Introduced by Sen. PARKER -- read twice and ordered printed, and when printed to be committed to the Committee on Higher Education

AN ACT to amend the education law, in relation to requiring public and private colleges and universities to provide all incoming and current students with information about depression and suicide prevention and resources available to them on campus

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative intent.     The legislature hereby finds and  
2 declares that there is a need to address the growing number of students  
3 at the collegiate level who are suffering from psychiatric stressors  
4 that may lead to suicide. The legislature further recognizes that such  
5 psychiatric stressors also contribute to difficulties in learning and  
6 success on the collegiate level. Early detection and identification of  
7 at-risk individuals may not only prevent suicide, but may also allow  
8 such other students suffering from psychiatric stressors to get the  
9 support needed to be successful in their academic endeavors. The support  
10 necessary to achieve these goals may often require collaboration between  
11 college officials and parents and/or guardians in such a manner as to be  
12 consistent with the needs of each student.

13     Therefore, to achieve the above-stated goals, the legislature hereby  
14 finds and declares that every college within the state shall establish a  
15 suicide prevention program.

16     S 2. The education law is amended by adding a new section 6439 to read

23 PERSON AT RISK OF SUICIDE, PROMOTE DISCUSSION, ENCOURAGE REPORTING OF
