1 which the district's proposal would prioritize funds to maximize the
2 total number of eligible children in the district served in pre-kin-

4 that full-day and half-day pre-kindergarten grants appropriated
5 herein shall only be available to support programs (i) that provide
6 instruction for at least five hours per school day for full-day
7 pre-kindergarten programs and at least two and one-half hours per
8 school day for half-day pre-kindergarten programs; (ii) that agree
9 to offer instruction consistent with the New York state pre-kindergarten
10 foundation for the common core standards within three years;

14 tion law; and (iv) that otherwise comply with all of the same rules
15 and requirements as universal pre-kindergarten programs pursuant to
16 section 3602-e of the education law except as modified herein.
17 Provided, further, that a school district's pre-kindergarten grant
18 shall equal the product of (A) (i) two multiplied by the approved

21 and new half-day pre-kindergarten placements, and (B) the district's
22 selected aid per pre-kindergarten pupil pursuant to subparagraph i
23 of paragraph b of subdivision 10 of section 3602-e of the education
24 law; provided, however, that no district shall receive a grant in
25 excess of the total actual grant expenditures incurred by the
26 district in the current school year as approved by the commissioner.

29 indicators within two years, including, but not limited to, valid
30 and reliable measures of environmental quality, the quality of
31 teacher-student interactions and child outcomes, and ensure that any
32 such assessment of child outcomes shall not be used to make high-
33 stakes educational decisions for individual children. Provided,
34 further, that no school district shall receive more than forty
35 percent of the total pre-kindergarten grant allocation.

36 Provided, further, that notwithstanding any provision of law to the

45 following: (i) the school district's proposal to target the schools
46 and students with the greatest need, and (ii) proposal quality.
47 Provided, further, that to assess proposal quality in order to award
48 implementation grant funding, the commissioner shall take into
49 account factors including, but not limited to: (i) the extent to
50 which the school district's proposal would maximize the use of the
51 additional learning time through a comprehensive restructuring of
52 the school day and/or year, (ii) the extent to which the proposal
53 would provide additional learning time for students in grades six
54 through eight, and (iii) how the additional learning time would be
55 utilized, including, but not limited to, additional time spent on
56 core academics. Provided, however, that no district shall be eligi-

ble to receive a school-wide extended learning grant unless its proposal would increase student learning time by at least 25 percent. Provided, further, that a school district's schoolwide extended learning implementation grant shall equal its average daily attendance in the school-wide extended learning program multiplied by the expected cost per pupil of the additional learning time; provided, further, that the expected cost per pupil of the additional learning time shall equal the greater of \$1,500 or (A) the quotient of (i) the school district's approved operating expense, pursuant to paragraph t of subdivision 1 of section 3602 of the education law, for the year prior to the base year, divided by (ii) the district's public school district enrollment, pursuant to subparagraph (2) of paragraph n of such subdivision, for the year prior to the base year, multiplied by (B) 10 percent (0.10), multiplied by (C) the quotient of (i) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the base year, divided by (ii) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the year two years prior to the base year; provided, however, that in extraordinary cases the commissioner may award a grant that exceeds the per pupil limit described above; provided further, however, that no district shall receive a grant in excess of the total actual grant expenditures incurred by the district in the current school year as approved by the commissioner. Provided, further, that no school district shall receive more than forty percent of the total school-wide extended learning grant allocation.

