FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will allow retired police officers and retired firefighters of the New York State and Local Police and Fire Retirement System to work as an employee of the state university as a faculty member or to work as an employee of a community college as a faculty member or director of public safety and continue to receive their retirement benefits, without suspension or diminution of such benefits, provided they have been granted a waiver of retirement earnings limitations by the chancellor of the state university of New York or the president of a community college under a program of the state university.

If this bill is enacted, we expect few retirees of the New York State and Local Police and Fire Retirement System to be affected. There would be negligible additional annual costs.
