Introduced by M. of A. GIGLIO, HAWLEY, RAIA -- read once and referred to the Committee on Codes

AN ACT to amend the penal law, the criminal procedure law and the correction law, in relation to criminalizing the reckless transmission of HIV/AIDS and to require testing for AIDS and HIV for certain persons

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative intent. The legislature finds that HIV/AIDS  
2     infection poses a serious threat to the public health of all New Yorkers  
3     whenever HIV/AIDS infected persons act in a manner which is likely to  
4     spread this horrible disease to other persons. When HIV/AIDS infected  
5     persons commit such actions as having unprotected sex or sharing needles  
6     without the consent of their partners, they endanger the public health  
7     and frustrate the efforts of health officials to contain and, hopefully,  
8     reverse the spread of HIV/AIDS.  
9     The legislature further finds that in order to allow the victims of  
10    alleged sex crimes or crimes which endanger their health to obtain the  
11    most effective health care treatment, the HIV status of their offenders  
12    must be determined.  
13    The legislature further finds that the increasing reports of acquired  
14    immune deficiency syndrome, human immunodeficiency virus, tuberculosis  
15    and hepatitis in state correctional facilities have reached an alarming  
16    level. These inmates and others who may have an undiagnosed case of any  
17    of these syndromes, diseases or viruses are extremely detrimental to the  
18    health, safety and welfare of the correction officers and other staff  
19    who work in such facilities as well as inmates who are incarcerated  
20    therein. In order to maintain proper security and working conditions,  
21    the legislature hereby declares that all inmates presently under  
22    confinement and all inmates to be newly admitted to the department of  
23    corrections and community supervision must be expeditiously tested for

21 sentence or sentences imposed by the court shall run either concurrently  
22 or consecutively with respect to each other and the undischarged term or
