Introduced by Sens. STEWART-COUSINS, LATIMER -- read twice and ordered printed, and when printed to be committed to the Committee on Education

AN ACT establishing the Yonkers city school district joint schools construction and modernization act; and to amend the education law and the public authorities law, in relation to implementing such joint schools construction and modernization act

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Short title. This act shall be known and may be cited as  
2     "the Yonkers city school district joint schools construction and modern-  
3     ization act".  
4     S 2. Legislative findings and declaration of need. The legislature  
5     finds that Yonkers schools have a growing population yet the average age  
6     of the school buildings in Yonkers is seventy-five years with the oldest  
7     building at one hundred nineteen years old; nine are over ninety-seven  
8     years old and most are past their useful life and in need of extensive  
9     refurbishment. The age of buildings in Yonkers is significantly over  
10    the sixty-five years average age of schools in New York State. Even by  
11    maximizing the debt borrowing under existing constitutional and statuto-  
12    ry limits Yonkers city is unable to finance modernization of its facili-  
13    ties at a reasonable rate as needs are far greater than the availability  
14    of capital. The city school district's facilities are landlocked in  
15    highly dense urban neighborhoods lacking proper school bus loops,  
16    athletic facilities and other essential school amenities required for  
17    the safe and proper administration of an educational institution, and  
18    while Yonkers city has invested significant capital, deterioration of  
19    building stock outpaces the district's ability to repair it.  
20    The legislature further finds that such deterioration of the schools  
21    and inability to expand school sites to provide even a modicum of  
22    customary facilities and amenities to students is a serious impediment  
23    to learning and teaching. If the quality of education in the city is to  
24    be improved, existing schools must be rehabilitated and reconstructed  
25    and new city schools must be built. This will include the retirement of

old facilities which will be replaced by more efficiently operating buildings with better use of space. Renovations shall result in facilities more conducive to current education requirements and shall be equipped to operate at lower maintenance costs with improved energy efficiency.

The city of Yonkers' student population has been rising, especially with students with special needs and students with English as a second language. Yonkers' increased enrollment has required overuse of available classroom space for regular instruction and resulted in a shortage of libraries, art rooms, music rooms, computer rooms and other common school facility elements. Construction of new facilities will allow for reallocation of classroom space to essential specialized uses. However the city's fiscal limitations magnify the inability to maintain existing aging facilities or provide new facilities to accommodate the increasing student populations. Yonkers is unable to pursue a modernization program without special legislation as was provided to the Buffalo, Rochester and Syracuse city school districts. As a result the city of Yonkers has an immediate need for special legislation providing for new school buildings and a joint schools construction and modernization program patterned after the mechanism for funding received by or related to the Buffalo, Rochester and Syracuse school districts.

The legislature further finds that as a result of the foregoing, legislation granting certain new or additional authority to the city and the city school district of the city of Yonkers as set forth in such legislation is necessary, which authority should enable both parties to better, more economically and more innovatively manage the acquisition, design, construction, financing, operation, and maintenance of new educational facilities.

27 a participant and in which the member might have a conflicting interest.  
28 The policy shall require that each board member annually resubmit such  
29 written statement. The county board of ethics shall provide a copy of  
30 all completed statements to each board member.

32 subdivision 3 of section 2825 of the public authorities law, it shall be  
33 deemed in compliance with this subdivision.

35 board to adopt any specific conflict of interest policy not otherwise  
36 required by this subdivision or any other law or rule, or to supersede  
37 or limit any requirement or duty governing conflicts of interest  
38 required by any other law or rule.

39 (g) (1) The board shall not enter into any related party transaction  
40 unless the transaction is determined by the board to be fair, reasonable  
41 and in the board's best interest at the time of such determination. Any  
42 member, officer or employee who has an interest in a related party tran-  
43 saction shall disclose in good faith to the board the material facts  
44 concerning such interest.

45 (2) With respect to any related party transaction in which a related

52 (3) SED may bring an action to enjoin, void or rescind any related  
53 party transaction or proposed related party transaction that violates  
54 any provision of this section or was otherwise not reasonable or in the  
55 best interests of the board at the time the transaction was approved, or  
56 to seek restitution, and the removal of members or officers, or seek to

1 require any person or entity to: (i) account for any profits made from  
2 such transaction, and pay them to the board; (ii) pay the board the  
3 value of the use of any of its property or other assets used in such  
4 transaction; (iii) return or replace any property or other assets lost  
5 to the board as a result of such transaction, together with any income

11 (4) No related party may participate in deliberations or voting relat-  
12 ing to a related party transaction in which he or she has an interest;  
13 provided that nothing in this section shall prohibit the board from  
14 requesting that a related party present information as background or  
15 answer questions concerning a related party transaction at a board meet-  
16 ing prior to the commencement of deliberations or voting relating there-  
17 to.

