting its goals for such purchases, in addition to the factors set forth in paragraph (1) of this subdivision, each agency shall specifically consider the potential for such purchases to provide opportunities for MBEs, WBEs, VBES and EBES to develop greater capacity, thereby increasing competition for city procurements.

(3) An agency utilization plan may be amended from time to time to reflect changes in the agency's projected expenditures or other relevant circumstances and resulting changes in such agency's participation goals. Such amendments shall be submitted to the commissioner, the city chief procurement officer and the speaker of the council at least thirty days prior to implementation.

(4) Prior to approving individual agency utilization plans, the commissioner, in consultation with the city chief procurement officer, shall consider whether such plans viewed in the aggregate establish any goals exceeding the corresponding citywide goals set forth in subdivision d of this section. If any aggregated goals are found to exceed the corresponding citywide goal, the commissioner shall require agencies to adjust their goals so that plans, viewed in the aggregate, do not establish goals exceeding the citywide goals. Nothing in this paragraph shall be construed to limit the awards of contracts and subcontracts that may be made to MBEs, WBEs, VBES and EBES without using goals.

(5) The commissioner, in consultation with the city chief procurement officer, shall, no later than July 31 of each year, publish on the division's website a plan and schedule for each agency detailing the anticipated contracting actions for the upcoming fiscal year that form the basis for the agency utilization plan of each such agency. The plan and schedule shall include information specific to each prospective invitation for bids, request for proposal, or other solicitation, including, but not limited to, the specific type and scale of the services and/or goods to be procured, the term of the proposed contract, the method of solicitation the agency intends to utilize, and the anticipated fiscal year quarter of the planned solicitation.

h. Achieving agency participation goals.

(1) Each agency head shall be directly accountable for the goals set forth in his or her agency's utilization plan.

(2) Each agency shall make all reasonable efforts to meet the participation goals established in its agency utilization plan. Agencies shall, at a minimum, use the following methods to achieve participation goals:

1 (a) Agencies shall engage in outreach activities to encourage MBES,
2 WBES, VBES and EBES to compete for all facets of their procurement
3 activities, including contracts awarded by negotiated acquisition, emer-
4 gency and sole source contracts, and each agency shall seek to utilize
5 MBES, WBES, VBES and/or EBES for all types of goods, services and
6 construction they procure.

7 (b) Agencies shall encourage eligible businesses to apply for certif-
8 ication as MBES, WBES, VBES and EBES and inclusion in the directories of
9 MBES, WBES, VBES and EBES. Agencies shall also encourage MBES, WBES,
10 VBES and EBES to have their names included on their bidders lists, seek
11 pre-qualification where applicable, and compete for city business as
12 contractors and subcontractors. Agencies are encouraged to advertise
13 procurement opportunities in general circulation media, trade and
14 professional association publications and small business media, and
15 publications of minority [and], women's AND VETERANS' business organiza-
16 tions, and send written notice of specific procurement opportunities to
17 minority [and], women's AND VETERANS' business organizations.

18 (c) All agency solicitations for bids or proposals shall include
19 information referring potential bidders or proposers to the directories
20 of MBES, WBES, VBES and EBES prepared by the division.

21 (d) In planning procurements, agencies shall consider the effect of
22 the scope, specifications and size of a contract on opportunities for
23 participation by MBES, WBES, VBES and EBES.

24 (e) Prior to soliciting bids or proposals for contracts valued at over
25 ten million dollars, other than contracts for capital projects valued at
26 over twenty-five million dollars and contracts that are exempt pursuant
27 to paragraph two of subdivision q of this section, an agency shall
28 submit the bid or proposal to the city chief procurement officer for a
29 determination whether it is practicable to divide the proposed contract
30 into smaller contracts and whether doing so will enhance competition for
31 such contracts among MBES, WBES, VBES and EBES and other potential
32 bidders or proposers. If the city chief procurement officer determines
33 that it is both practicable and advantageous in light of cost and other
34 relevant factors to divide such contracts into smaller contracts, then
35 he or she shall direct the agency to do so.

