AN ACT to amend the public health law, in relation to requirements for collective negotiations by health care providers with certain health benefit plans

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Statement of legislative intent. The legislature finds that
2 collective negotiation by competing health care providers for the terms
3 and conditions of contracts with health plans can result in beneficial
4 results for health care consumers. The legislature further finds
5 instances where health plans dominate the market to such a degree that
6 fair and adequate negotiations between health care providers and the
7 plans are adversely affected, so that it is necessary and appropriate to
8 provide for a system of collective action on behalf of health care
9 providers. Consequently, the legislature finds it appropriate and neces-
10 sary to displace competition with regulation of health plan-provider
11 agreements and authorize collective negotiations on the terms and condi-
12 tions of the relationship between health care plans and health care