Provided, further, that notwithstanding any provision of law to the contrary, the \$7,500,000 appropriated herein available for community schools grants shall be awarded, based on a request for proposals (i) developed by the state council on children and families in coordination with the commissioner, (ii) approved by the director of the budget and (iii) issued by the commissioner, to school districts, or in a city with a population of one million or more an eligible entity, to improve student outcomes through the implementation of community schools programs that use school buildings as community hubs to deliver co-located or school-linked academic, health, mental health, nutrition, counseling, legal and/or other services to students and their families. In a city with a population of one million or more, eligible entities shall mean the city school district of the city of New York, or not-for-profit organizations, which shall include not-for-profit community-based organizations. An eligible entity that is a not-for-profit may apply for a community school grant provided that it collaborates with the city school district of the city of New York and receives the approval of the chancellor of the city school district of the city of New York. Provided, further, that to assess proposal quality in order to award such funding, the commissioner shall take into account factors including, but not limited to: (i) the extent to which the school

1 district's proposal would provide such community services through
2 partnerships with local governments and non-profit organizations,
3 (ii) the extent to which the proposal would provide for delivery of
4 such services directly in school buildings, (iii) the extent to
5 which the proposal articulates how such services would facilitate
6 measurable improvement in student and family outcomes, (iv) the
7 extent to which the proposal articulates and identifies how existing
8 funding streams and programs would be used to provide such community
9 services, and (v) the extent to which the proposal ensures the safe-
10 ty of all students, staff and community members in school buildings
11 used as community hubs. Provided, however, that community schools
12 grants appropriated herein shall be paid to school districts in
13 installments upon successful implementation of each phase of a
14 school district's approved proposal. Provided, further, that no
15 school district shall receive more than forty percent of the total
16 community schools grant allocation, and that each individual commu-
17 nity school site shall be limited to a maximum grant of \$500,000.

18 Provided, further, that notwithstanding any provision of law to the
19 contrary, the \$5,500,000 appropriated herein available for a master

40 interchanged, transferred or otherwise made available to the state
41 university of New York for the sole purpose of administering such

3 commissioner, pursuant to such districts' approved applications;
4 provided that in making such grants the commissioner shall prior-

9 certification areas and grade levels, and at critical points in a
10 teacher's career in order to encourage highly effective teachers to
11 remain in the classroom, and (ii) the quality of the school

24 further that such amount shall be adjusted based upon measures of
25 district need and provided further that no district receiving a

53 strating that it has fully implemented new standards and procedures
54 for conducting annual professional performance reviews of classroom
55 teachers and building principals to determine teacher and principal

1 Provided, further, that notwithstanding any provision of law to the
2 contrary, the \$12,500,000 appropriated herein available for full-day
3 and half-day pre-kindergarten grants shall be awarded, based on a
4 request for proposals developed by the commissioner and approved by

10 placements based on eligible applications; and provided, further,
11 that such grants shall only be used to supplement, not supplant
12 existing pre-kindergarten programs, and provided further, however,
13 that any portion of such \$12,500,000 that is not awarded shall
14 remain available for subsequent awards in the 2013-14 school year or
15 for full-day and half-day pre-kindergarten grants to be awarded in
16 subsequent school years. Provided, further, that such grants from
17 funds appropriated herein shall be awarded based on factors includ-

25 that full-day and half-day pre-kindergarten grants appropriated
26 herein shall only be available to support programs (i) that provide
27 instruction for at least five hours per school day for full-day
28 pre-kindergarten programs and at least two and one-half hours per
29 school day for half-day pre-kindergarten programs; (ii) that agree
30 to offer instruction consistent with the New York state pre-kinder-

32 (iii) that ensure that, to the extent community-based providers are

35 tion law; and (iv) that otherwise comply with all of the same rules
36 and requirements as universal pre-kindergarten programs pursuant to
37 section 3602-e of the education law except as modified herein.
38 Provided, further, that a school district's pre-kindergarten grant
39 shall equal the product of (A) (i) two multiplied by the approved

41 approved number of half-day pre-kindergarten placement conversions
42 and new half-day pre-kindergarten placements, and (B) the district's
43 selected aid per pre-kindergarten pupil pursuant to subparagraph i
44 of paragraph b of subdivision 10 of section 3602-e of the education
45 law; provided, however, that no district shall receive a grant in
46 excess of the total actual grant expenditures incurred by the
47 district in the current school year as approved by the commissioner.
48 Provided, further, that as a condition of eligibility for receipt of
49 such funding, a school district shall agree to adopt approved quali-
50 ty indicators within two years, including, but not limited to, valid
51 and reliable measures of environmental quality, the quality of
52 teacher-student interactions and child outcomes, and ensure that any
53 such assessment of child outcomes shall not be used to make highs-
54 takes educational decisions for individual children. Provided,
55 further, that no school district shall receive more than forty
56 percent of the total pre-kindergarten grant allocation.