18 (h) Notwithstanding any other provision of any general, special or  
19 local law, municipal charter or ordinance to the contrary, for the  
20 purposes of title 2 of article 1 of the public authorities law the board

22 S 5. Joint schools construction and modernization plan; project costs.

23 (a) The superintendent, in consultation with the Yonkers board of educa-  
24 tion, shall submit to the YJSC board a comprehensive draft plan recom-  
25 mending and outlining the projects for phase one it proposes to be  
26 undertaken pursuant to this act. The YJSC board shall consider the plan  
27 in developing a comprehensive joint schools construction and moderniza-  
28 tion plan recommending and outlining the projects it proposes to be  
29 potentially undertaken pursuant to this act. The comprehensive joint  
30 schools construction and modernization plan shall include:

31 (1) an estimate of total costs to be financed, not to exceed five  
32 hundred twenty-three million dollars (\$523,000,000), plus such addi-  
33 tional amount of bonds, notes and other obligations necessary to provide  
34 for a debt service reserve fund and to pay reasonable costs of issuance,  
35 a proposed financing plan, a proposed method of financing, terms and  
36 conditions of the financing, and estimated financing costs (calculated  
37 on a net interest cost basis). The plan shall address what specific  
38 options would be used to ensure that sufficient resources exist to cover  
39 the local share of any such project cost on an annual basis;

40 (2) information concerning the number of buildings to be constructed  
41 or reconstructed to the satisfaction of SED;

42 (3) a district wide technology plan and a description of related inci-  
43 dental expenses;

44 (4) information concerning the potential persons to be involved in the  
45 financing and such persons' roles and responsibilities;

46 (5) estimates on the design, construction, reconstruction and rehabil-  
47 itation costs by project, any administrative costs for potential  
48 projects, and an outline of the timeframe expected for completion of  
49 each potential project;

50 (6) direction to the program manager in the implementation of the  
51 plan;

52 (7) any proposed amendments to the city school district's five year  
53 capital facilities plan submitted in accordance with subdivision 6 of  
54 section 3602 of the education law, the regulations of the commissioner  
55 and the provisions of this section; and

1 (8) a diversity plan, in compliance with section eleven of this act,  
2 to develop diversity goals, including appropriate community input and  
3 public discussion, and develop strategies that would create and coordi-  
4 nate any efforts to ensure a more diverse workforce for the projects.  
5 The MWBE/DBE utilization master plan should address accountability for  
6 attainment of the diversity goals, what forms of monitoring would be  
7 used, and how such information would be publicly communicated. Prior to  
8 the development of the comprehensive joint schools construction and  
9 modernization plan, the YJSC board and district shall hold not less than  
10 one public hearing per school site to ensure sufficient public input and  
11 allow for significant public discussion on school building needs in such  
12 city, with at least one such hearing to be held in each neighborhood  
13 potentially impacted by a proposed project and in each neighborhood from  
14 which the majority of students impacted reside. The hearing must be  
15 widely publicized, including, but not limited to, social media distrib-  
16 ution by the board of education and the YJSC board. The Yonkers joint  
17 schools construction board shall submit the components of such plan  
18 described in paragraph one of this subdivision to the comptroller, along  
19 with any other information requested by the comptroller, for his or her  
20 review and approval.

21 (b) The aggregate amount of project costs authorized and undertaken  
22 pursuant to this act as phase one shall not exceed five hundred twenty-  
23 three million dollars (\$523,000,000), plus such additional amount of  
24 bonds, notes and other obligations necessary to provide for a debt  
25 service reserve fund and to pay reasonable costs of issuance, unless  
26 otherwise authorized by law. Due to the urgent need to address increased  
27 enrollment, phase one shall consist of construction of up to three new  
28 schools along with critical infrastructure system replacements at the  
29 existing schools to maintain safe operation of the existing schools  
30 until future renovations are made as part of the joint schools  
31 construction and modernization plan. Such infrastructure system replace-  
32 ment will be coordinated so that the work remains in place and is incor-  
33 porated into the future renovation of the schools.

34 (c) Notwithstanding the provisions of any other general, special, or  
35 local law to the contrary, for purposes of undertaking projects author-  
36 ized pursuant to this act, the YJSC board is hereby authorized to plan,  
37 and for state building aid calculation purposes, SED is hereby author-  
38 ized to permit the YJSC board to undertake projects that utilize a maxi-  
39 mum cost allowance approach determined on a city school district wide  
40 basis at ninety-eight percent (98%) of approved costs rather than on an  
41 individual building basis.

