AN ACT establishing the Yonkers city school district joint schools construction and modernization act; and to amend the education law and the public authorities law, in relation to implementing such joint schools construction and modernization act

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Short title. This act shall be known and may be cited as  
2     "the Yonkers city school district joint schools construction and modern-  
3     ization act".  
4     S 2. Legislative findings and declaration of need. The legislature  
5     finds that Yonkers schools have a growing population yet the average age  
6     of the school buildings in Yonkers is seventy-five years with the oldest  
7     building at one hundred nineteen years old; nine are over ninety-seven  
8     years old and most are past their useful life and in need of extensive  
9     refurbishment. The age of buildings in Yonkers is significantly over  
10    the sixty-five years average age of schools in New York State. Even by  
11    maximizing the debt borrowing under existing constitutional and statuto-  
12    ry limits Yonkers city is unable to finance modernization of its facili-  
13    ties at a reasonable rate as needs are far greater than the availability  
14    of capital. The city school district's facilities are landlocked in  
15    highly dense urban neighborhoods lacking proper school bus loops,  
16    athletic facilities and other essential school amenities required for  
17    the safe and proper administration of an educational institution, and  
18    while Yonkers city has invested significant capital, deterioration of  
19    building stock outpaces the district's ability to repair it.  
20    The legislature further finds that such deterioration of the schools  
21    and inability to expand school sites to provide even a modicum of  
22    customary facilities and amenities to students is a serious impediment  
23    to learning and teaching. If the quality of education in the city is to  
24    be improved, existing schools must be rehabilitated and reconstructed  
25    and new city schools must be built. This will include the retirement of

1 old facilities which will be replaced by more efficiently operating  
2 buildings with better use of space. Renovations shall result in facili-  
3 ties more conducive to current education requirements and shall be  
4 equipped to operate at lower maintenance costs with improved energy  
5 efficiency.

6 The city of Yonkers' student population has been rising, especially  
7 with students with special needs and students with English as a second  
8 language. Yonkers' increased enrollment has required overuse of avail-  
9 able classroom space for regular instruction and resulted in a shortage  
10 of libraries, art rooms, music rooms, computer rooms and other common  
11 school facility elements. Construction of new facilities will allow for  
12 reallocation of classroom space to essential specialized uses. However  
13 the city's fiscal limitations magnify the inability to maintain existing  
14 aging facilities or provide new facilities to accommodate the increasing  
15 student populations. Yonkers is unable to pursue a modernization  
16 program without special legislation as was provided to the Buffalo,  
17 Rochester and Syracuse city school districts. As a result the city of  
18 Yonkers has an immediate need for special legislation providing for new  
19 school buildings and a joint schools construction and modernization  
20 program patterned after the mechanism for funding received by or related  
21 to the Buffalo, Rochester and Syracuse school districts.

22 The legislature further finds that as a result of the foregoing,  
23 legislation granting certain new or additional authority to the city and  
24 the city school district of the city of Yonkers as set forth in such  
25 legislation is necessary, which authority should enable both parties to  
26 better, more economically and more innovatively manage the acquisition,  
27 design, construction, financing, operation, and maintenance of new  
28 educational facilities.

23 vote of at least a majority of the whole board participating in a meet-  
24 ing at which such action is taken.

25 (d) The board shall be effective upon filing with the secretary of  
26 state a certificate of organization indicating that its organizational

45 (4) to develop and maintain the joint schools construction and modern-  
46 ization plan for so long as the projects authorized pursuant to this  
47 act, are yet to be undertaken; and

48 (5) to do all things necessary, convenient or desirable to carry out  
49 its purposes and for the exercise of the powers granted in this act.

50 (f) (1) The board shall adopt a conflict of interest policy to ensure  
51 that its directors, officers and employees act in the city's and city  
52 school district's best interest and comply with applicable legal  
53 requirements, including but not limited to the requirements set forth in  
54 subdivision (g) of this section.

55 (2) The conflict of interest policy shall include, at a minimum, the  
56 following provisions: (i) a definition of the circumstances that consti-

1 tute a conflict of interest; (ii) procedures for disclosing a conflict  
2 of interest to the board; (iii) a requirement that the person with the  
3 conflict of interest not be present at or participate in board deliber-  
4 ation or vote on the matter giving rise to such conflict, provided that  
5 nothing in this subdivision shall prohibit the board from requesting  
6 that the person with the conflict of interest present information as

8 ment of deliberations or voting relating thereto; (iv) a prohibition  
9 against any attempt by the person with the conflict to influence improper-

11 conflict; (v) a requirement that the existence and resolution of the  
12 conflict be documented in the board's records, including in the minutes  
13 of any meeting at which the conflict was discussed or voted upon; and  
14 (vi) procedures for disclosing, addressing, and documenting related  
15 party transactions in accordance with subdivision (g) of this section.

