2015-2016 Regular Sessions

IN SENATE

June 3, 2015

Introduced by Sen. MARCHIONE -- read twice and ordered printed, and when printed to be committed to the Committee on Agriculture

AN ACT to establish the retail food stores in underserved areas task force

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative intent. The legislature finds that the lack of access to healthy foods is a problem of growing concern in many communities across the state. High land values and commercial rents, restrictions, licensing and permitting delays, trucking and delivery 5 expenses, limited access to financing, and other economic pressures have left many lower-income residents in urban and rural areas underserved by 7 full service supermarkets and other food retail establishments. resulting lack of access to affordable and nutritious food makes it more 8 9 and expensive for these residents to maintain a nutritionally balanced diet which negatively impacts public health and increases asso-10 ciated medical costs. Lack of access not only results in higher prices 11 12 for healthy foods, but also increased expenditures for transportation by those already living on limited incomes. The wholesale food available 13 14 for sale to existing retailers in underserved communities is often imported from outside the state and this reduces potential opportunities 15 for the state's farmers to sell locally-grown or produced food products. 16 17 Retailers who seek to open a business in underserved areas face an array 18 state, and local laws and regulations and the accompanying federal, 19 approvals, permits, and fees which are necessary for the protection of 20 the public. To address the lack of healthy food and retail stores that can provide it there is a need for a task force to identify barriers to 21 the establishment or expansion of food retailers in these areas and how 22 23 to better assist such businesses in navigating the path to establish-24 ment.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [] is old law to be omitted.

LBD11222-01-5

S. 5806 2

S 2. For the purposes of this act an underserved area is defined as a low- or moderate-income census tract, an area of below average supermarket density, or an area having a supermarket customer base with more than 50 percent living in a low-income census tract.

- S 3. The retail food stores in underserved areas task force is hereby established. 1. The governor shall convene a task force to identify barriers to start-up or expansion by food retailers in underserved areas of the state and how to better assist such businesses in getting necessary approvals for successful operation.
- 2. The membership of the task force shall include representation from appropriate state agencies including, but not limited to, the departments of agriculture and markets, health, taxation and finance, labor, the empire state development corporation, the office of temporary and disability assistance, and the state liquor authority. Members shall also include, but not be limited to, representatives of the retail food industry, wholesale food industry, farmers, community development financial institutions that have worked to recruit food retailers to underserved areas, and local governments including cities, town, villages and counties. The role of the task force includes, but is not limited to:
- (a) Assessing issues relating to the impact of local zoning rules and their application to retail food business start-up or expansion in underserved areas including the time periods for securing approvals.
- (b) Assessing issues relating to state, local and federal licensing and permits required to open a full service supermarket or other retail food business in underserved areas, including approval for the Women, Infants, and Children (WIC) nutrition program and Supplemental Nutrition Assistance Program (SNAP).
- (c) Identifying statutory, regulatory and administrative changes to streamline and simplify government approvals necessary for the successful establishment of retail food businesses in underserved areas in a manner that would increase the number of such businesses in such areas.
- (d) Reviewing existing guidance information related to government requirements necessary for retail food business operation to ensure that such information is accurate and up-to-date and clearly communicates what is required.
- S 4. The task force shall issue its findings, in the form of a report to the governor, the speaker of the assembly, and the majority leader of the senate, no later than February 1, 2017.
 - S 5. This act shall take effect immediately.