1 Provided, further, that notwithstanding any provision of law to the
2 contrary, the \$10,000,000 appropriated herein available for school-

8 issued by the commissioner. Provided, further, that such grants
9 shall be awarded based on factors including, but not limited to, the
10 following: (i) the school district's proposal to target the schools
11 and students with the greatest need, and (ii) proposal quality.
12 Provided, further, that to assess proposal quality in order to award
13 implementation grant funding, the commissioner shall take into
14 account factors including, but not limited to: (i) the extent to
15 which the school district's proposal would maximize the use of the
16 additional learning time through a comprehensive restructuring of
17 the school day and/or year, (ii) the extent to which the proposal
18 would provide additional learning time for students in grades six
19 through eight, and (iii) how the additional learning time would be
20 utilized, including, but not limited to, additional time spent on
21 core academics. Provided, however, that no district shall be eligi-
22 ble to receive a school-wide extended learning grant unless its
23 proposal would increase student learning time by at least 25
24 percent. Provided, further, that a school district's schoolwide
25 extended learning implementation grant shall equal its average daily
26 attendance in the school-wide extended learning program multiplied
27 by the expected cost per pupil of the additional learning time;
28 provided, further, that the expected cost per pupil of the addi-
29 tional learning time shall equal the greater of \$1,500 or (A) the
30 quotient of (i) the school district's approved operating expense,
31 pursuant to paragraph t of subdivision 1 of section 3602 of the
32 education law, for the year prior to the base year, divided by (ii)
33 the district's public school district enrollment, pursuant to
34 subparagraph (2) of paragraph n of such subdivision, for the year
35 prior to the base year, multiplied by (B) 10 percent (0.10), multi-
36 plied by (C) the quotient of (i) the average of the national consum-
37 er price indexes determined by the United States department of labor
38 for the 12-month period preceding January first of the base year,
39 divided by (ii) the average of the national consumer price indexes
40 determined by the United States department of labor for the 12-month
41 period preceding January first of the year two years prior to the
42 base year; provided, however, that in extraordinary cases the
43 commissioner may award a grant that exceeds the per pupil limit
44 described above; provided further, however, that no district shall
45 receive a grant in excess of the total actual grant expenditures
46 incurred by the district in the current school year as approved by
47 the commissioner. Provided, further, that no school district shall
48 receive more than forty percent of the total school-wide extended
49 learning grant allocation.

50 Provided, further, that notwithstanding any provision of law to the
51 contrary, the \$7,500,000 appropriated herein available for community
52 schools grants shall be awarded, based on a request for proposals
53 (i) developed by the state council on children and families in coor-