16 (3) The conflict of interest policy shall require that prior to the  
17 filing of the certificate of organization, and annually thereafter, all  
18 members of the board shall complete, sign and submit to the county board  
19 of ethics for the county in which the board has its primary office  
20 pursuant to article 18 of the general municipal law a written statement

22 such member is an officer, director, trustee, member, owner (either as a  
23 sole proprietor or a partner), or employee and with which the board has  
24 a relationship, and any transaction in which the board is a participant  
25 and in which the member might have a conflicting interest. The policy  
26 shall require that each board member annually resubmit such written  
27 statement. The county board of ethics shall provide a copy of all  
28 completed statements to each board member.

29 (4) If the board has complied substantially with section 2824 and  
30 subdivision 3 of section 2825 of the public authorities law, it shall be  
31 deemed in compliance with this subdivision.

32 (5) Nothing in this subdivision shall be interpreted to require the  
33 board to adopt any specific conflict of interest policy not otherwise  
34 required by this subdivision or any other law or rule, or to supersede  
35 or limit any requirement or duty governing conflicts of interest  
36 required by any other law or rule.

37 (g) (1) The board shall not enter into any related party transaction  
38 unless the transaction is determined by the board to be fair, reasonable  
39 and in the board's best interest at the time of such determination. Any  
40 member, officer or employee who has an interest in a related party tran-  
41 saction shall disclose in good faith to the board the material facts  
42 concerning such interest.

43 (2) With respect to any related party transaction in which a related  
44 party has an substantial financial interest, the board, shall: (i) prior  
45 to entering into the transaction, consider alternative transactions to  
46 the extent available; (ii) approve the transaction by not less than a  
47 majority vote of the entire board; and (iii) contemporaneously document  
48 in writing the basis for the board's approval, including its consider-

50 (3) SED may bring an action to enjoin, void or rescind any related  
51 party transaction or proposed related party transaction that violates  
52 any provision of this section or was otherwise not reasonable or in the  
53 best interests of the board at the time the transaction was approved, or  
54 to seek restitution, and the removal of members or officers, or seek to  
55 require any person or entity to: (i) account for any profits made from  
56 such transaction, and pay them to the board; (ii) pay the board the

value of the use of any of its property or other assets used in such transaction; (iii) return or replace any property or other assets lost to the board as a result of such transaction, together with any income or appreciation lost to the board by reason of such transaction, or account for any proceeds of sale of such property, and pay the proceeds to the board together with interest at the legal rate; and (iv) pay, in the case of willful and intentional conduct, an amount up to double the amount of any benefit improperly obtained.

(4) No related party may participate in deliberations or voting relating to a related party transaction in which he or she has an interest; provided that nothing in this section shall prohibit the board from requesting that a related party present information as background or answer questions concerning a related party transaction at a board meeting prior to the commencement of deliberations or voting relating thereto.

(h) Notwithstanding any other provision of any general, special or local law, municipal charter or ordinance to the contrary, for the purposes of title 2 of article 1 of the public authorities law the board shall be considered a local authority.

S 5. Joint schools construction and modernization plan; project costs.

(a) The superintendent, in consultation with the Yonkers board of education, shall submit to the YJSC board a comprehensive draft plan recommending and outlining the projects for phase one it proposes to be undertaken pursuant to this act. The YJSC board shall consider the plan in developing a comprehensive joint schools construction and modernization plan recommending and outlining the projects it proposes to be potentially undertaken pursuant to this act. The comprehensive joint schools construction and modernization plan shall include:

(1) an estimate of total costs to be financed, not to exceed five hundred twenty-three million dollars (\$523,000,000), plus such additional amount of bonds, notes and other obligations necessary to provide for a debt service reserve fund and to pay reasonable costs of issuance, a proposed financing plan, a proposed method of financing, terms and conditions of the financing, and estimated financing costs (calculated on a net interest cost basis). The plan shall address what specific options would be used to ensure that sufficient resources exist to cover the local share of any such project cost on an annual basis;

(2) information concerning the number of buildings to be constructed or reconstructed to the satisfaction of SED;

(3) a district wide technology plan and a description of related incidental expenses;

(4) information concerning the potential persons to be involved in the financing and such persons' roles and responsibilities;

(5) estimates on the design, construction, reconstruction and rehabilitation costs by project, any administrative costs for potential projects, and an outline of the timeframe expected for completion of each potential project;

(6) direction to the program manager in the implementation of the plan;

(7) any proposed amendments to the city school district's five year capital facilities plan submitted in accordance with subdivision 6 of section 3602 of the education law, the regulations of the commissioner and the provisions of this section; and

