THE HEAD AND STAFF OF THE OFFICE SHALL BE REFLECTIVE OF THE PEOPLE THEY SERVE AND SHALL INCLUDE LICENSED AND/OR CREDENTIALLED INDIVIDUALS WITH SUBSTANTIAL EXPERIENCE IN BRAIN INJURY REHABILITATION.

S 2741. Definitions. As used in this article:

1. "OFFICE" MEANS THE OFFICE OF BRAIN INJURY.

["Traumatic brain] 2. "BRAIN injury" means A TRAUMATIC OR an acquired injury to the brain caused by EITHER an external physical force OR INTERNAL ACTION resulting in total or partial disability or impairment and shall include but not be limited to damage to the central nervous system from anoxic/hypoxic episodes or damage to the central nervous system from allergic conditions, toxic substances and other acute medical/clinical incidents. Such term shall include, but not be limited to, open and closed brain injuries that may result in mild, moderate or severe impairments in one or more areas, including cognition, language, memory, attention, reasoning, abstract thinking, judgment, problem-solving, sensory perceptual and motor abilities, psycho-social behavior, physical functions, information processing and speech. Such term shall not include progressive dementias and other mentally impairing conditions, depression and psychiatric disorders in which there is no known or obvious central nervous system damage, neurological, metabolic and other medical conditions of chronic, congenital or degenerative nature or brain injuries induced by birth trauma.

[2] 3. "Concussion" [means a mild] OR "MILD traumatic [injury to the brain that is characterized by immediate and transient alteration of mental status and level of consciousness, resulting from mechanical force or trauma] INJURY" MEANS A COMPLEX PATHOPHYSIOLOGIC PROCESS AFFECTING THE BRAIN, INDUCED BY TRAUMATIC BIOMECHANICAL FORCES SECONDARY TO DIRECT OR INDIRECT FORCES TO THE HEAD THAT DISRUPTS THE FUNCTION OF THE BRAIN. IT RESULTS IN A CONSTELLATION OF PHYSICAL, COGNITIVE, EMOTIONAL AND/OR SLEEP RELATED SYMPTOMS, AND MAY OR MAY NOT INVOLVE A LOSS OF CONSCIOUSNESS.

S 2742. Functions, powers and duties of the [department] OFFICE. The [department] OFFICE shall have the following powers and duties:

1. to develop a comprehensive statewide program that includes medical, housing, vocational, educational, transportation, social, personal care, family support, day program services, community re-entry services, outpatient rehabilitation services and other essential services;

2. to develop outreach services to provide coordinated information regarding assistance available to persons with [traumatic] brain injury and their families;

3. to develop and maintain a clearinghouse of information on [traumatic] brain injuries and concussions, including but not limited to, resources that support the development and implementation of community-based services and rehabilitation;

4. to track the amount of and cost of services provided to persons with [traumatic] brain injury placed in out-of-state treatment settings;

5. to develop innovative educational programs on the causes and prevention of [traumatic] brain injuries and concussions, with an emphasis on outreach campaigns. Such programs and information shall include, but not be limited to, treatment and services for persons with [traumatic] brain injury and/or a concussion and their families;

6. to accept and expend any grants, awards of other funds or appropriations as may be available for these purposes, subject to limitations as

1 to the approval of expenditures and audits as prescribed for state funds
2 by the state finance law;

3 7. to gather and disseminate statistics and conduct investigations and
4 research relating to the causes and prevention of [traumatic] brain
5 injuries and concussions and the treatment of such injuries, including
6 the methods and procedures for rehabilitation, including from time to
7 time, such publications for distribution to appropriate scientific
8 organizations;

9 8. to contract with independent consultants to conduct assessments of
10 the needs of persons with [traumatic] brain injury;

11 9. to develop training programs for persons providing discharge plans
12 and case management; and

13 10. to develop standards for licensing or certifying residential and
14 non-residential services for persons with [traumatic] brain injury to
15 the extent that such services are not otherwise subject to the jurisdic-
16 tion of another state agency.

17 S 2743. Funding of [traumatic] brain injury services. 1. The [depart-
18 ment] OFFICE shall develop AND SUBMIT TO THE COMMISSIONER AND THE GOVER-
19 NOR, a biennial plan and priorities for the funding of services and
20 programs as authorized by this article, with emphasis on the development
21 and expansion of community-based services and programs.

22 2. Such plan shall provide for the development of services, dispersed
23 geographically to the extent feasible, which shall minimize the need for
24 out-of-state placements and promote the return of individuals currently
25 placed out-of-state to enhance family involvement and promote community
26 reintegration.

27 3. The [department] OFFICE shall, to the extent feasible, utilize
28 existing organizations with demonstrated interest and expertise in serv-
29 ing persons with [traumatic] brain injuries and shall, within funds
30 available, enter into contracts with such organizations.

29 cil there shall be established a concussion management advisory commit-
30 tee which shall develop recommendations specific to concussion manage-
31 ment, academic scholarship, and public awareness for submission to the
32 [traumatic] brain injury services coordinating council for consider-
33 ation. The committee shall consist of members appointed from the
34 membership of the [traumatic] brain injury services coordinating council
35 by a majority vote of the council. Additional committee members may be
36 appointed by the commissioner and shall have demonstrated experience
37 with or expertise in one of the following areas: public health expertise
38 related to mild traumatic brain injuries and concussions, academic
39 research in the area of MILD traumatic brain injuries and concussion
40 management, and public awareness experience related to the recognition
41 of mild traumatic brain injuries and concussions. Committee membership
42 shall not exceed twelve members. The committee may consult with a member
43 or members of the public who have demonstrated expertise and interest in
44 mild traumatic brain injuries and concussions.

45 (b) The recommendations of the advisory committee shall include, but
46 not be limited to:

47 (i) methods to raise public awareness of mild traumatic brain injuries
48 and concussions;

49 (ii) the development of outreach services to provide coordinated
50 information regarding the recognition and management of mild traumatic
51 brain injuries and concussions; and

52 (iii) the development of a clearinghouse of academic research and
53 scientific findings related to the recognition, management, and treat-
54 ment of mild traumatic injuries and concussions.

55 S 2. This act shall take effect immediately.