42 S 6. Project eligibility. To be eligible for selection as a project to  
43 be undertaken pursuant to this section, such project shall be included  
44 by the city school district in its joint schools construction and  
45 modernization plan as a special section of the district's five-year  
46 capital facilities plan that is required pursuant to subdivision 6 of  
47 section 3602 of the education law and the regulations of the commission-  
48 er. The facilities modernization plan and any portions of such plan  
49 relating to such projects, including any amendments thereto, shall have  
50 the contents required in the regulations of the commissioner and shall  
51 be submitted to the commissioner for approval. Notwithstanding anything  
52 to the contrary in this section, the city school district may elect to  
53 finance a project under its ongoing capital improvement plan pursuant to  
54 the powers and authority granted to all school districts in the state or  
55 as part of the joint schools construction and modernization plans pursu-  
56 ant to the special powers and authority granted to the city school

1 district and the YJSC board by this act. Commencing on the effective  
2 date of this section, the city school district shall create and maintain  
3 a written schedule listing each project undertaken, certified to annual-  
4 ly by the city's commissioner of finance, which schedule shall identify  
5 each project and its cost and formally designate such project as being  
6 undertaken pursuant to either the joint schools construction and modern-  
7 ization plan or the capital improvement plan.

8 S 7. Determination of projects. (a) Upon approval by the commissioner  
9 of the YJSC board's joint schools construction and modernization plan,  
10 the YJSC board may select projects to be undertaken pursuant to this  
11 section, as provided for in such approved joint schools construction and  
12 modernization plan. After the board has selected a new project and plans  
13 and specifications for such project have been prepared and approved by  
14 the board, which are consistent with the approved comprehensive plan,  
15 the board shall deliver such plans and specifications to the commission-  
16 er for his or her approval. After approval by the commissioner, the  
17 plans and specifications shall be returned to the board. All such spec-  
18 ifications shall detail the number of students the completed project is  
19 intended to serve, the site description, the types of subjects to be  
20 taught, the types of activities for school, recreational, social, safe-  
21 ty, or other purposes intended to be incorporated in the school building  
22 or on its site and such other information as the board and the commis-  
23 sioner shall deem necessary or advisable.

24 (b) The YJSC board, upon receipt of such approved plans and specifica-  
25 tions for a project may enter into contracts for such project, as  
26 described in section eight of this act.

27 S 8. Contracts. Notwithstanding the provisions of any general,  
28 special, or local law or judicial decision to the contrary:

29 (a) (1) The YJSC board is hereby authorized and empowered to enter  
30 into contracts, leases, rental agreements, installment purchase  
31 contracts or other arrangements relating to the design (pursuant to the  
32 approved plans and specifications), construction, reconstruction, reha-  
33 bilitation, equipping, financing or managing of one or more projects  
34 undertaken pursuant to this section with any person, upon such terms and  
35 conditions and for such consideration and for such terms and duration,  
36 not to exceed thirty years, as may be agreed upon by the board and such  
37 person notwithstanding the provisions of any other general, special, or  
38 local law to the contrary, relating to the length, duration, and terms  
39 of contracts that the city or the city school district may enter into,  
40 as set forth in subdivision (e) of this section. The district program  
41 manager shall establish reasonable guidelines or limits on incidental  
42 costs to assure that to the greatest extent possible such costs for each  
43 project do not exceed the state's maximum incidental cost allowance, in  
44 order to maximize efficient use of state building aid.

45 (2) Notwithstanding any other provision of law to the contrary, the  
46 YJSC board shall submit estimated project costs for the projects author-  
47 ized pursuant to paragraph five of subdivision (a) of section five of  
48 this act after the completion of schematic plans and specifications for  
49 review by the commissioner. If the total project costs associated with  
50 such projects exceed the sum of the estimated individual approved cost  
51 allowance of each building project by more than the lesser of fifty-two  
52 million dollars (\$52,000,000) or ten percent of the approved costs, and  
53 the city school district has not otherwise demonstrated to the satisfac-  
54 tion of the SED the availability of additional local shares for such  
55 excess costs, then the YJSC board shall not proceed with the preparation  
56 of final plans and specifications for such projects until the projects

1 have been redesigned or value-engineered to reduce estimated project  
2 costs so as not to exceed the above cost limits.

3 (3) Notwithstanding any other provision of law to the contrary, the  
4 YJSC board shall submit estimated project costs for the projects author-  
5 ized pursuant to paragraph five of subdivision (a) of section five of  
6 this act after the completion of fifty percent of the final plans and  
7 specifications for review by the commissioner. If the total project  
8 costs associated with such projects exceed the sum of the estimated  
9 individual approved cost allowance of each building project by more than  
10 the lesser of fifty-two million dollars (\$52,000,000) or ten percent of  
11 the approved costs, and the city school district has not otherwise  
12 demonstrated to the satisfaction of the SED the availability of addi-  
13 tional local share for such excess costs, then the YJSC board shall not  
14 proceed with the completion of the remaining fifty percent of the plans  
15 and specifications for such projects until the projects have been rede-  
16 signed or value-engineered to reduce estimated project costs so as not  
17 to exceed the above cost limits.

