AN ACT to amend the education law, in relation to the profession of  
nurse anesthesia

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-  
BLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative intent. The legislature hereby finds that  
2     certified registered nurse anesthetists are highly educated and trained  
3     advanced practice nurses who hold a national professional certification,  
4     and whose competency in the professional practice of nurse anesthesia in  
5     hospitals, free-standing ambulatory surgery centers, clinics, profes-  
6     sional offices and other facilities is well known. Nurse anesthetists  
7     are integral to the continued professional delivery of services in such  
8     health care facilities throughout the state.  
9     The legislature further finds that statutory recognition of nurse  
10    anesthetists will further enhance patient safety by codifying their  
11    professional scope of practice that is currently governed in this state  
12    by regulations promulgated pursuant to the public health law in the case  
13    of hospitals and ambulatory surgery centers.  
14    The legislature also finds that while nurse anesthetists are advanced  
15    practice nurses, licensed as registered professional nurses under arti-  
16    cle 139 of the education law, no provision of this act is meant to  
17    limit, diminish or in any way impinge upon the practice of the profes-  
18    sion of nursing as a registered professional nurse under such article.  
19    Therefore, the legislature hereby declares that, due to the intrinsic  
20    nature of the administration of anesthesia services, the integral part  
21    that certified registered nurse anesthetists play in the safe delivery  
22    of such services and the need to protect and enhance patient safety in  
23    all health care facilities, it is in the interest of the people of this