36 (f) Agencies shall examine their internal procurement policies, proce-
37 dures and practices and, where practicable, address those elements, if
38 any, that may negatively affect participation of MBES, WBES, VBES and
39 EBES in city procurement.

40 i. Participation goals for contracts for construction and professional
41 and standard services.

42 (1) Prior to issuing the solicitation of bids or proposals for indi-
43 vidual contracts, agencies shall establish participation goals for MBES,
44 WBES, VBES and/or EBES. Such goals may be greater than, less than or the
45 same as the relevant citywide goal or goals established pursuant to
46 subdivision d of this section. Taking into account the factors listed in
47 this subdivision, an agency may establish a goal for a procurement that
48 may be achieved by a combination of prime contract and subcontract
49 dollars, a combination of construction and services performed pursuant
50 to the contract, and/or a combination of MBES, WBES, VBES and/or EBES.
51 Alternatively, an agency may establish specific goals for particular
52 types of services, and/or goals for particular types of certified firms.
53 In determining the participation goals for a particular contract, an
54 agency shall consider the following factors:

55 (a) the scope of work;

1 (b) the availability of MBES, WBES, VBES and EBES able to perform the
2 particular tasks required in the contract;

3 (c) the extent to which the type and scale of work involved in the
4 contract present prime contracting and subcontracting opportunities for
5 amounts within the capacity of MBES, WBES, VBES and EBES;

6 (d) the agency's progress to date toward meeting its annual partic-
7 ipation goals through race-neutral, gender-neutral and other means, and
8 the agency's expectations as to the effect such methods will have on
9 participation of MBES, WBES, VBES and EBES in the agency's future
10 contracts; and

11 (e) any other factors the contracting agency deems relevant.

12 (2) A contracting agency shall not be required to establish partic-
13 ipation goals for

14 (i) procurements described in subdivision q of this section; or

15 (ii) when the agency has already attained the relevant goal in its
16 annual utilization plan, or expects that it will attain such goal with-
17 out the use of such participation goals.

18 (3) For each contract in which a contracting agency has established
19 participation goals, such agency shall state in the solicitation for
20 such contract that bidders and/or proposers shall be required to agree
21 as a material term of the contract that the contractor shall meet the
22 participation goals unless such goals are waived or modified by the
23 agency in accordance with this section. A contractor that is an MBE,
24 WBE, VBE or EBE shall be permitted to count its own participation toward
25 fulfillment of the relevant participation goal, provided that the value
26 of such a contractor's participation shall be determined by subtracting
27 from the total value of the contract any amounts that the contractor
28 pays to direct subcontractors. A contractor that is a qualified joint
29 venture shall be permitted to count a percentage of its own partic-
30 ipation toward fulfillment of the relevant participation goal. The value
31 of such a contractor's participation shall be determined by subtracting
32 from the total value of the contract any amounts that the contractor
33 pays to direct subcontractors, and then multiplying the remainder by the
34 percentage to be applied to total profit to determine the amount to
35 which an MBE, WBE, VBE or EBE is entitled pursuant to the joint venture
36 agreement. Notwithstanding any provision of this paragraph to the
37 contrary, a contractor's achievement of participation goals shall be
38 determined as described in paragraph two of subdivision j of this
39 section.

40 (4) For each contract in which participation goals are established,
41 the agency shall include in its solicitation and/or bidding materials a
42 referral to the directories prepared by the division pursuant to this
43 section.

44 (5) For each contract for which participation goals are established,
45 the contractor shall be required to submit with its bid or proposal a
46 contractor utilization plan indicating:

47 (a) whether the contractor is an MBE, WBE, VBE, EBE, or a qualified
48 joint venture;

49 (b) the percentage of work it intends to award to direct subcontrac-
50 tors; and

51 (c) in cases where the contractor intends to award direct subcon-
52 tracts, a description of the type and dollar value of work designated
53 for participation by MBES, WBES, VBES and/or EBES, and the time frames
54 in which such work is scheduled to begin and end.

