AN ACT in relation to directing the state attorney general to bring any and all legal actions against the National Marine Fisheries Services or any other federal or interstate agency challenging existing inequitable fishing quotas that discriminate against New York state commercial fishermen

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative findings. The Magnuson-Stevens Act (MSA) was  
2     enacted by the United States Congress in 1976 to restrict foreign fish-  
3     ing vessels in the United States offshore waters from 3 miles to 200  
4     miles off the shoreline. The MSA also sought to regulate fishing in  
5     federal waters by establishing various management tools such as a state

14    For example, New York's summer flounder quota was less than half of that  
15    allocated to Rhode Island, New Jersey, Virginia, and North Carolina.  
16    This discriminatory quota system has resulted in unwarranted economic  
17    and job losses. It is the purpose of this act to direct the state attor-

3 S 2. The state attorney general is hereby directed to commence any and  
4 all legal actions against the National Marine Fisheries Services and any  
5 other federal or interstate agency necessary to overturn said fishing  
6 quotas as arbitrary, capricious and discriminatory against residents of  
7 the state of New York.