18 (b) A contract entered into between the board, or other entity author-  
19 ized by this act, and any person pursuant to this section may be awarded  
20 either pursuant to public bidding in compliance with section 103 of the  
21 general municipal law or, in order to foster major investment in exist-  
22 ing school buildings or new school buildings and to deliver quality  
23 products and services that are beneficial to the city school district  
24 and the public it serves, on the basis of factors other than cost alone,  
25 including, but not limited to, adherence to facility design, quality and  
26 durability or materials, energy efficiency, incorporating systems and  
27 approaches which provide maximum facility value using the best current  
28 development, construction, leasing, and financing techniques available,  
29 and maximization of state building aid, and such a contract may be  
30 entered into pursuant to the following provisions of this section for  
31 the award of a contract based on evaluation of proposals submitted in  
32 response to a request for proposals prepared by or for the board;  
33 provided, however, that contracts or agreements involving construction  
34 which are not awarded in compliance with section 103 of the general  
35 municipal law must include a project labor agreement in accordance with  
36 paragraph (f) of this subdivision. If a project labor agreement is not  
37 performed on the project, all construction contracts must be awarded  
38 pursuant to sections 101 and 103 of the general municipal law.

39 (c) Notwithstanding any provision of this act which allows for alter-  
40 native methods of financing or contract delivery or alternative owner-  
41 ship arrangements, including projects owned, leased or financed by an  
42 industrial development authority, all work performed on any project  
43 authorized by this act where all or any portion thereof involves a  
44 lease, grant, bond, covenant, debt agreement, permit, contract or agree-  
45 ment entered into by the YJSC board or any other entity for  
46 construction, demolition, reconstruction, excavation, rehabilitation,  
47 repair, renovation, alteration, or improvement shall be deemed public  
48 work and shall be subject to and performed in accordance with the  
49 provisions of article 8 of the labor law to the same extent and in the  
50 same manner as a contract of the state, and compliance with all the  
51 provisions of article 8 of the labor law shall be required of any  
52 lessee, sublessee, contractor or subcontractor on the project including  
53 the enforcement of prevailing wage requirements by the fiscal officer as  
54 defined in paragraph e of subdivision 5 of section 220 of the labor law  
55 to the same extent as a contract of the state.

1 (d) Every contract entered into by the YJSC board or other authorized  
2 entity for a project shall contain a provision that the design of such  
3 project shall be subject to the review and approval of the Yonkers board  
4 of education and that the design and construction standards of such  
5 project shall be subject to the review and approval of the commissioner.  
6 In addition, every such contract shall contain a provision that the  
7 contractor shall furnish a labor and material bond guaranteeing prompt  
8 payment of moneys that are due to all persons furnishing labor and mate-  
9 rials pursuant to the requirements of any contracts for a project under-  
10 taken pursuant to this section and a performance bond for the faithful  
11 performance of the project, which shall conform to the provisions of  
12 section 103-f of the general municipal law, and that a copy of such  
13 performance and payment bonds shall be kept by the YJSC board and shall  
14 be open to public inspection.

15 (e) (1) The YJSC board or other authorized entity may require a  
16 contractor awarded a contract, subcontract, lease, grant, bond, covenant  
17 or other agreement for a project to enter into a project labor agreement  
18 during and for the work involved with such project when such requirement  
19 is part of the request for proposals for the project and when it has  
20 been determined that the record supporting the decision to enter into  
21 such an agreement establishes that it is justified by the interests  
22 underlying the competitive bidding laws, and (2) any contract, subcon-  
23 tract, lease, grant, bond, covenant or other agreement for projects  
24 undertaken pursuant to this act shall not be subject to sections 101 or  
25 103 of the general municipal law when the YJSC board or other authorized  
26 entity has chosen to require a project labor agreement. This exemption  
27 shall only apply to the projects undertaken pursuant to this act and  
28 shall not apply to projects undertaken by any other school district or  
29 municipality unless otherwise specifically authorized.

30 (f) All contracts entered into by the YJSC board or other authorized  
31 entity in excess of three million dollars (\$3,000,000) with respect to  
32 any contract for construction, reconstruction, demolition, excavation,  
33 rehabilitation, repair, renovation, alteration, or improvement shall  
34 require that each contractor and subcontractor shall participate in  
35 apprentice training programs registered by the department of labor.  
36 Participation in such an apprenticeship program means the contractor or  
37 subcontractor: (1) is signatory to a collective bargaining agreement  
38 with a labor organization which sponsors an apprenticeship program  
39 registered with the department of labor; (2) individually sponsors an  
40 apprenticeship program registered by the department of labor; or (3) is  
41 signatory to or otherwise bound by a project labor agreement covering  
42 the project which provides for the referral of apprentices. In all  
43 cases, such apprenticeship program must be specific to the type and  
44 scope of work which is being performed.

