S 5. This act shall take effect immediately.

FISCAL NOTE.--

This bill will allow any member who served as an elected or appointed judge or justice of the unified court system to have their final average salary determined using the rate of salary set by the commission of judicial compensation for the year in which the member last served.

If this legislation is enacted during the 2015 legislative session, it is estimated that there will be an increase of approximately $2.2 million in the annual contributions of the state of New York for the fiscal year ending March 31, 2016. In future years, this cost will vary as the billing rates and salaries of the affected members change.

In addition to the annual contributions discussed above, it is estimated that there will be a past service cost of $44.1 million which will be borne by the state of New York as a one-time payment, assuming that such payment will be made on March 1, 2016.

This estimate is based on a group of 1,198 affected members with a salary for the fiscal year ending March 31, 2014 of approximately $177 million. A list of eligible members was provided by the Office of Court Administration.

Summary of relevant resources:

The membership data used in measuring the impact of the proposed change was the same as that used in the March 31, 2014 actuarial valuation. Distributions and other statistics can be found in the 2014 Report of the Actuary and the 2014 Comprehensive Annual Financial Report.

The actuarial assumptions and methods used are described in the 2010, 2011, 2012, 2013 and 2014 Annual Report to the Comptroller on Actuarial Assumptions, and the Codes Rules and Regulations of the State of New York: Audit and Control.

The Market Assets and GASB Disclosures are found in the March 31, 2014 New York State and Local Retirement System Financial Statements and Supplementary Information.