55 When the contractor utilization plan indicates that the bidder or
56 proposer does not intend to meet the participation goals, the bid or

proposal shall not be deemed responsive unless the agency has granted a pre-award request for change pursuant to paragraph 11 of this subdivision.

(6) (a) For each contract for which a contractor utilization plan has been submitted, the contracting agency shall require that within thirty days of the issuance of notice to proceed, and at least once per year thereafter, the contractor submit a list of persons to which it intends to award subcontracts within the next twelve months. In the event that a contracting agency disapproves a contractor's selection of a subcontractor or subcontractors, the contracting agency shall allow such contractor a reasonable time to propose alternate subcontractors.

(b) The contracting agency may also require the contractor to report periodically about the contracts awarded by its direct subcontractors to indirect subcontractors.

(7) For each contract for which a contractor utilization plan has been submitted, the contractor shall, with each voucher for payment, and/or periodically as the agency may require, submit statements, certified under penalty of perjury, which shall include, but not be limited to, the total amount the contractor paid to its direct subcontractors, and, where applicable pursuant to subparagraph (1) of paragraph (1) of subdivision j of this section, the total amount direct subcontractors paid to indirect subcontractors, the names, addresses and contact numbers of each MBE, WBE, VBE or EBE hired as a subcontractor by the contractor or any of the contractor's direct subcontractors, as well as the dates and amounts paid to each MBE, WBE, VBE or EBE. The contractor shall also submit, along with its voucher for final payment, the total amount it paid to subcontractors, and, where applicable pursuant to subparagraph (1) of paragraph (1) of subdivision j of this section, the total amount its direct subcontractors paid directly to their indirect subcontractors; and a final list, certified under penalty of perjury, which shall include the name, address and contact information of each subcontractor that is an MBE, WBE, VBE or EBE, the work performed by, and the dates and amounts paid to each.

(8) If payments made to, or work performed by, MBES, WBES, VBES or EBES are less than the amount specified in the contractor's utilization plan, the agency shall take appropriate action in accordance with subdivision o of this section, unless the contractor has obtained a modification of its utilization plan pursuant to paragraph 12 of this subdivision.

(9) When advertising a solicitation for bids or proposals for a contract for which a participation goal has been established, agencies shall include in the advertisement a general statement that the contract will be subject to participation goals for MBES, WBES, VBES and/or EBES.

(10) In the event that a contractor with a contract that includes a contractor utilization plan submits a request for a change order the value of which exceeds the greater of ten percent of such contract or \$500,000, the agency shall review the scope of work for the contract, and the scale and types of work involved in the change order, and determine whether the participation goals should be modified.

(11) Requests from bidders or proposers for changes in participation goals.

(a) A bidder or proposer may request that an agency change the participation goal or goals established for the procurement on the grounds that goals are unreasonable in light of the availability of certified firms to perform the services required, or by demonstrating that it has

1 legitimate business reasons for proposing a lower level of subcontract-
2 ing in its utilization plan.

3 (b) If the contracting agency determines that the participation goals
4 established for the procurement are unreasonable in light of the avail-
5 ability of certified firms to perform the services required, it shall
6 revise the solicitation and extend the deadline for bids and proposals.

