AN ACT to amend the education law, in relation to the computation of foundation aid and successful schools aid for small city school districts

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. This act shall be known and may be cited as the "small city
2 successful schools act".
3 S 2. Legislative Intent. It is the responsibility of the legislature
4 under article XI of the constitution of the state of New York to estab-
5 lish and maintain a system that will provide all children an opportunity
6 to receive a meaningful high school education. Certain provisions of the
7 education law are not adequate to provide the funding necessary to
8 fulfill that obligation in certain school districts, particularly those
9 in our small cities, many of which have lower wealth and higher student
10 needs than average and are faced with high concentrations of poverty.
11 Moreover, small city school districts function as centers not only for
12 educational purposes but also for health, civic and public safety uses.
13 These services and uses are not adequately supported by existing educa-
14 tion aid.
15 Therefore, it is the intention of the legislature to amend certain
16 provisions of the education law to insure that the necessary funding is
17 available in those districts to help them provide all their children an
