39 40 ably determines that it would be impractical for the patient to obtain substances prescribed by electronic prescription in a timely manner, and such delay would adversely impact the patient's medical condition, provided that if such prescription is for a controlled substance, the quantity of controlled substances does not exceed a five day supply if the controlled substance were used in accordance with the directions for use; or (e) issued by a practitioner to be dispensed by a pharmacy located outside the state, as set forth in regulation.

- S 2. Subdivision 10 of section 6810 of the education law, as added by section 3 of part B of chapter 447 of the laws of 2012, is amended to read as follows:
- 10. Notwithstanding any other provision of this section or any other to the contrary, effective [two] THREE years subsequent to the date on which regulations establishing standards for electronic prescriptions are promulgated by the commissioner of health, in consultation with the commissioner pursuant to subdivision three of section two hundred eighty-one of the public health law, no practitioner shall issue any prescription in this state, unless such prescription is made by electronic prescription from the practitioner to a pharmacy, except for prescriptions: (a) issued by veterinarians; (b) issued or dispensed in circumstances where electronic prescribing is not available due to temporary technological or electrical failure, as set forth in requlation; (c) issued by practitioners who have received a waiver or a renewal thereof for a specified period determined by the commissioner of health, not to exceed one year, from the requirement to use electronic prescribing, pursuant to a process established in regulation by the commissioner of health, in consultation with the commissioner due to economic hardship, technological limitations that are not reasonably within the control of the practitioner, or other exceptional circumstance demonstrated by the practitioner; (d) issued by a practitioner under circumstances where, notwithstanding the practitioner's present ability to make an electronic prescription as required by this subdivision, such practitioner reasonably determines that it would be impractical for the patient to obtain substances prescribed by electronic prescription in a timely manner, and such delay would adversely impact the patient's medical condition, provided that if such prescription is for a controlled substance, the quantity that does not exceed a five day supply if the controlled substance was used in accordance with the directions for use; or (e) issued by a practitioner to be dispensed by a pharmacy located outside the state, as set forth in regulation.
- S 3. This act shall take effect immediately; provided that if this act shall not have become a law on or before March 27, 2015, this act shall be deemed to have been in full force and effect on and after March 27, 44 2015.