7 (c) Subject to subparagraph (d) of this paragraph, the contracting
8 agency may grant a full or partial waiver of the participation goals to
9 a bidder or proposer who demonstrates that it has legitimate business
10 reasons for proposing the level of subcontracting in its utilization
11 plan. The contracting agency shall make its determination in light of
12 factors that shall include, but not be limited to, whether the bidder or
13 proposer has the capacity and the bona fide intention to perform the
14 contract without any subcontracting, or to perform the contract without
15 awarding the amount of subcontracts represented by the participation
16 goals. In making such determination, the agency may consider whether the
17 utilization plan is consistent with past subcontracting practices of the
18 bidder or proposer, whether the bidder or proposer has made efforts to
19 form a joint venture with a certified firm, and whether the bidder or
20 proposer has made good faith efforts to identify portions of the
21 contract that it intends to subcontract. The city chief contracting
22 officer shall notify the council of any such waiver granted with respect
23 to a registered contract in the quarterly report required pursuant to
24 subdivision 1 of this section.

25 (d) The agency M/WBE AND VBE officer shall provide written notice of
26 requests for a full or partial waiver of the participation goals to the
27 division and the city chief procurement officer and shall not approve
28 any such request without the approval of the city chief procurement
29 officer, provided that the city chief procurement officer, upon adequate
30 assurances of an agency's ability to administer its utilization plan in
31 accordance with the provisions of this section, may determine that
32 further approval from the city chief procurement officer is not required
33 with respect to such requests for an agency's contracts or particular
34 categories of an agency's contracts. The city chief procurement officer
35 shall notify the speaker of the council in writing in the quarterly
36 report required pursuant to subdivision 1 of this section following the
37 registration of a contract for which a request for a full or partial
38 waiver of a participation goal was granted, provided that where an agen-
39 cy has been authorized to grant waivers without approval of the chief
40 procurement officer, such notice shall be provided to the speaker of the
41 council by the agency. Such notification shall include, but not be
42 limited to, the name of the contractor, the original participation goal,
43 the waiver request, including all documentation, and an explanation for
44 the approval of such request.

45 (12) Modification of utilization plans at contractor's request or
46 agency's initiative. (a) A contractor may request modification of its
47 utilization plan after the award of a contract. Subject to subparagraph
48 (b) of this paragraph, an agency may grant such request if it determines
49 that such contractor has established, with appropriate documentary and
50 other evidence, that it made all reasonable, good faith efforts to meet
51 the goals set by the agency for the contract. In making such determi-
52 nation, the agency shall consider evidence of the following efforts, as
53 applicable, along with any other relevant factors:

54 (i) The contractor advertised opportunities to participate in the
55 contract, where appropriate, in general circulation media, trade and
56 professional association publications and small business media, and

1 publications of minority [and], women's AND VETERANS' business organiza-
2 tions;

3 (ii) The contractor provided notice of specific opportunities to
4 participate in the contract, in a timely manner, to minority [and],
5 women's AND VETERANS' business organizations;

6 (iii) The contractor sent written notices, by certified mail or
7 facsimile, in a timely manner, to advise MBES, WBES, VBES or EBES that
8 their interest in the contract was solicited;

9 (iv) The contractor made efforts to identify portions of the work that
10 could be substituted for portions originally designated for partic-
11 ipation by MBES, WBES, VBES and/or EBES in the contractor utilization
12 plan, and for which the contractor claims an inability to retain MBES,
13 WBES, VBES or EBES;

14 (v) The contractor held meetings with MBES, WBES, VBES and/or EBES
15 prior to the date their bids or proposals were due, for the purpose of
16 explaining in detail the scope and requirements of the work for which
17 their bids or proposals were solicited;

18 (vi) The contractor made efforts to negotiate with MBES, WBES, VBES
19 and/or EBES as relevant to perform specific subcontracts, or act as
20 suppliers or service providers;

21 (vii) Timely written requests for assistance made by the contractor to
22 the agency M/WBE AND VBE liaison officer and to the division; and

23 (viii) Description of how recommendations made by the division and the
24 contracting agency were acted upon and an explanation of why action upon
25 such recommendations did not lead to the desired level of participation
26 of MBES, WBES, VBES and/or EBES.

