AN ACT to amend the public service law, in relation to a rate classification for volunteer emergency response organizations

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings and intent. Volunteer emergency response organizations provide a public benefit to the state of New York and lessen the burdens of government. Further, members of these not-for-profit organizations risk their lives to ensure the safety, health and general welfare of our citizens. In the past, the state of New York recognized the value of similar organizations and the sacrifices of their members when it established a reduced utility rate for veterans' organizations. Therefore, the legislature hereby finds and declares that volunteer emergency response organizations and veterans' organizations are similarly situated in their structures, practices and actions, and further finds and declares that a reduced utility rate is justified for volunteer emergency response organizations to help ensure their continued operation.
