1 d. "State-designed supplemental assessment" shall mean a selection of
2 state tests or assessments developed or designed by the state education
3 department, or that the state education department purchased or acquired
4 from (i) another state; (ii) an institution of higher education; or

6 must be objective and may not have a conflict of interest or appearance
7 of a conflict of interest; such definition may include tests or assess-

12 requirements].

13 3. Ratings. The annual evaluations conducted pursuant to this section
14 shall rate teacher and principal effectiveness using the following cate-
15 gories: highly effective or "H", effective or "E", developing or "D" and
16 ineffective or "I".

17 4. Categories. The annual evaluation system shall consist of [multiple
18 measures in two categories: student performance] TEACHER EVALUATIONS and
19 teacher observations.

20 a. [Student performance category. Such category shall have at least
21 one subcomponent and an optional second subcomponent as follows:

22 (1) For the first subcomponent, (A) for a teacher whose course ends in
23 a state-created or administered test for which there is a state-provided
24 growth model, such teacher shall have a state-provided growth score
25 based on such model, which shall take into consideration certain student
26 characteristics, as determined by the commissioner, including but not
27 limited to students with disabilities, poverty, English language learner
28 status and prior academic history and which shall identify educators
29 whose students' growth is well above or well below average compared to
30 similar students for a teacher's or principal's students after the
31 certain student characteristics above are taken into account; and (B)
32 for a teacher whose course does not end in a state-created or adminis-
33 tered test such teacher shall have a student learning objective (SLO)
34 consistent with a goal-setting process determined or developed by the
35 commissioner, that results in a student growth score; provided that, for
36 any teacher whose course ends in a state-created or administered assess-
37 ment for which there is no state-provided growth model, such assessment
38 must be used as the underlying assessment for such SLO;

39 (2) For the optional second subcomponent, a district may locally
40 select a second measure in accordance with this subparagraph. Such
41 second measure shall apply in a consistent manner, to the extent practi-
42 cable, across the district and be either: (A) a second state-provided
43 growth score on a state-created or administered test under clause (A) of
44 subparagraph one of this paragraph, or (B) a growth score based on a
45 state-designed supplemental assessment, calculated using a state-provid-
46 ed or approved growth model. The optional second subcomponent shall
47 provide options for multiple assessment measures that are aligned to
48 existing classroom and school best practices and take into consideration
49 the recommendations in the testing reduction report as required by
50 section one of subpart F of the chapter of the laws of two thousand
51 fifteen which added this section regarding the reduction of unnecessary
52 additional testing.

53 The commissioner shall determine the weights and scoring ranges for
54 the subcomponent or subcomponents of the student performance category
55 that shall result in a combined category rating. The commissioner shall
56 also set parameters for appropriate targets for student growth for both

subcomponents, and the department must affirmatively approve and shall have the authority to disapprove or require modifications of district plans that do not set appropriate growth targets, including after initial approval. The commissioner shall set such weights and parameters consistent with the terms contained herein.] TEACHER EVALUATION CATEGORY. THE EVALUATION CATEGORY FOR TEACHERS SHALL BE BASED ON AND CREATED FROM THE FINDINGS OF A COMMITTEE ESTABLISHED BY THE BOARD OF REGENTS CONSISTING OF CERTIFIED EDUCATORS WHO ARE RESIDENTS OF THIS STATE CREATED BY THE BOARD OF REGENTS PURSUANT TO SUBDIVISION FIVE OF THIS SECTION.

b. Teacher observations category. The observations category for teachers shall be based on a state-approved rubric and shall include [up to three subcomponents. Such category must include: (1)] a subcomponent based on classroom observations conducted by a principal or other trained administrator [and must also include (2) a subcomponent based on classroom observations by an impartial independent trained evaluator or evaluators selected by the district. An independent trained evaluator may be employed within the school district, but not the same school building, as the teacher being evaluated. Such category may also include a subcomponent based on classroom observations conducted by a trained peer teacher rated effective or highly effective from the same school or from another school in the district].

The [commissioner] BOARD OF REGENTS shall determine the weights, and/or weighting options and scoring ranges for the subcomponents of the observations category that result in a combined category rating. The [commissioner] BOARD OF REGENTS shall also determine the minimum number of observations to be conducted annually, including frequency and duration, and any parameters therefor. The [commissioner] BOARD OF REGENTS shall set such weights and scores consistent with the terms contained herein.

5. THE BOARD OF REGENTS SHALL ESTABLISH A COMMITTEE CONSISTING OF CERTIFIED EDUCATORS WHO ARE RESIDENTS OF THIS STATE TO DEVELOP A RESEARCH BASED EVALUATION MODEL TO MEASURE A TEACHER'S PERFORMANCE.