An eligible entity that is a not-for-profit may apply for a community school grant provided that it collaborates with the city school district of the city of New York and receives the approval of the chancellor of the city school district of the city of New York. Provided, further, that such grants shall be awarded based on factors including, but not limited to, the following: (i) measures of school district need, (ii) measures of the need of students to be served by each of the school districts, (iii) the school district's proposal to target the highest need schools and students, (iv) the sustainability of the proposed community schools program, and (v) proposal quality. Provided, further, that to assess proposal quality in order to award such funding, the commissioner shall take into account factors including, but not limited to: (i) the extent to which the school district's proposal would provide such community services through partnerships with local governments and non-profit organizations, (ii) the extent to which the proposal would provide for delivery of such services directly in school buildings, (iii) the extent to which the proposal articulates how such services would facilitate measurable improvement in student and family outcomes, (iv) the extent to which the proposal articulates and identifies how existing funding streams and programs would be used to provide such community services, and (v) the extent to which the proposal ensures the safety of all students, staff and community members in school buildings used as community hubs. Provided, however, that community schools grants appropriated herein shall be paid to school districts in installments upon successful implementation of each phase of a school district's approved proposal. Provided, further, that no school district shall receive more than forty percent of the total community schools grant allocation, and that each individual community school site shall be limited to a maximum grant of \$500,000. Provided, further, that notwithstanding any provision of law to the contrary, the \$5,500,000 appropriated herein available for a master teachers program shall support the award of stipends of \$15,000 per annum over four years to individual high-performing teachers in math, science and related fields, and of related costs, administered by the state university of New York pursuant to a plan developed in consultation with the commissioner, who shall consult with appropriate state organizations representing K-12 public school teachers, and approved by the director of the budget, to build a corps of outstanding math, science and related fields teachers in order to improve the quality of instruction at public secondary schools. Provided, further, that priority shall be given to applicants

1 in regions of the state where a similar program is not otherwise
2 offered. Notwithstanding any provision of law to the contrary, upon
3 approval of the director of the budget, such \$5,500,000 of master
4 teachers program funding may be sub-allocated, interchanged, trans-
5 ferred or otherwise made available to the state university of New
6 York for the sole purpose of administering such program. Nothing
7 herein shall be construed to limit the rights of labor organizations
8 to collectively bargain terms and conditions pursuant to article 14
9 of the civil service law.

10 Provided, further, that notwithstanding any provision of law to the
11 contrary, the \$2,000,000 appropriated herein available for the early
12 college high school program shall support the continuation and
13 expansion of such program pursuant to a plan developed by the
14 commissioner and approved by the director of the budget. Provided,
15 however, that a portion of the payments to early college high school
16 programs awarded funding from this appropriation shall be awarded on
17 a sliding scale based upon the number of college credits earned

30 contrary, of the amount appropriated herein, a minimum of
31 \$12,500,000 PER YEAR shall be available IN THE 2014-15 THROUGH
32 2016-17 SCHOOL YEARS for the payment of grant awards [made in the

42 Provided further that, notwithstanding any provision of law to the
43 contrary, the \$2,500,000 appropriated herein available for pathways
44 in technology early college high school (P-TECH) program grants
45 shall be awarded pursuant to a plan developed by the commissioner
46 and approved by the director of the budget, provided that such plan
47 shall include but not be limited to (i) assurances that K-12, higher
48 education and private-sector partners commit to the required
49 elements and responsibilities of a P-TECH program, (ii) provisions
50 to ensure regional diversity of grant recipients, and (iii) priority
51 for P-TECH programs serving students in academically challenged
52 school districts; provided further that the commissioner shall make
53 available the request for proposals for such program on or before
54 May fifteenth and the commissioner shall issue awards on or before
55 August fifteenth; and provided further that a portion of the
56 payments to P-TECH programs awarded funding from this appropriation

1 shall be made on a sliding scale based upon the number of college
2 credits earned annually by participating students, consistent with
3 guidelines established by the commissioner. Provided further that,
4 notwithstanding any provision of law to the contrary, higher educa-
5 tion partners participating in a P-TECH program, or the
6 entity/entities responsible for setting tuition at the institution,
7 shall be authorized to set a reduced rate of tuition and/or fees, or
8 to waive tuition and/or fees entirely, for students enrolled in such
9 P-TECH program with no reduction in other state, local or other

23 commissioner, pursuant to such districts' approved applications;
24 provided that in making such grants the commissioner shall prior-
25 itize school districts' applications based on factors including but

27 cation would recognize and reward such teachers in school buildings
28 with the greatest academic need, in difficult-to-staff subject or
29 certification areas and grade levels, and at critical points in a
30 teacher's career in order to encourage highly effective teachers to
31 remain in the classroom, and (ii) the quality of the school