45 (g) For the purposes of article 15-A of the executive law, YJSC board  
46 shall be deemed a state agency as that term is defined in such article  
47 and such contracts shall be deemed state contracts within the meaning of  
48 that term as set forth in such article.

49 (h) In the event the YJSC board shall cease to exist for any reason  
50 whatsoever during the life of such contracts as it has entered into  
51 pursuant to this section, such contracts shall remain in full force and  
52 effect and the city and city school district shall stand in the place  
53 and stead of the board with respect to all rights and obligations under  
54 such contracts and with respect to all powers granted to the board by  
55 this section; provided, however, that such powers are exercised by the

city school district pursuant to its jurisdiction and the general laws applicable thereto, except as modified by this section.

S 9. Program manager. (a) The YJSC board shall utilize the services of a program manager selected by the city and the city school district through the request for proposal process to oversee the implementation of the joint schools construction and modernization plan. Prior to selection, the program manager must demonstrate satisfactory experience in planning, designing, and constructing new and/or reconstructing existing school buildings, public facilities, commercial facilities, and/or infrastructure facilities, and in the negotiation and management of labor contracts and agreements, training programs, educational programs, and physical technological requirements for educational programs.

(b) All contracts entered into by the YJSC board or other authorized entity for projects undertaken pursuant to this section shall be managed by such program manager. The program manager shall also review project schedules, review payment schedules, prepare cost estimates and review for coordination purposes the safety programs of contractors and all training programs, if required. The program manager shall implement procedures for verification by it that all work for which payment has been requested has been satisfactorily completed.

(c) The program manager, and its affiliates or subsidiaries, if any, shall be prohibited from awarding contracts or being awarded contracts for or performing any work other than contemplated for the program manager.

S 10. Requests for proposals for the award of projects. (a) The YJSC board shall consult with the commissioner in creating guidelines to be used in the preparation of individual requests for proposals in connection with projects prior to the development of any requests for proposals by the program manager. Prior to the issuance by the program manager of a request for proposals, the YJSC board shall cause to be published a notice of such issuance in the official newspaper of the city school district, if any, and in at least one newspaper of general circulation in the city. Concurrent with the publication of such notice, a draft request for proposals shall be filed with the YJSC board.

(b) Each proposal shall require the inclusion of the following information relating to each project:

(1) the background and experience of the person including any history of labor violations, and when applicable, the identity and experience of the person's general contractor, heating and plumbing contractor, electrical contractor, and design firm;

(2) the ability of the person to secure adequate financing, if applicable, including the identification of the firm, if any, that will be used for financing the project; and

(3) identification and specification of all direct and indirect costs which would become a charge to the YJSC board, in whatever form, relating to the project and such other information as may be determined to have a material bearing on the ability to evaluate any proposal.

(c) Proposals received in response to a request for proposals shall be evaluated taking into consideration (1) maximization of state building aid, (2) net cost, (3) the financial and organizational capacity of contractors and subcontractors in relation to the magnitude of work they may perform, the record of performance of contractors and subcontractors on previous work, the record of contractors and subcontractors in complying with existing labor laws, rules, or regulations and maintaining harmonious labor relations, and the commitment of contractors to

work with minority and women owned business enterprises pursuant to article 15-A of the executive law and disadvantaged business enterprises through subcontractor relationships, and (4) such additional factors set forth in the request for proposals, including, but not limited to, quality and durability of materials, energy efficiency, facility design incorporating systems and approaches which provide maximum facility value at the lowest possible cost for the reconstruction, rehabilitation and equipping, or new construction and equipping, of such projects.

(d)(1) A contract award may be made to any responsible person selected taking into consideration:

(i) maximization of state building aid;

(ii) net cost;

(iii) the financial and organizational capacity of contractors and subcontractors in relation to the magnitude of work they may perform, the record of performance of contractors and subcontractors on previous work, the record of contractors and subcontractors in complying with existing labor standards and maintaining harmonious labor relations, and the commitment of contractors to work with minority and women owned business enterprises pursuant to article 15-A of the executive law and disadvantaged business enterprises through subcontractor relationships; and

(iv) such additional factors set forth in the request for proposals, including, but not limited to, quality and durability of materials, energy efficiency, facility design incorporating systems and approaches which provide maximum facility value at the lowest possible cost for the reconstruction, rehabilitation and equipping, or new construction and equipping, of such projects.

(2) Notwithstanding the provisions of this subdivision, if an award is made to any person whose total proposal does not provide the lowest net cost, the city school district or the YJSC board shall adopt a resolution after a public hearing which includes particularized findings relevant to factors evaluated indicating that the requirements of the city school district or the YJSC board, as applicable, are met by such award and that such action is in the public interest. Any such contract may be a single guaranteed maximum price general contract, utilize a full construction management contract approach, or utilize a turnkey contract approach or any other method deemed advisable in the reasonable judgment of the YJSC board.

