AN ACT to amend the education law, in relation to prohibiting cyber-bullying

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative intent. The legislature finds that:

a. Bullying is a long-standing problem among school-aged children in New York state and throughout the nation. With increasing accessibility to electronic means of communication, bullying has transformed from a predominantly school-based issue to a broader societal problem.

b. Researchers have demonstrated that bullying has long-term consequences. Further, bullying goes beyond the classroom to bullying on the job, on athletic teams, on college campuses and the internet.

c. Experts researching bullying have suggested that one tool for schools to use in combatting bullying is to maintain and enforce consistent policies against bullying and harassment, including cyber-bullying. Such enforcement is not always possible if bullying occurs away from school or by a non-student.

d. Perpetrators of cyber-bullying are often more extreme in the threats and taunts they inflict on their victims, as they do not actually see their victim's emotional reaction to the abuse and believe that they are anonymous. Victims of cyber-bullying suffer very real and serious harm as a result of these incidents, often showing signs of depression, anxiety, social isolation, nervousness when interacting with technology, low self-esteem and declining school performance. In some cases, victims attempt or commit suicide in part because of cyber-bullying they've endured.

e. Enactment of this act is necessary and appropriate to further ensure that New York state's public schools are safe and free from cyber-bullying.

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets [] is old law to be omitted.