(8) a diversity plan, in compliance with section eleven of this act, to develop diversity goals, including appropriate community input and public discussion, and develop strategies that would create and coordi-

1 nate any efforts to ensure a more diverse workforce for the projects.  
2 The MWBE/DBE utilization master plan should address accountability for  
3 attainment of the diversity goals, what forms of monitoring would be  
4 used, and how such information would be publicly communicated. Prior to  
5 the development of the comprehensive joint schools construction and  
6 modernization plan, the YJSC board and district shall hold not less than  
7 one public hearing per school site to ensure sufficient public input and  
8 allow for significant public discussion on school building needs in such  
9 city, with at least one such hearing to be held in each neighborhood  
10 potentially impacted by a proposed project and in each neighborhood from  
11 which the majority of students impacted reside. The hearing must be  
12 widely publicized, including, but not limited to, social media distrib-  
13 ution by the board of education and the YJSC board. The Yonkers joint  
14 schools construction board shall submit the components of such plan  
15 described in paragraph one of this subdivision to the comptroller, along  
16 with any other information requested by the comptroller, for his or her  
17 review and approval.

18 (b) The aggregate amount of project costs authorized and undertaken  
19 pursuant to this act as phase one shall not exceed five hundred twenty-  
20 three million dollars (\$523,000,000), plus such additional amount of  
21 bonds, notes and other obligations necessary to provide for a debt  
22 service reserve fund and to pay reasonable costs of issuance, unless  
23 otherwise authorized by law. Due to the urgent need to address increased  
24 enrollment, phase one shall consist of construction of up to three new  
25 schools along with critical infrastructure system replacements at the  
26 existing schools to maintain safe operation of the existing schools  
27 until future renovations are made as part of the joint schools  
28 construction and modernization plan. Such infrastructure system replace-  
29 ment will be coordinated so that the work remains in place and is incor-  
30 porated into the future renovation of the schools.

31 S 6. Project eligibility. To be eligible for selection as a project to  
32 be undertaken pursuant to this section, such project shall be included  
33 by the city school district in its joint schools construction and  
34 modernization plan as a special section of the district's five-year  
35 capital facilities plan that is required pursuant to subdivision 6 of  
36 section 3602 of the education law and the regulations of the commission-  
37 er. The facilities modernization plan and any portions of such plan  
38 relating to such projects, including any amendments thereto, shall have  
39 the contents required in the regulations of the commissioner and shall  
40 be submitted to the commissioner for approval. Notwithstanding anything  
41 to the contrary in this section, the city school district may elect to  
42 finance a project under its ongoing capital improvement plan pursuant to  
43 the powers and authority granted to all school districts in the state or  
44 as part of the joint schools construction and modernization plans pursu-  
45 ant to the special powers and authority granted to the city school  
46 district and the YJSC board by this act. Commencing on the effective  
47 date of this section, the city school district shall create and maintain  
48 a written schedule listing each project undertaken, certified to annual-  
49 ly by the city's commissioner of finance, which schedule shall identify  
50 each project and its cost and formally designate such project as being  
51 undertaken pursuant to either the joint schools construction and modern-  
52 ization plan or the capital improvement plan.

53 S 7. Determination of projects. (a) Upon approval by the commissioner  
54 of the YJSC board's joint schools construction and modernization plan,  
55 the YJSC board may select projects to be undertaken pursuant to this  
56 section, as provided for in such approved joint schools construction and

1 modernization plan. After the board has selected a new project and plans  
2 and specifications for such project have been prepared and approved by  
3 the board, which are consistent with the approved comprehensive plan,  
4 the board shall deliver such plans and specifications to the commission-  
5 er for his or her approval. After approval by the commissioner, the  
6 plans and specifications shall be returned to the board. All such spec-  
7 ifications shall detail the number of students the completed project is  
8 intended to serve, the site description, the types of subjects to be  
9 taught, the types of activities for school, recreational, social, safe-  
10 ty, or other purposes intended to be incorporated in the school building  
11 or on its site and such other information as the board and the commis-  
12 sioner shall deem necessary or advisable.

13 (b) The YJSC board, upon receipt of such approved plans and specifica-  
14 tions for a project may enter into contracts for such project, as  
15 described in section eight of this act.

16 S 8. Contracts. Notwithstanding the provisions of any general,  
17 special, or local law or judicial decision to the contrary:

18 (a) (1) The YJSC board is hereby authorized and empowered to enter  
19 into contracts relating to the design (pursuant to the approved plans  
20 and specifications), construction, reconstruction, rehabilitation,  
21 equipping, financing or managing of one or more projects undertaken  
22 pursuant to this section with any person, upon such terms and conditions  
23 and for such consideration and for such terms and duration, not to  
24 exceed thirty years, as may be agreed upon by the board and such person  
25 notwithstanding the provisions of any other general, special, or local  
26 law to the contrary, relating to the length, duration, and terms of  
27 contracts that the city or the city school district may enter into, as  
28 set forth in subdivision (e) of this section. The district program  
29 manager shall establish reasonable guidelines or limits on incidental  
30 costs to assure that to the greatest extent possible such costs for each  
31 project do not exceed the state's maximum incidental cost allowance, in  
32 order to maximize efficient use of state building aid.