27 (b) The agency M/WBE AND VBE officer shall provide written notice of
28 requests for such modifications to the division and the city chief
29 procurement officer and shall not approve any such request for modifica-
30 tion without the approval of the city chief procurement officer,
31 provided that the city chief procurement officer, upon adequate assur-
32 ances of an agency's ability to administer its utilization plan in
33 accordance with the provisions of this section, may determine that
34 further approval from the city chief procurement officer is not required
35 with respect to such requests for an agency's contracts or particular
36 categories of an agency's contracts. The city chief procurement officer,
37 shall notify the speaker of the council in writing within seven days of
38 the approval of a request for modification of a utilization plan,
39 provided that where an agency has been authorized to grant modifications
40 without approval of the chief procurement officer, such notice shall be
41 provided to the speaker of the council by the agency. Such notification
42 shall include, but not be limited to, the name of the contractor, the
43 original utilization plan, the modification request, including all
44 documentation, and an explanation for the approval of such request.

45 (c) An agency may modify the participation goals established for a
46 procurement when the scope of the work has been changed by the agency in
47 a manner that affects the scale and types of work that the contractor
48 indicated in its contractor utilization plan would be awarded to subcon-
49 tractors.

50 (d) The agency M/WBE AND VBE officer shall provide written notice to
51 the contractor of its determination that shall include the reasons for
52 such determination.

53 (13) For each contract in which a contracting agency has established
54 participation goals, the agency shall evaluate and assess the contrac-
55 tor's performance in meeting each such goal. Such evaluation and assess-

ment shall be a part of the contractor's overall contract performance evaluation required pursuant to section 333 of the charter.

j. Determining credit for MBE, WBE, VBE and EBE participation.

(1) An agency's achievement of its annual goals shall be calculated as follows:

(a) The dollar amount that an agency has paid or is obligated to pay to a prime contractor that is an MBE, WBE, VBE or EBE, reduced by the dollar amount the contractor has paid or is obligated to pay its direct subcontractors upon their completion of work, shall be credited toward the relevant goal. Where an agency has paid or is obligated to pay a prime contractor that is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBES or the goal for WBES. WHERE AN AGENCY HAS PAID OR IS OBLIGATED TO PAY A PRIME CONTRACTOR THAT IS BOTH AN MBE OR WBE AND A VBE, SUCH AMOUNT SHALL BE CREDITED TOWARD THE RELEVANT GOAL FOR MBES OR WBES, AS APPLICABLE, OR THE GOAL FOR VBES.

(b) Except as provided in subparagraph (c) of this paragraph, the total dollar amount that a prime contractor of an agency has paid or is obligated to pay to a direct subcontractor that is an MBE, WBE, VBE or EBE shall be credited toward the relevant goal. Where such a contractor has paid or is obligated to pay a direct subcontractor that is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBES or the goal for WBES. WHERE SUCH A CONTRACTOR HAS PAID OR IS OBLIGATED TO PAY A DIRECT SUBCONTRACTOR THAT IS BOTH AN MBE OR WBE AND A VBE, SUCH AMOUNT SHALL BE CREDITED TOWARD THE RELEVANT GOAL FOR MBES OR WBES, AS APPLICABLE, OR THE GOAL FOR VBES.

(c) In the case of contracts of the types identified pursuant to subparagraph (1) of this paragraph, the total dollar amount that a prime contractor of an agency has paid or is obligated to pay a direct subcontractor that is an MBE, WBE, VBE or EBE, reduced by the dollar amount the direct subcontractor has paid or is obligated to pay its indirect subcontractors upon completion of work, shall be credited toward the relevant goal. Where such a contractor has paid or is obligated to pay a direct contractor that is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBES or the goal for WBES. WHERE SUCH CONTRACTOR HAS PAID OR IS OBLIGATED TO PAY A DIRECT CONTRACTOR THAT IS BOTH AN MBE OR WBE AND A VBE, SUCH AMOUNT SHALL BE CREDITED TOWARD THE RELEVANT GOAL FOR MBES OR WBES, AS APPLICABLE, OR THE GOAL FOR VBES.

