10    of international terrorism, represent a serious threat to the security  
11    of the United States, Israel, and other United States allies in Europe,  
12    the Middle East, and around the world.  
13    (b) The International Atomic Energy Agency has repeatedly called  
14    attention to Iran's unlawful nuclear activities, and, as a result, the  
15    United Nations Security Council has adopted a range of sanctions