33 (2) Notwithstanding any other provision of law to the contrary, the  
34 YJSC board shall submit estimated project costs for the projects author-  
35 ized pursuant to paragraph five of subdivision (a) of section five of  
36 this act after the completion of schematic plans and specifications for  
37 review by the commissioner. If the total project costs associated with  
38 such projects exceed the sum of the estimated individual approved cost  
39 allowance of each building project by more than the lesser of fifty-two  
40 million dollars (\$52,000,000) or ten percent of the approved costs, and  
41 the city school district has not otherwise demonstrated to the satisfac-  
42 tion of the SED the availability of additional local shares for such  
43 excess costs, then the YJSC board shall not proceed with the preparation  
44 of final plans and specifications for such projects until the projects  
45 have been redesigned or value-engineered to reduce estimated project  
46 costs so as not to exceed the above cost limits.

47 (3) Notwithstanding any other provision of law to the contrary, the  
48 YJSC board shall submit estimated project costs for the projects author-  
49 ized pursuant to paragraph five of subdivision (a) of section five of  
50 this act after the completion of fifty percent of the final plans and  
51 specifications for review by the commissioner. If the total project  
52 costs associated with such projects exceed the sum of the estimated  
53 individual approved cost allowance of each building project by more than  
54 the lesser of fifty-two million dollars (\$52,000,000) or ten percent of  
55 the approved costs, and the city school district has not otherwise  
56 demonstrated to the satisfaction of the SED the availability of addi-

1 tional local share for such excess costs, then the YJSC board shall not  
2 proceed with the completion of the remaining fifty percent of the plans  
3 and specifications for such projects until the projects have been rede-  
4 signed or value-engineered to reduce estimated project costs so as not  
5 to exceed the above cost limits.

6 (b) A contract entered into between the board and any person pursuant  
7 to this section may be awarded either pursuant to public bidding in  
8 compliance with section 103 of the general municipal law or, in order to  
9 foster major investment in existing school buildings or new school  
10 buildings and to deliver quality products and services that are benefi-  
11 cial to the city school district and the public it serves, on the basis  
12 of factors other than cost alone, including, but not limited to, adher-  
13 ence to facility design, quality and durability or materials, energy  
14 efficiency, incorporating systems and approaches which provide maximum  
15 facility value using the best current development, and construction  
16 techniques available, and maximization of state building aid, and such a  
17 contract may be entered into pursuant to the following provisions of  
18 this section for the award of a contract based on evaluation of  
19 proposals submitted in response to a request for proposals prepared by  
20 or for the board; provided, however, that contracts or agreements  
21 involving construction which are not awarded in compliance with section  
22 103 of the general municipal law must include a project labor agreement  
23 in accordance with paragraph (f) of this subdivision. If a project labor  
24 agreement is not performed on the project, all construction contracts  
25 must be awarded pursuant to sections 101 and 103 of the general municip-  
26 pal law.

27 (c) Notwithstanding any inconsistent provision of this act, all work  
28 performed on any project authorized by this act where all or any portion  
29 thereof involves a lease, grant, bond, covenant, debt agreement, permit,  
30 contract or agreement entered into by the YJSC board for construction,  
31 demolition, reconstruction, excavation, rehabilitation, repair, reno-  
32 vation, alteration, or improvement shall be deemed public work and shall  
33 be subject to and performed in accordance with the provisions of article  
34 8 of the labor law to the same extent and in the same manner as a  
35 contract of the state, and compliance with all the provisions of article  
36 8 of the labor law shall be required of any lessee, sublessee, contrac-  
37 tor or subcontractor on the project including the enforcement of  
38 prevailing wage requirements by the fiscal officer as defined in para-  
39 graph e of subdivision 5 of section 220 of the labor law to the same  
40 extent as a contract of the state.

41 (d) Every contract entered into by the YJSC board for a project shall  
42 contain a provision that the design of such project shall be subject to  
43 the review and approval of the Yonkers board of education and that the  
44 design and construction standards of such project shall be subject to  
45 the review and approval of the commissioner. In addition, every such  
46 contract shall contain a provision that the contractor shall furnish a  
47 labor and material bond guaranteeing prompt payment of moneys that are  
48 due to all persons furnishing labor and materials pursuant to the  
49 requirements of any contracts for a project undertaken pursuant to this  
50 section and a performance bond for the faithful performance of the  
51 project, which shall conform to the provisions of section 103-f of the  
52 general municipal law, and that a copy of such performance and payment  
53 bonds shall be kept by the YJSC board and shall be open to public  
54 inspection.