(d) In the case of contracts of the types identified pursuant to subparagraph (1) of this paragraph, the total dollar amount that a direct subcontractor of the prime contractor has paid or is obligated to pay to an indirect subcontractor that is an MBE, WBE, VBE or EBE shall be credited toward the relevant goal. Where such a contractor has paid or is obliged to pay an indirect contractor that is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBES or the goal for WBES. WHERE SUCH A CONTRACTOR HAS PAID OR IS OBLIGATED TO PAY A DIRECT CONTRACTOR THAT IS BOTH AN MBE OR WBE AND A VBE, SUCH AMOUNT SHALL BE CREDITED TOWARD THE RELEVANT GOAL FOR MBES OR WBES, AS APPLICABLE, OR THE GOAL FOR VBES.

(e) For requirements contracts, credit shall be given for the actual dollar amount paid under the contract.

(f) Where one or more MBES, WBES, VBES or EBES is participating in a qualified joint venture, the amounts that the joint venture is required to pay its direct subcontractors shall be subtracted as provided in subparagraph (a) of this paragraph, and then a percentage of the remaining dollar amount of the contract equal to the percentage of total profit to which MBES, WBES, VBES or EBES are entitled pursuant to the

joint venture agreement shall be credited toward the relevant goal. Where such a participant in a joint venture is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBEs or the goal for WBEs. WHERE SUCH A CONTRACTOR HAS PAID OR IS OBLIGATED TO PAY A DIRECT CONTRACTOR THAT IS BOTH AN MBE OR WBE AND A VBE, SUCH AMOUNT SHALL BE CREDITED TOWARD THE RELEVANT GOAL FOR MBES OR WBES, AS APPLICABLE, OR THE GOAL FOR VBES.

(g) No credit shall be given for participation in a contract by an MBE, WBE, VBE or EBE that does not perform a commercially useful function.

(h) No credit shall be given for the participation in a contract by any company that has not been certified as an MBE, WBE, VBE or EBE in accordance with section 1304 of the charter.

(i) In the case of a contract for which the contractor is paid on a commission basis, the dollar amount of the contract may be determined on the basis of the commission earned or reasonably anticipated to be earned under the contract.

(j) No credit shall be given to a contractor for participation in a contract by a graduate MBE, WBE, VBE or EBE.

(k) The participation of a certified company shall not be credited toward more than one participation goal.

(1) The city chief procurement officer may identify types of contracts where payments to indirect subcontractors shall be credited toward the relevant participation goals.

(2) A contractor's achievement of its participation goals established in its utilization plan shall be calculated as follows:

(a) A contractor's use of direct subcontractors and their indirect subcontractors toward achievement of each goal established in its utilization plan shall be calculated in the same manner as described for calculating the achievement of agency utilization goals as described in paragraph (1) of this subdivision, except that a contractor's use of a subcontractor that is both an MBE and a WBE, OR IS AN MBE OR WBE AND ALSO A VBE, shall not be credited toward the contractor's achievement of more than one goal;

17 or has violated any provision of this section, the agency shall notify
18 the commissioner who shall determine whether the certification of such
19 business enterprise should be revoked.

20 (7) Statements made in any instrument submitted to an agency pursuant
21 to these rules shall be submitted under penalty of perjury and any false
22 or misleading statement or omission shall be grounds for the application
23 of any applicable criminal and/or civil penalties for perjury. The
24 making of a false or fraudulent statement by an MBE, WBE, VBE or EBE in
25 any instrument submitted pursuant to these rules shall, in addition, be
26 grounds for revocation of its certification.

27 (8) A contractor's record in implementing its contractor utilization

29 contracting agency determines that a contractor's compliance with a
30 contractor utilization plan has been unsatisfactory, the agency shall,
31 after consultation with the city chief procurement officer, file an
32 advice of caution form for inclusion in VENDEX as caution data.
