AN ACT in relation to establishing a bi-county commission in the counties of Nassau and Suffolk to study the feasibility of establishing the state of Long Island

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings: Nassau and Suffolk counties comprise an area of 2,826 square miles, larger than the states of Rhode Island and Delaware. The combined population of the two counties is 2.832 million which is greater than the population of 17 states. For the years 2002-2004, Long Island paid 8.124 billion dollars in state taxes yet only 5.2 billion dollars was returned in direct local aid, tuition assistance, highway aid, pension payments, lottery money, metropolitan transportation authority subsidies and Medicaid payments. For many years the question of forming the state of Long Island has been discussed in public and academic forums. The issue should be investigated, a report prepared and referendum held in Nassau and Suffolk counties so the citizens may be heard.