55 (e) (1) The YJSC board may require a contractor awarded a contract,  
56 subcontract, lease, grant, bond, covenant or other agreement for a

1 project to enter into a project labor agreement during and for the work  
2 involved with such project when such requirement is part of the request  
3 for proposals for the project and when it has been determined that the  
4 record supporting the decision to enter into such an agreement estab-  
5 lishes that it is justified by the interests underlying the competitive  
6 bidding laws, and (2) any contract, subcontract, lease, grant, bond,  
7 covenant or other agreement for projects undertaken pursuant to this act  
8 shall not be subject to sections 101 or 103 of the general municipal law  
9 when the YJSC board has chosen to require a project labor agreement.  
10 This exemption shall only apply to the projects undertaken pursuant to  
11 this act and shall not apply to projects undertaken by any other school  
12 district or municipality unless otherwise specifically authorized.

13 (f) All contracts entered into by the YJSC board in excess of three  
14 million dollars (\$3,000,000) with respect to any contract for  
15 construction, reconstruction, demolition, excavation, rehabilitation,  
16 repair, renovation, alteration, or improvement shall require that each  
17 contractor and subcontractor shall participate in apprentice training  
18 programs registered by the department of labor. Participation in such an  
19 apprenticeship program means the contractor or subcontractor: (1) is  
20 signatory to a collective bargaining agreement with a labor organization  
21 which sponsors an apprenticeship program registered with the department  
22 of labor; (2) individually sponsors an apprenticeship program registered  
23 by the department of labor; or (3) is signatory to or otherwise bound by  
24 a project labor agreement covering the project which provides for the  
25 referral of apprentices. In all cases, such apprenticeship program must  
26 be specific to the type and scope of work which is being performed.

27 (g) For the purposes of article 15-A of the executive law, YJSC board  
28 shall be deemed a state agency as that term is defined in such article  
29 and such contracts shall be deemed state contracts within the meaning of  
30 that term as set forth in such article.

31 (h) In the event the YJSC board shall cease to exist for any reason  
32 whatsoever during the life of such contracts as it has entered into  
33 pursuant to this section, such contracts shall remain in full force and  
34 effect and the city and city school district shall stand in the place  
35 and stead of the board with respect to all rights and obligations under  
36 such contracts and with respect to all powers granted to the board by  
37 this section; provided, however, that such powers are exercised by the  
38 city school district pursuant to its jurisdiction and the general laws  
39 applicable thereto, except as modified by this section.

40 S 9. Program manager. (a) The YJSC board shall utilize the services of  
41 a program manager selected by the city and the city school district  
42 through the request for proposal process to oversee the implementation  
43 of the joint schools construction and modernization plan. Prior to  
44 selection, the program manager must demonstrate satisfactory experience  
45 in planning, designing, and constructing new and/or reconstructing  
46 existing school buildings, public facilities, commercial facilities,  
47 and/or infrastructure facilities, and in the negotiation and management  
48 of labor contracts and agreements, training programs, educational  
49 programs, and physical technological requirements for educational  
50 programs.

51 (b) All contracts entered into by the YJSC board for projects under-  
52 taken pursuant to this section shall be managed by such program manager.  
53 The program manager shall also review project schedules, review payment  
54 schedules, prepare cost estimates and review for coordination purposes  
55 the safety programs of contractors and all training programs, if  
56 required. The program manager shall implement procedures for verifica-

tion by it that all work for which payment has been requested has been satisfactorily completed.

(c) The program manager, and its affiliates or subsidiaries, if any, shall be prohibited from awarding contracts or being awarded contracts for or performing any work other than contemplated for the program manager.

S 10. Requests for proposals for the award of projects. (a) The YJSC board shall consult with the commissioner in creating guidelines to be used in the preparation of individual requests for proposals in connection with projects prior to the development of any requests for proposals by the program manager. Prior to the issuance by the program manager of a request for proposals, the YJSC board shall cause to be published a notice of such issuance in the official newspaper of the city school district, if any, and in at least one newspaper of general circulation in the city. Concurrent with the publication of such notice, a draft request for proposals shall be filed with the YJSC board.

(b) Each proposal shall require the inclusion of the following information relating to each project:

(1) the background and experience of the person including any history of labor violations, and when applicable, the identity and experience of the person's general contractor, heating and plumbing contractor, electrical contractor, and design firm;

(2) the ability of the person to secure adequate financing, if applicable, including the identification of the firm, if any, that will be used for financing the project; and

(3) identification and specification of all direct and indirect costs which would become a charge to the YJSC board, in whatever form, relating to the project and such other information as may be determined to have a material bearing on the ability to evaluate any proposal.