S 11. Compliance officer. All contracts entered into by the YJSC board for projects undertaken by this section shall be monitored by a compliance officer. The compliance officer shall have the authority to:

(a) develop, implement, advertise, promote and monitor policies and procedures to utilize and provide sufficient MWBE, DBE and skilled minority employment resources participation opportunities to be followed by prime contractors and subcontractors for such projects; and have access to all proposed bid specifications documentations, records, drawings, blueprints and any other documentation associated with such bid specifications;

(b) support the joint schools construction and modernization plan by developing and implementing an MWBE/DBE Utilization Master Plan for the governance of all project contracts;

(c) provide technical assistance to potential MWBE and DBE contractors and subcontractors interested in bidding on any such project;

(d) obtain and maintain records and documentation as are necessary to confirm compliance with any established MWBE, DBE or skilled minority employment resources utilization goals for any such project;

(e) identify contractors in non-compliance with the established MWBE, DBE or skilled minority employment resources utilization goals or in willful violation of any federal, state and local laws rules and regulations;

(f) monitor and report the upward/downward price adjustment and payment amounts to MWBE's and DBE's listed on contractors utilization plan for any such project; and

(g) develop and work with YJSC board to enforce agreed financial or monetary sanctions for any contractors non-compliance with MWBE/DBE Utilization Master Plan.

(h) the compliance officer shall report to the YJSC board on a monthly basis.

S 12. Building aid. (a) Notwithstanding any other general, special, or local law or provision or regulation, all costs under the joint schools construction and modernization plan approved by SED shall receive building aid from the state at a rate of ninety-eight percent (98%) of approved costs. Projects exceeding the Maximum Cost Allowance ("MCA") as identified by SED shall receive the calculated MCA equal to the policy of 2 five-year cycles. When the YJSC board exercises the option of combining 2 five-year cycles for a project, the facility shall not be eligible for aid for 10 years after project initiation.

(b) Notwithstanding any other provision of law, building aid that would otherwise be payable for the school district portion of expenditures for capital outlays and debt service for each project undertaken pursuant to the provisions of this act in accordance with subdivision 6 of section 3602 of the education law, shall be paid to the city.

S 13. Operation and maintenance. (a) Notwithstanding any other general, special, or local law or provision of this section to the contrary, any project undertaken pursuant to this section shall be operated and maintained by the board of education of the city school district in the same manner as existing school buildings owned by the city are operated and maintained by such board.

(b) Notwithstanding any other provision of any general, special, or local law to the contrary, any project undertaken pursuant to the provisions of this act shall be exempt from all taxes (including sales and use taxes), special assessments, and special ad valorem levies and from the payment of any and all charges and rents for sewer systems, both while such project is being constructed and during its use by the city school district for school purposes.

S 14. Maintenance of effort exclusion. Payment of debt service on bonds, notes or other obligations issued to secure financing for projects undertaken pursuant to this act shall not be considered when determining the "city amount" required pursuant to subparagraph (ii) of paragraph a of subdivision 5-b of section 2576 of the education law; provided, however, that this provision shall not otherwise affect the determination of said "city amount" with respect to funding unrelated to projects undertaken pursuant to this act.

S 15. SED oversight of projects. Nothing in this act shall be construed to exempt a project undertaken pursuant to this section from the review and approval procedures applied to such projects by SED when undertaken by the city school district pursuant to the education law.

S 16. Financing of projects. (a) To finance project costs authorized and undertaken pursuant to this act, bonds, notes and other obligations in an aggregate principal amount not to exceed five hundred twenty-three million dollars (\$523,000,000), plus such additional amount of bonds, notes and other obligations necessary to provide for a debt service

1 reserve fund and to pay reasonable costs of issuance, are authorized to  
2 be issued on behalf of the YJSC board pursuant to subdivisions (d) or  
3 (e) of this section; provided, however, that bonds, notes and other  
4 obligations issued to refund or advance refund previously issued bonds,  
5 notes and other obligations under this act may exceed such aggregate  
6 principal limitation; provided, further however, that any accretion of  
7 principal of bonds, notes and other obligations issue pursuant to the  
8 authority contained in this act that would constitute interest under the  
9 Internal Revenue Code of 1986, as amended shall not count against such  
10 aggregate principal limitation. Any bonds, notes or other obligations  
11 issued by or on behalf of the YJSC board pursuant to this act, and the  
12 income therefrom shall, to the maximum extent practicable, be exempt  
13 from taxation.

14 (b) Notwithstanding the provisions of any other general, special, or  
15 local law to the contrary, any bonds, notes or other obligations issued  
16 to finance any project authorized and undertaken pursuant to this act,  
17 including ancillary financing costs described in subdivision (a) of this  
18 section, may be issued without regard to any debt limitation applicable  
19 to the city or the city school district or any instrumentality thereof.

