AN ACT in relation to establishing the Beacon School Pilot Program in New York city schools

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "New York City Beacon School Act".
3 S 2. Legislative findings. Gun violence and gang activity has become a
4 severe issue in the United States as a whole, specifically in New York,
5 Los Angeles, Detroit, and Chicago. In most cases, youth join gangs
6 because they feel they need protection, they want to be accepted,
7 respected or all of the above. Through various youth development initi-
8 atives and programs we can create an environment that will meet these
9 needs for young people in urban communities and thus reduce gang and gun
10 violence. Beacon offers New York city youth with a place to grow through
11 challenging activities, caring relationships, and opportunities. The
12 youth development quality of the Beacon environment results in higher
13 self-esteem among youth, increased leadership skills, and higher expect-
14 tations by staff and youth for behavior and performance. Beacon reduces
15 the likelihood of students to cut classes, bullying, and other crimes
16 against persons or property. Beacon also provides important services and
17 activities for neighborhood adults including sports, physical fitness,
18 basic education, English-language instruction, GED preparation and
19 computer instruction. Beacon creates cohesion between youths, parents,
20 community organizations and businesses, engaging the community in an
21 effort to reduce gang and gun violence.
22 S 3. Purpose. The purpose of this act is to provide all public elemen-
23 tary and secondary schools located in New York city the structure, flex-
24 ibility and support necessary to operate under the Beacon school model
25 to:
