AN ACT to amend the public health law and the state finance law, in relation to enacting the "New York health act" and to establishing New York Health

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Short title. This act shall be known and may be cited as  
2     the "New York health act".  
3     S 2. Legislative findings and intent. 1. The state constitution  
4     states: "The protection and promotion of the health of the inhabitants  
5     of the state are matters of public concern and provision therefor shall  
6     be made by the state and by such of its subdivisions and in such manner,  
7     and by such means as the legislature shall from time to time determine."  
8     (Article XVII, S3.) The legislature finds and declares that all resi-  
9     dents of the state have the right to health care. While the federal  
10    Affordable Care Act brought many improvements in health care and health  
11    coverage, it still leaves many New Yorkers without coverage or with  
12    inadequate coverage. New Yorkers - as individuals, employers, and  
13    taxpayers - have experienced a rise in the cost of health care and  
14    coverage in recent years, including rising premiums, deductibles and

1 co-pays, restricted provider networks and high out-of-network charges.  
2 Businesses have also experienced increases in the costs of health care  
3 benefits for their employees, and many employers are shifting a larger  
4 share of the cost of coverage to their employees or dropping coverage  
5 entirely. Health care providers are also affected by inadequate health  
6 coverage in New York state. A large portion of voluntary and public  
7 hospitals, health centers and other providers now experience substantial  
8 losses due to the provision of care that is uncompensated. Individuals  
9 often find that they are deprived of affordable care and choice because  
10 of decisions by health plans guided by the plan's economic needs rather  
11 than their health care needs. To address the fiscal crisis facing the  
12 health care system and the state and to assure New Yorkers can exercise  
13 their right to health care, affordable and comprehensive health coverage  
14 must be provided. Pursuant to the state constitution's charge to the  
15 legislature to provide for the health of New Yorkers, this legislation  
16 is an enactment of state concern for the purpose of establishing a  
17 comprehensive universal single-payer health care coverage program and a  
18 health care cost control system for the benefit of all residents of the  
19 state of New York.

20 2. It is the intent of the Legislature to create the New York Health  
21 program to provide a universal health plan for every New Yorker, funded  
22 by broad-based revenue based on ability to pay. The state shall work to  
23 obtain waivers relating to Medicaid, Child Health Plus, Medicare, the  
24 Affordable Care Act, and any other appropriate federal programs, under  
25 which federal funds and other subsidies that would otherwise be paid to  
26 New York State and New Yorkers for health coverage that will be equaled  
27 or exceeded by New York Health will be paid by the federal government to  
28 New York State and deposited in the New York Health trust fund. Under  
29 such a waiver, health coverage under those programs will be replaced and  
30 merged into New York Health, which will operate as a true single-payer  
31 program.

32 If such a waiver is not obtained, the state shall use state plan  
33 amendments and seek waivers to maximize, and make as seamless as possi-  
34 ble, the use of federally-matched health programs and federal health  
35 programs in New York Health. Thus, even where other programs such as  
36 Medicaid or Medicare may contribute to paying for care, it is the goal  
37 of this legislation that the coverage will be delivered by New York  
38 Health and, as much as possible, the multiple sources of funding will be  
39 pooled with other New York Health funds and not be apparent to New York  
40 Health members or participating providers. This program will promote  
41 movement away from fee-for-service payment, which tends to reward quan-  
42 tity and requires excessive administrative expense, and towards alter-  
43 nate payment methodologies, such as global or capitated payments to  
44 providers or health care organizations, that promote quality, efficien-  
45 cy, investment in primary and preventive care, and innovation and inte-  
46 gration in the organizing of health care.

47 3. This act does not create any employment benefit, nor does it  
48 require, prohibit, or limit the providing of any employment benefit.

49 4. In order to promote improved quality of, and access to, health care  
50 services and promote improved clinical outcomes, it is the policy of the  
51 state to encourage cooperative, collaborative and integrative arrange-  
52 ments among health care providers who might otherwise be competitors,  
53 under the active supervision of the commissioner of health. It is the  
54 intent of the state to supplant competition with such arrangements and  
55 regulation only to the extent necessary to accomplish the purposes of  
56 this act, and to provide state action immunity under the state and

1 federal antitrust laws to health care providers, particularly with  
2 respect to their relations with the single-payer New York Health plan  
3 created by this act.

4 S 3. Article 50 and sections 5000, 5001, 5002 and 5003 of the public  
5 health law are renumbered article 80 and sections 8000, 8001, 8002 and

42 STANDARDS SHALL NOT LIMIT APPROVAL TO BE A CARE COORDINATOR IN THE  
43 PROGRAM FOR ECONOMIC PURPOSES AND SHALL BE CONSISTENT WITH GOOD PROFES-  
44 SIONAL PRACTICE. IN DEVELOPING THE PROCEDURES AND STANDARDS, THE COMMIS-  
45 SIONER SHALL: (I) CONSIDER EXISTING STANDARDS DEVELOPED BY NATIONAL

TO THE PUBLIC HEALTH OR SAFETY. SUCH PROCEDURES AND STANDARDS SHALL NOT  
LIMIT HEALTH CARE PROVIDER PARTICIPATION IN THE PROGRAM FOR ECONOMIC  
PURPOSES AND SHALL BE CONSISTENT WITH GOOD PROFESSIONAL PRACTICE. ANY  
HEALTH CARE PROVIDER WHO IS QUALIFIED TO PARTICIPATE UNDER MEDICAID,  
CHILD HEALTH PLUS OR MEDICARE SHALL BE DEEMED TO BE QUALIFIED TO PARTIC-

SHALL BE REASONABLE AND REASONABLY RELATED TO THE COST OF EFFICIENTLY  
PROVIDING THE HEALTH CARE SERVICE AND ASSURING AN ADEQUATE AND ACCESSI-  
BLE SUPPLY OF HEALTH CARE SERVICE. UNTIL AND UNLESS ANOTHER PAYMENT  
METHODOLOGY IS ESTABLISHED, HEALTH CARE SERVICES PROVIDED TO MEMBERS  
UNDER THE PROGRAM SHALL BE PAID FOR ON A FEE-FOR-SERVICE BASIS, EXCEPT  
FOR CARE COORDINATION.

(B) THE PROGRAM SHALL ENGAGE IN GOOD FAITH NEGOTIATIONS WITH HEALTH

6 OF THIS ARTICLE.

7 (E) THE PROGRAM MAY PROVIDE IN PAYMENT METHODOLOGIES FOR PAYMENT FOR  
8 CAPITAL RELATED EXPENSES FOR SPECIFICALLY IDENTIFIED CAPITAL EXPENDI-

11 GENERATED BY A CAPITAL EXPENDITURE THAT REQUIRES OR REQUIRED APPROVAL  
12 UNDER ARTICLE TWENTY-EIGHT OF THIS CHAPTER MUST HAVE RECEIVED THAT  
13 APPROVAL FOR THE CAPITAL RELATED EXPENSE TO BE PAID FOR UNDER THE

41 ELIGIBILITY FOR PAYMENT FOR LONG TERM CARE.

42 (F) TO ENABLE THE COMMISSIONER TO APPLY FOR COVERAGE UNDER ANY FEDER-

47 TO ENABLE THE COMMISSIONER TO DETERMINE WHETHER THE APPLICANT IS ELIGI-  
48 BLE FOR A FEDERALLY-MATCHED PUBLIC HEALTH PROGRAM AND FOR MEDICARE (AND  
49 ANY PROGRAM OR BENEFIT UNDER MEDICARE). THE PROGRAM SHALL MAKE A REASON-

51 AFTER A REASONABLE EFFORT HAS BEEN MADE TO CONTACT THE MEMBER, THE  
52 MEMBER SHALL BE NOTIFIED IN WRITING THAT HE OR SHE HAS SIXTY DAYS TO

9 UNDER ITS DE MINIMIS PREMIUM POLICY, EXCEPT THAT SUCH PAYMENTS MADE ON  
10 BEHALF OF MEMBERS ENROLLED IN A MEDICARE ADVANTAGE PLAN MAY EXCEED THE  
11 LOW-INCOME BENCHMARK PREMIUM AMOUNT IF DETERMINED TO BE COST EFFECTIVE  
12 TO THE PROGRAM.

13 (I) IF THE COMMISSIONER HAS REASONABLE GROUNDS TO BELIEVE THAT A  
14 MEMBER COULD BE ELIGIBLE FOR AN INCOME-RELATED SUBSIDY UNDER SECTION  
15 1860D-14 OF TITLE XVIII OF THE FEDERAL SOCIAL SECURITY ACT, THE MEMBER  
16 SHALL PROVIDE, AND AUTHORIZE THE PROGRAM TO OBTAIN, ANY INFORMATION OR  
17 DOCUMENTATION REQUIRED TO ESTABLISH THE MEMBER'S ELIGIBILITY FOR SUCH

19 OF THE INFORMATION AND DOCUMENTATION AS POSSIBLE FROM RECORDS THAT ARE  
20 AVAILABLE TO HIM OR HER.

21 (J) THE PROGRAM SHALL MAKE A REASONABLE EFFORT TO NOTIFY MEMBERS OF  
22 THEIR OBLIGATIONS UNDER THIS SUBDIVISION. AFTER A REASONABLE EFFORT HAS

2 OTHERWISE APPLICABLE LAW.

3 S 4. Financing of New York Health. 1. The governor shall submit to the  
4 legislature a revenue plan and legislative bills to implement the plan  
5 (referred to collectively in this section as the "revenue proposal") to  
6 provide the revenue necessary to finance the New York Health program, as  
7 created by article 51 of the public health law (referred to in this  
8 section as the "program"), taking into consideration anticipated federal  
9 revenue available for the program. The revenue proposal shall be submit-  
10 ted to the legislature as part of the executive budget under article VII  
11 of the state constitution, for the fiscal year commencing on the first  
12 day of April in the calendar year after this act shall become a law. In  
13 developing the revenue proposal, the governor shall consult with appro-  
14 priate officials of the executive branch; the temporary president of the  
15 senate; the speaker of the assembly; the chairs of the fiscal and health  
16 committees of the senate and assembly; and representatives of business,  
17 labor, consumers and local government.

18 2. (a) Basic structure. The basic structure of the revenue proposal  
19 shall be as follows: Revenue for the program shall come from two assess-  
20 ments (referred to collectively in this section as the "assessments").  
21 First, there shall be a progressively graduated assessment on all  
22 payroll and self-employed income (referred to in this section as the  
23 "payroll assessment"), paid by employers, employees and self-employed,  
24 similar to the Medicare tax. Higher brackets of income subject to this  
25 assessment shall be assessed at a higher marginal rate than lower brack-  
26 ets. Second, there shall be a progressively graduated assessment on  
27 taxable income (such as interest, dividends, and capital gains) not  
28 subject to the payroll assessment (referred to in this section as the  
29 "non-payroll assessment"). The assessments will be set at levels antic-  
30 ipated to produce sufficient revenue to finance the program and other  
31 provisions of article 51 of the public health law, to be scaled up as  
32 enrollment grows, taking into consideration anticipated federal revenue  
33 available for the program. Provision shall be made for state residents  
34 (who are eligible for the program) who are employed out-of-state, and  
35 non-residents (who are not eligible for the program) who are employed in  
36 the state.

37 (b) Payroll assessment. The income to be subject to the payroll  
38 assessment shall be all income subject to the Medicare tax. The assess-  
39 ment shall be set at a particular percentage of that income, which shall  
40 be progressively graduated, so the percentage is higher on higher brack-  
41 ets of income. For employed individuals, the employer shall pay eighty  
42 percent of the assessment and the employee shall pay twenty percent of  
43 the assessment, except that an employer may agree to pay all or part of  
44 the employee's share. A self-employed individual shall pay the full  
45 assessment.

46 (c) Non-payroll income assessment. There shall be an assessment on  
47 upper-bracket taxable personal income that is not subject to the payroll  
48 assessment. It shall be progressively graduated and structured as a  
49 percentage of the personal income tax on that income.

50 (d) Phased-in rates. Early in the program, when enrollment is growing,  
51 the amount of the assessments shall be at an appropriate level, and  
52 shall be raised as anticipated enrollment grows, to cover the actual  
53 cost of the program and other provisions of article 51 of the public  
54 health law. The revenue proposal shall include a mechanism for determin-  
55 ing the rates of the assessments.

(e) Cross-border employees. (i) State residents employed out-of-state. If an individual is employed out-of-state by an employer that is subject to New York state law, the employer and employee shall be required to pay the payroll assessment as to that employee as if the employment were in the state. If an individual is employed out-of-state by an employer that is not subject to New York state law, either (A) the employer and employee shall voluntarily comply with the assessment or (B) the employee shall pay the assessment as if he or she were self-employed.

(ii) Out-of-state residents employed in the state. (A) The payroll assessment shall apply to any out-of-state resident who is employed or self-employed in the state. (B) In the case of an out-of-state resident who is employed or self-employed in the state, such individual and individual's employer shall be able to take a credit against the payroll assessments they would otherwise pay, as to the individual for amounts they spend on health benefits for the individual that would otherwise be covered by the program if the individual were a member of the program. For employers, the credit shall be available regardless of the form of the health benefit (e.g., health insurance, a self-insured plan, direct services, or reimbursement for services), to make sure that the revenue proposal does not relate to employment benefits in violation of the federal ERISA. For non-employment-based spending by individuals, the credit shall be available for and limited to spending for health coverage (not out-of-pocket health spending). The credit shall be available without regard to how little is spent or how sparse the benefit. The credit may only be taken against the payroll assessments. Any excess amount may not be applied to other tax liability. For employment-based health benefits, the credit shall be distributed between the employer and employee in the same proportion as the spending by each for the benefit. The employer and employee may each apply their respective portion of the credit to their respective portion of the assessment. If any provision of this clause or any application of it shall be ruled to violate federal ERISA, the provision or the application of it shall be null and void and the ruling shall not affect any other provision or application of this section or the act that enacted it.

3. The revenue proposal shall include a plan and legislative provisions for ending the requirement for local social services districts to pay part of the cost of Medicaid and replacing those payments with revenue from the assessments under the revenue proposal.

4. To the extent that the revenue proposal differs from the terms of subdivision two of this section, the revenue proposal shall state how it differs from those terms and reasons for and the effects of the differences.

5. All revenue from the assessments shall be deposited in the New York Health trust fund account under section 89-i of the state finance law.