20 (c) Notwithstanding any general, special, or local law or ordinance to  
21 the contrary, contracts entered into by the YJSC board for projects  
22 undertaken pursuant to this act may be initially funded by the city from  
23 any available monies or from the proceeds of city obligations issued in  
24 anticipation of permanent financing from any source provided under the  
25 act and the reimbursement to the city of any available monies so  
26 advanced or the payment of obligations of the city issued in antic-  
27 ipation of permanent financing (including permanent financing issued  
28 through the city of Yonkers industrial development agency for such  
29 purpose) is hereby specifically authorized.

30 (d) Notwithstanding any limitations contained in article 18-A of the  
31 general municipal law, including subdivisions (4) and (12) of section  
32 854 of the general municipal law, a project undertaken pursuant to this  
33 section shall be a "project" within the definition and for the purposes  
34 of subdivision (4) of section 854 of the general municipal law, which  
35 may be financed, owned, or leased by the city of Yonkers industrial  
36 development agency or any successor agency thereto and the city of Yonk-  
37 ers industrial development agency is expressly authorized to refinance  
38 obligations issued by the city in anticipation of financing authorized  
39 by this act and/or reimburse the city for monies advanced by the city  
40 for projects undertaken pursuant to this act. In connection with the  
41 city of Yonkers industrial development agency financing of the costs of  
42 any project undertaken pursuant to this act, the city and the city  
43 school district may grant a leasehold or license interest in the land  
44 and or building constituting such project to the city of Yonkers indus-  
45 trial development agency and may enter into installment purchase  
46 contracts to facilitate such financing.

47 (e) Projects undertaken pursuant to this act may be financed through a  
48 special program agreement with the state of New York municipal bond bank  
49 agency pursuant to the provisions of section 2435-a of the public  
50 authorities law. It shall be the duty of the YJSC board to compare the  
51 financing available for such projects through the city of Yonkers indus-  
52 trial development agency with financing available through the state of  
53 New York municipal bond bank agency, and to employ the financing mech-  
54 anism that will result in the lowest cost to the taxpayers of the city  
55 and the state calculated on a net interest cost basis. It shall be the  
56 duty of the YJSC board and the city of Yonkers industrial development

1 agency to share with the state of New York municipal bond bank agency  
2 any information in their possession that is required by the state of New  
3 York municipal bond bank agency to determine the cost of financing such  
4 projects and to compute the interest rate that would have been applica-  
5 ble to a bond issuance by the state of New York municipal bond bank  
6 agency in the event that financing is obtained through the city of Yonk-  
7 ers industrial development agency or any alternative funding conduit.  
8 Any failure to provide such information within thirty days of receipt of  
9 a request from the state of New York municipal bond bank agency shall be  
10 deemed to be a failure of the board to submit the data needed to compute  
11 the apportionment of state building aid, and the commissioner shall  
12 withhold such apportionment until such information is fully submitted.  
13 Upon request of the YJSC board, the director of the state of New York  
14 municipal bond bank agency shall submit such reports as the commissioner  
15 may require on the financing of such projects and/or the interest rate  
16 that would have been applicable to such projects if they had been  
17 financed through such agency.

18 (f) Notwithstanding any other provision of any general, special, or  
19 local law or provision of this act to the contrary, any project under-  
20 taken pursuant to this act shall be operated and maintained by the board  
21 of education of the city school district in the same manner as existing  
22 school buildings owned by the city are operated and maintained by such  
23 board.

24 S 17. Exemption from bond issuance charge. Any notes, bonds, or other  
25 obligations issued to finance projects authorized pursuant to this act  
26 shall be exempt from the collection of any bond issuance charge under  
27 subdivision 2 of section 2976 of the public authorities law.

28 S 18. Security for bonds, notes and other obligations; remedies. In  
29 the event that the city or city school district shall fail to make a  
30 payment in such amount and by such date as is provided to be made by  
31 such city or city school district under agreements entered into with the  
32 city of Yonkers industrial development agency or any successor agency  
33 thereto, such entity shall so certify to the state comptroller. Such  
34 certificate shall be in such form as the state comptroller deems desira-  
35 ble, but shall specify the amount by which such payment shall have been  
36 deficient. The state comptroller, upon receipt of such certificate from  
37 such entity, shall withhold such amount of state and/or school aid paya-  
38 ble to such city or city school district to the extent of the amount so  
39 stated in such certificate as not having been made, and shall immediat-  
40 ly pay over to each financial institution acting as trustee on behalf of  
41 bondholders of the Yonkers industrial development agency or any succes-  
42 sor agency thereto, the amount so withheld by the state comptroller. Any  
43 amount so paid to bondholders from such state and/or school aid shall  
44 not obligate the state to make, nor entitle the city or the city school  
45 district to receive, any additional amounts of state and/or school aid.  
46 Nothing contained in this section shall be deemed to prevent the state  
47 from modifying, reducing or eliminating any program or programs of state  
48 and/or school aid; nor shall the state be obligated by the terms hereof  
49 to maintain state and/or school aid at any particular level or amount.