(c) Proposals received in response to a request for proposals shall be evaluated taking into consideration (1) maximization of state building aid, (2) net cost, (3) the financial and organizational capacity of contractors and subcontractors in relation to the magnitude of work they may perform, the record of performance of contractors and subcontractors on previous work, the record of contractors and subcontractors in complying with existing labor laws, rules, or regulations and maintaining harmonious labor relations, and the commitment of contractors to work with minority and women owned business enterprises pursuant to article 15-A of the executive law and disadvantaged business enterprises through subcontractor relationships, and (4) such additional factors set forth in the request for proposals, including, but not limited to, quality and durability of materials, energy efficiency, facility design incorporating systems and approaches which provide maximum facility value at the lowest possible cost for the reconstruction, rehabilitation and equipping, or new construction and equipping, of such projects.

(d)(1) A contract award may be made to any responsible person selected taking into consideration:

(i) maximization of state building aid;

(ii) net cost;

(iii) the financial and organizational capacity of contractors and subcontractors in relation to the magnitude of work they may perform, the record of performance of contractors and subcontractors on previous work, the record of contractors and subcontractors in complying with existing labor standards and maintaining harmonious labor relations, and the commitment of contractors to work with minority and women owned business enterprises pursuant to article 15-A of the executive law and

disadvantaged business enterprises through subcontractor relationships; and

(iv) such additional factors set forth in the request for proposals, including, but not limited to, quality and durability of materials, energy efficiency, facility design incorporating systems and approaches which provide maximum facility value at the lowest possible cost for the reconstruction, rehabilitation and equipping, or new construction and equipping, of such projects.

(2) Notwithstanding the provisions of this subdivision, if an award is made to any person whose total proposal does not provide the lowest net cost, the city school district or the YJSC board shall adopt a resolution after a public hearing which includes particularized findings relevant to factors evaluated indicating that the requirements of the city school district or the YJSC board, as applicable, are met by such award and that such action is in the public interest. Any such contract may be a single guaranteed maximum price general contract, utilize a full construction management contract approach, or utilize a turnkey contract approach or any other method deemed advisable in the reasonable judgment of the YJSC board.

S 11. Compliance officer. All contracts entered into by the YJSC board for projects undertaken by this section shall be monitored by a compliance officer. The compliance officer shall have the authority to:

(a) develop, implement, advertise, promote and monitor policies and procedures to utilize and provide sufficient MWBE, DBE and skilled minority employment resources participation opportunities to be followed by prime contractors and subcontractors for such projects; and have access to all proposed bid specifications documentations, records, drawings, blueprints and any other documentation associated with such bid specifications;

(b) support the joint schools construction and modernization plan by developing and implementing an MWBE/DBE Utilization Master Plan for the governance of all project contracts;

(c) provide technical assistance to potential MWBE and DBE contractors and subcontractors interested in bidding on any such project;

(d) obtain and maintain records and documentation as are necessary to confirm compliance with any established MWBE, DBE or skilled minority employment resources utilization goals for any such project;

(e) identify contractors in non-compliance with the established MWBE, DBE or skilled minority employment resources utilization goals or in willful violation of any federal, state and local laws rules and regulations;

(f) monitor and report the upward/downward price adjustment and payment amounts to MWBE's and DBE's listed on contractors utilization plan for any such project; and

(g) develop and work with YJSC board to enforce agreed financial or monetary sanctions for any contractors non-compliance with MWBE/DBE Utilization Master Plan.

(h) the compliance officer shall report to the YJSC board on a monthly basis.

S 12. Building aid. Notwithstanding any other provision of law to the contrary, building aid that would otherwise be payable for the school district portion of expenditures for capital outlays and debt service for each project undertaken pursuant to the provisions of this act in accordance with subdivision 6 of section 3602 of the education law, shall be paid to the city.

1 S 13. Operation and maintenance. (a) Notwithstanding any other gener-  
2 al, special, or local law or provision of this section to the contrary,  
3 any project undertaken pursuant to this section shall be operated and  
4 maintained by the board of education of the city school district in the  
5 same manner as existing school buildings owned by the city are operated  
6 and maintained by such board.

7 (b) Notwithstanding any other provision of any general, special, or  
8 local law to the contrary, any project undertaken pursuant to the  
9 provisions of this act shall be exempt from all taxes (including sales  
10 and use taxes), special assessments, and special ad valorem levies and  
11 from the payment of any and all charges and rents for sewer systems,  
12 both while such project is being constructed and during its use by the  
13 city school district for school purposes.

