2015-2016 Regular Sessions

IN SENATE

June 12, 2015

Introduced by Sen. SAVINO -- read twice and ordered printed, and when printed to be committed to the Committee on Rules

AN ACT relating to technology systems used for locating missing children with developmental disabilities

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The legislature hereby finds that the tragedy of Avonte Oquendo who wandered away from his school never to be found alive again highlights the continuing need to find ways to protect children with developmental disabilities. Furthermore, the legislature finds that timing plays a crucial role in preventing wandering incidents and wandering-related deaths of children with autism or other developmental disabilities. Because of this, the legislature finds that coordination of search and rescue protocols that involve locator devices work most effectively when systems are coordinated.

- S 2. The commissioner of the division of criminal justice services, in consultation with the commissioner of the office for people with developmental disabilities, shall review information technology systems used for locating missing children with developmental disabilities including those that have been established by local governments for locating missing persons for the purpose of making recommendations on the creation of a statewide communication program that could be utilized by entities operating such locator systems. Such review shall include but not be limited to:
- a. a survey of all current information technology systems used by local governments including but not limited to global positioning systems, radiotermination technology, telemetry and satellite positioning systems;
- 23 b. an analysis of appropriate means for coordination of information 24 sharing amongst entities that currently utilize locator systems;

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [] is old law to be omitted.

S. 5932 2

c. a standardized process to assist local governments and other entities interested in establishing a locator system;

- d. a process for synchronizing locator systems throughout the state; and
- e. appropriate response procedures by law enforcement when conducting search and rescue operations involving a child with developmental disabilities.
- S 3. Such review and recommendations made pursuant to section two of this act shall be published in a report and provided to the governor, temporary president of the senate and speaker of the assembly no later than one hundred twenty days following enactment.
- S 4. The superintendent of the department of financial services, in consultation with the commissioner of the department of health, shall conduct a study to review health insurance coverage of technology systems used for locating children with developmental disabilities when the treating physician or other licensed health care provider deems it necessary for the health and safety of the child. In conducting its study, the department of financial services shall consider whether and to what extent insurance companies in the state currently cover technology systems used for locating children with developmental disabilities; whether and to what extent coverage of technology systems used for locating children with developmental disabilities would impact premiums; the cost to the state of the new mandate; and to what extent coverage should include rate of use, repair and maintenance, and monthly subscriber fees.
- S 5. The department of financial services shall consult with relevant stakeholders, including insurance companies, consumer advocacy groups, disability advocacy groups, and any other person or entity such department deems necessary. Such department shall issue a report of its findings as well as its recommendations as to whether insurance coverage of technology systems used for locating children with developmental disabilities is feasible, the extent to which such coverage should be provided, and the impact this would have on premiums as well as the cost to the state. Such department shall submit its report to the governor, the temporary president of the senate, the speaker of the assembly, and the chairs of the senate and assembly standing committees on insurance no later than one hundred eighty days following the effective date of this act.
 - S 6. This act shall take effect immediately.