50 S 19. Actions against the YJSC board. (a) Except in an action for  
51 wrongful death, no action or proceeding shall be prosecuted or main-  
52 tained against the YJSC board for personal injury or damage to real or  
53 personal property alleged to have been sustained by reason of the negli-  
54 gence or wrongful act of the YJSC board or of any director, officer,  
55 agent or employee thereof, unless:

1 (1) it shall appear by and as an allegation in the complaint or moving  
2 papers that a notice of claim shall have been made and served upon the  
3 YJSC board, the city and the city school district, within the time limit  
4 prescribed by and in compliance with section 50-e of the general municipi-  
5 pal law;

6 (2) it shall appear by and as an allegation in the complaint or moving  
7 papers that at least thirty days have elapsed since the service of such  
8 notice and that adjustment or payment thereof has been neglected or  
9 refused; and

10 (3) the action or proceeding shall be commenced within one year after  
11 the happening of the event upon which the claim is based.

12 (b) An action against the YJSC board for wrongful death shall be  
13 commenced in accordance with the notice of claim and time limitation  
14 provisions of section 217-a of the civil practice law and rules.

15 (c) The venue of every action, suit or special proceeding brought  
16 against the YJSC board shall be the supreme court in the county of West-  
17 chester.

18 (d) Neither any director of the YJSC board nor any officer, employee,  
19 or agent of the YJSC board, while acting within the scope of his or her  
20 authority, shall be subject to any liability resulting from exercising  
21 or carrying out any of the powers given in this act.

22 S 20. Progress reports. On June 30, 2017 and annually thereafter,  
23 until completion of the projects in a total aggregate maximum amount of  
24 \$523,000,000, plus such additional amount of bonds, notes and other  
25 obligations necessary to provide for a debt service reserve fund and to  
26 pay reasonable costs of issuance, authorized pursuant to this act, the  
27 YJSC board shall issue a report to the governor, the comptroller, the  
28 commissioner, the temporary president of the senate, the speaker of the  
29 assembly, the city mayor, the city council and the city school district  
30 on the progress and status of the projects undertaken by the YJSC board.  
31 Provided further, that if any such entities request information on the  
32 progress and status of the projects prior to such report, it shall be  
33 provided to such entities by the YJSC board. In addition, on or before  
34 June 30, 2019, the YJSC board shall issue a report to the city mayor,  
35 the city school district, the governor, the commissioner, the comp-  
36 troller, the temporary president of the senate, the minority leader of  
37 the senate, the speaker of the assembly, the minority leader of the  
38 assembly, the state board of regents, and the chairs and ranking minori-  
39 ty members of the New York state senate and assembly committees on  
40 education, the finance committee of the New York state senate, the ways  
41 and means committee of the New York state assembly and the division of  
42 the budget. Such report shall identify the fiscal and pedagogical  
43 results of the projects undertaken pursuant to this act, along with  
44 recommendations for its continuance to a phase two, amendments, or  
45 discontinuance.

46 S 21. Clause (a) of subparagraph 5 of paragraph e of subdivision 6 of  
47 section 3602 of the education law is amended by adding a new item (v) to  
48 read as follows:

49 (V) NOTWITHSTANDING THE PROVISIONS OF ITEM (I) OF THIS CLAUSE, WHERE  
50 SUCH CITY OR CITY SCHOOL DISTRICT HAS ENTERED INTO AN AGREEMENT WITH THE  
51 STATE OF NEW YORK MUNICIPAL BOND BANK AGENCY PURSUANT TO SUBDIVISION ONE

11 HAD BEEN FINANCED THROUGH SUCH ENTITY, AS CERTIFIED TO THE COMMISSIONER  
12 BY THE EXECUTIVE DIRECTOR OF THE STATE OF NEW YORK MUNICIPAL BOND BANK  
13 AGENCY, SHALL BE THE INTEREST RATE ESTABLISHED FOR SUCH CITY APPLICABLE  
14 TO SUCH DEBT.

15 S 22. The opening paragraph of subdivision 6 of section 3602 of the  
16 education law, as amended by chapter 416 of the laws of 2007, is amended  
17 to read as follows:

18 Apportionment for capital outlays and debt service for school building  
19 purposes. Any apportionment to a school district pursuant to this subdivi-  
20 sion shall be based upon base year approved expenditures for capital  
21 outlays incurred prior to July first, two thousand one from its general  
22 fund, capital fund or reserved funds and current year approved expendi-  
23 tures for debt service, including debt service for refunding bond issues