14 S 14. Maintenance of effort exclusion. Payment of debt service on  
15 bonds, notes or other obligations issued to secure financing for  
16 projects undertaken pursuant to this act shall not be considered when  
17 determining the "city amount" required pursuant to subparagraph (ii) of  
18 paragraph a of subdivision 5-b of section 2576 of the education law;  
19 provided, however, that this provision shall not otherwise affect the  
20 determination of said "city amount" with respect to funding unrelated to  
21 projects undertaken pursuant to this act.

22 S 15. SED oversight of projects. Nothing in this act shall be  
23 construed to exempt a project undertaken pursuant to this section from  
24 the review and approval procedures applied to such projects by SED when  
25 undertaken by the city school district pursuant to the education law.

26 S 16. Financing of projects. (a) To finance project costs authorized  
27 and undertaken pursuant to this act, bonds, notes and other obligations  
28 in an aggregate principal amount not to exceed five hundred twenty-three  
29 million dollars (\$523,000,000), plus such additional amount of bonds,  
30 notes and other obligations necessary to provide for a debt service  
31 reserve fund and to pay reasonable costs of issuance, are authorized to  
32 be issued on behalf of the YJSC board pursuant to subdivisions (d) or  
33 (e) of this section; provided, however, that bonds, notes and other  
34 obligations issued to refund or advance refund previously issued bonds,  
35 notes and other obligations under this act may exceed such aggregate  
36 principal limitation; provided, further however, that any accretion of  
37 principal of bonds, notes and other obligations issue pursuant to the  
38 authority contained in this act that would constitute interest under the  
39 Internal Revenue Code of 1986, as amended shall not count against such  
40 aggregate principal limitation. Any bonds, notes or other obligations  
41 issued by or on behalf of the YJSC board pursuant to this act, and the  
42 income therefrom shall, to the maximum extent practicable, be exempt  
43 from taxation.

44 (b) Notwithstanding the provisions of any other general, special, or  
45 local law to the contrary, any bonds, notes or other obligations issued  
46 to finance any project authorized and undertaken pursuant to this act,  
47 including ancillary financing costs described in subdivision (a) of this  
48 section, may be issued without regard to any debt limitation applicable  
49 to the city or the city school district or any instrumentality thereof.

50 (c) Notwithstanding any general, special, or local law or ordinance to  
51 the contrary, contracts entered into by the YJSC board for projects  
52 undertaken pursuant to this act may be initially funded by the city from  
53 any available monies or from the proceeds of city obligations issued in  
54 anticipation of permanent financing from any source provided under the  
55 act and the reimbursement to the city of any available monies so  
56 advanced or the payment of obligations of the city issued in antic-

1 ipation of permanent financing (including permanent financing issued  
2 through the city of Yonkers industrial development agency for such  
3 purpose) is hereby specifically authorized.

4 (d) Notwithstanding any limitations contained in article 18-A of the  
5 general municipal law, including subdivisions (4) and (12) of section  
6 854 of the general municipal law, a project undertaken pursuant to this  
7 section shall be a "project" within the definition and for the purposes  
8 of subdivision (4) of section 854 of the general municipal law, which  
9 may be financed, owned, or leased by the city of Yonkers industrial  
10 development agency or any successor agency thereto and the city of Yonk-  
11 ers industrial development agency is expressly authorized to refinance  
12 obligations issued by the city in anticipation of financing authorized  
13 by this act and/or reimburse the city for monies advanced by the city  
14 for projects undertaken pursuant to this act. In connection with the  
15 city of Yonkers industrial development agency financing of the costs of  
16 any project undertaken pursuant to this act, the city and the city  
17 school district may grant a leasehold or license interest in the land  
18 and or building constituting such project to the city of Yonkers indus-  
19 trial development agency and may enter into installment purchase  
20 contracts to facilitate such financing.

21 (e) Projects undertaken pursuant to this act may be financed through a  
22 special program agreement with the state of New York municipal bond bank  
23 agency pursuant to the provisions of section 2435-a of the public  
24 authorities law. It shall be the duty of the YJSC board to compare the  
25 financing available for such projects through the city of Yonkers indus-  
26 trial development agency with financing available through the state of  
27 New York municipal bond bank agency, and to employ the financing mech-  
28 anism that will result in the lowest cost to the taxpayers of the city  
29 and the state calculated on a net interest cost basis. It shall be the  
30 duty of the YJSC board and the city of Yonkers industrial development  
31 agency to share with the state of New York municipal bond bank agency  
32 any information in their possession that is required by the state of New  
33 York municipal bond bank agency to determine the cost of financing such  
34 projects and to compute the interest rate that would have been applica-  
35 ble to a bond issuance by the state of New York municipal bond bank  
36 agency in the event that financing is obtained through the city of Yonk-  
37 ers industrial development agency. Any failure to provide such informa-  
38 tion within thirty days of receipt of a request from the state of New  
39 York municipal bond bank agency shall be deemed to be a failure of the  
40 board to submit the data needed to compute the apportionment of state  
41 building aid, and the commissioner shall withhold such apportionment  
42 until such information is fully submitted. Upon request of the YJSC  
43 board, the director of the state of New York municipal bond bank agency  
44 shall submit such reports as the commissioner may require on the financ-  
45 ing of such projects and/or the interest rate that would have been  
46 applicable to such projects if they had been financed through such agen-  
47 cy.

