FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

PROVISIONS OF PROPOSED LEGISLATION: With respect to the New York City Retirement Systems ("NYCRS"), this proposed legislation would amend Retirement and Social Security Law ("RSSL") Sections 514 and 610 to allow certain Tier III, Tier IV and Tier VI retirees of the New York City Teachers' Retirement System ("TRS") the opportunity to change certain optional forms of benefit after retirement similar to the provisions set forth in Administrative Code of the City of New York ("ACNY") Section 565(c).

ACNY Section 565(c) covers only Tier I and Tier II members of TRS.

Specifically, Part A of this proposed legislation would permit a Tier III, Tier IV or Tier VI retiree of TRS who has nominated his or her spouse as the survivor beneficiary to change, under certain optional forms of benefit and with the consent of his or her spouse and the TRS Retirement Board, from the optional form of benefit originally chosen to the maximum benefit that is the actuarial equivalent, if such person:

- (1) ceases by causes other than death to be his or her spouse, or
- (2) is separated from him or her, or
- (3) if such option was selected in contemplation of marriage which has not taken place.

The Effective Date of the proposed legislation would be the date of enactment and shall be deemed to have been in full force and effect on or after June 30, 2015.

FINANCIAL IMPACT - ACTUARIAL PRESENT VALUE OF BENEFITS, EMPLOYER NORMAL COST, ACTUARIAL ACCRUED LIABILITY AND EMPLOYER CONTRIBUTIONS: To the extent that the probabilities of survival of the retiree and the beneficiary designated under the optional form of benefit have not changed significantly since such optional form of benefit was instituted, then the enactment of this proposed legislation is expected to result in little or no change in the Actuarial Present Value of Benefits, Employer Normal Cost, Actuarial Accrued Liability or employer contributions to TRS.

OTHER COSTS: With respect to the NYCRS, the enactment of this proposed legislation would result in some administrative expenses for TRS.

S 2. This act shall take effect June 30, 2016.

FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would amend Section 539 of the Education Law to allow a retired member of the New York State Teachers' Retirement selected an optional form of retirement benefit that who has provides that upon the retired member's death, all, or a percentage of, such retirement benefit shall be continued for the life of a beneficiary, to rescind the selection of such option within one year after such beneficiary ceases to be the retired member's spouse by reason of a final judgment or decree of divorce. In order to rescind such optional form of retirement benefit, the retired member and beneficiary must each file a written consent with respect to such change with NYSTRS. Upon NYSTRS' receipt of the judgment or decree of divorce and the written consents, the retired member would receive the maximum single-life retirement benefit for the remainder of his or her lifetime, as if no option had been selected at retirement. Any and all obligations of NYSTRS to the beneficiary under the option selection shall be considered fully discharged. This bill shall apply to retirement benefits payable on or after June 30, 2015.

The annual cost to the employers of members of the New York State Teachers' Retirement System for this benefit is estimated to be very

low, likely less than \$200,000 per year. Allowing retired members to change the terms of their option after retirement creates the potential for anti-selection however.