48 (f) Notwithstanding any other provision of any general, special, or  
49 local law or provision of this act to the contrary, any project under-  
50 taken pursuant to this act shall be operated and maintained by the board  
51 of education of the city school district in the same manner as existing  
52 school buildings owned by the city are operated and maintained by such  
53 board.

54 S 17. Security for bonds, notes and other obligations; remedies. In  
55 the event that the city or city school district shall fail to make a  
56 payment in such amount and by such date as is provided to be made by

1 such city or city school district under agreements entered into with the  
2 city of Yonkers industrial development agency or any successor agency  
3 thereto, such entity shall so certify to the state comptroller. Such  
4 certificate shall be in such form as the state comptroller deems desira-  
5 ble, but shall specify the amount by which such payment shall have been  
6 deficient. The state comptroller, upon receipt of such certificate from  
7 such entity, shall withhold such amount of state and/or school aid paya-  
8 ble to such city or city school district to the extent of the amount so  
9 stated in such certificate as not having been made, and shall immediate-  
10 ly pay over to each financial institution acting as trustee on behalf of  
11 bondholders of the Yonkers industrial development agency or any succes-  
12 sor agency thereto, the amount so withheld by the state comptroller. Any  
13 amount so paid to bondholders from such state and/or school aid shall  
14 not obligate the state to make, nor entitle the city or the city school  
15 district to receive, any additional amounts of state and/or school aid.  
16 Nothing contained in this section shall be deemed to prevent the state  
17 from modifying, reducing or eliminating any program or programs of state  
18 and/or school aid; nor shall the state be obligated by the terms hereof  
19 to maintain state and/or school aid at any particular level or amount.

20 S 18. Progress reports. On June 30, 2017 and annually thereafter,  
21 until completion of the projects in a total aggregate maximum amount of  
22 \$523,000,000, plus such additional amount of bonds, notes and other  
23 obligations necessary to provide for a debt service reserve fund and to  
24 pay reasonable costs of issuance, authorized pursuant to this act, the  
25 YJSC board shall issue a report to the governor, the comptroller, the  
26 commissioner, the temporary president of the senate, the speaker of the  
27 assembly, the city mayor, the city council and the city school district  
28 on the progress and status of the projects undertaken by the YJSC board.  
29 Provided further, that if any such entities request information on the  
30 progress and status of the projects prior to such report, it shall be  
31 provided to such entities by the YJSC board. In addition, on or before  
32 June 30, 2019, the YJSC board shall issue a report to the city mayor,  
33 the city school district, the governor, the commissioner, the comp-  
34 troller, the temporary president of the senate, the minority leader of  
35 the senate, the speaker of the assembly, the minority leader of the  
36 assembly, the state board of regents, and the chairs and ranking minori-  
37 ty members of the New York state senate and assembly committees on  
38 education, the finance committee of the New York state senate, the ways  
39 and means committee of the New York state assembly and the division of  
40 the budget. Such report shall identify the fiscal and pedagogical  
41 results of the projects undertaken pursuant to this act, along with  
42 recommendations for its continuance to a phase two, amendments, or  
43 discontinuance.

44 S 19. Clause (a) of subparagraph 5 of paragraph e of subdivision 6 of  
45 section 3602 of the education law is amended by adding a new item (v) to  
46 read as follows:

47 (V) NOTWITHSTANDING THE PROVISIONS OF ITEM (I) OF THIS CLAUSE, WHERE  
48 SUCH CITY OR CITY SCHOOL DISTRICT HAS ENTERED INTO AN AGREEMENT WITH THE

52 SCHOOLS CONSTRUCTION AND MODERNIZATION ACT, OR AN AGREEMENT WITH THE  
53 CITY OF YONKERS INDUSTRIAL DEVELOPMENT AGENCY FOR PROJECTS AUTHORIZED

5 FOR SUCH PURPOSE; OR (B) SUCH NET INTEREST COST, AS DEFINED BY THE

12 S 20. The opening paragraph of subdivision 6 of section 3602 of the  
13 education law, as amended by chapter 416 of the laws of 2007, is amended  
14 to read as follows:

15 Apportionment for capital outlays and debt service for school building  
16 purposes. Any apportionment to a school district pursuant to this subdi-

19 fund, capital fund or reserved funds and current year approved expendi-
