Provided, further, that as a condition of eligibility for receipt of such funding, a school district shall agree to adopt approved quality indicators within two years, including, but not limited to, valid and reliable measures of environmental quality, the quality of teacher-student interactions and child outcomes, and ensure that any such assessment of child outcomes shall not be used to make high-stakes educational decisions for individual children. Provided, further, that such grants shall be awarded based on factors including, but not limited to, the following: (i) the school district's proposal to target the schools and students with the greatest need, and (ii) proposal quality. Provided, further, that to assess proposal quality in order to award implementation grant funding, the commissioner shall take into account factors including, but not limited to: (i) the extent to which the school district's proposal would maximize the use of the additional learning time through a comprehensive restructuring of the school day and/or year, (ii) the extent to which the proposal would provide additional learning time for students in grades six through eight, and (iii) how the additional learning time would be utilized, including, but not limited to, additional time spent on core academics. Provided, however, that no district shall be eligible to receive a school-wide extended learning grant unless its proposal would increase student learning time by at least 25 percent. Provided, further, that a school district's schoolwide extended learning implementation grant shall equal its average daily attendance in the school-wide extended learning program multiplied by the expected cost per pupil of the additional learning time;

provided, further, that the expected cost per pupil of the additional learning time shall equal the greater of \$1,500 or (A) the quotient of (i) the school district's approved operating expense, pursuant to paragraph t of subdivision 1 of section 3602 of the education law, for the year prior to the base year, divided by (ii) the district's public school district enrollment, pursuant to subparagraph (2) of paragraph n of such subdivision, for the year prior to the base year, multiplied by (B) 10 percent (0.10), multiplied by (C) the quotient of (i) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the base year, divided by (ii) the average of the national consumer price indexes determined by the United States department of labor for the 12-month period preceding January first of the year two years prior to the base year; provided, however, that in extraordinary cases the commissioner may award a grant that exceeds the per pupil limit described above; provided further, however, that no district shall receive a grant in excess of the total actual grant expenditures incurred by the district in the current school year as approved by the commissioner. Provided, further, that no school district shall receive more than forty percent of the total school-wide extended learning grant allocation.

Provided, further, that notwithstanding any provision of law to the contrary, the \$7,500,000 appropriated herein available for community schools grants shall be awarded, based on a request for proposals (i) developed by the state council on children and families in coordination with the commissioner, (ii) approved by the director of the budget and (iii) issued by the commissioner, to school districts, or in a city with a population of one million or more an eligible entity, to improve student outcomes through the implementation of community schools programs that use school buildings as community hubs to deliver co-located or school-linked academic, health, mental health, nutrition, counseling, legal and/or other services to students and their families. Provided, further, that to assess proposal quality in order to award such funding, the commissioner shall take into account factors including, but not limited to: (i) the extent to which the school district's proposal would provide such community services through partnerships with local governments and non-profit organizations, (ii) the extent to which the proposal would provide for delivery of such services directly in school buildings, (iii) the extent to which the proposal articulates how such services would facilitate measurable improvement in student and family outcomes, (iv) the

1 extent to which the proposal articulates and identifies how existing
2 funding streams and programs would be used to provide such community
3 services, and (v) the extent to which the proposal ensures the safe-
4 ty of all students, staff and community members in school buildings
5 used as community hubs. Provided, however, that community schools
6 grants appropriated herein shall be paid to school districts in

53 commissioner, pursuant to such districts' approved applications;
54 provided that in making such grants the commissioner shall prior-

42 submitted documentation that has been approved by the commissioner
43 by September 1 of 2013 and of each school year in which a payment to

46 for conducting annual professional performance reviews of classroom
47 teachers and building principals to determinet teacher and principal

Provided, further, that such grants from funds appropriated herein shall be awarded based on factors including, but not limited to, the following: (i) measures of school district need, (ii) measures of the need of students to be served by each of the school districts, (iii) the school district's proposal to target the highest need schools and students, (iv) the extent to which the district's proposal would prioritize funds to maximize the total number of eligible children in the district served in pre-kindergarten programs, and (v) proposal quality. Provided, however, that full-day and half-day pre-kindergarten grants appropriated herein shall only be available to support programs (i) that provide instruction for at least five hours per school day for full-day pre-kindergarten programs and at least two and one-half hours per school day for half-day pre-kindergarten programs; (ii) that agree to offer instruction consistent with the New York state pre-kindergarten foundation for the common core standards within three years; (iii) that ensure that, to the extent community-based providers are part of such program, such providers meet the requirements of paragraphs d-1 and d-2 of subdivision 12 of section 3602-e of the education law; and (iv) that otherwise comply with all of the same rules and requirements as universal pre-kindergarten programs pursuant to section 3602-e of the education law except as modified herein. Provided, further, that a school district's pre-kindergarten grant shall equal the product of (A) (i) two multiplied by the approved number of new full-day pre-kindergarten placements plus (ii) the approved number of half-day pre-kindergarten placement conversions and new half-day pre-kindergarten placements, and (B) the district's selected aid per pre-kindergarten pupil pursuant to subparagraph i of paragraph b of subdivision 10 of section 3602-e of the education law; provided, however, that no district shall receive a grant in excess of the total actual grant expenditures incurred by the district in the current school year as approved by the commissioner. Provided, further, that as a condition of eligibility for receipt of such funding, a school district shall agree to adopt approved quality indicators within two years, including, but not limited to, valid and reliable measures of environmental quality, the quality of teacher-student interactions and child outcomes, and ensure that any such assessment of child outcomes shall not be used to make high-stakes educational decisions for individual children. Provided, further, that no school district shall receive more than forty percent of the total pre-kindergarten grant allocation.

Provided, further, that notwithstanding any provision of law to the contrary, the \$10,000,000 appropriated herein available for school-wide extended learning grants shall be awarded to school districts or school districts in collaboration with not-for-profit community-based organizations based on responses to a request for proposals for planning and implementation grants that is (i) developed by the commissioner; (ii) approved by the director of the budget; and (iii) issued by the commissioner. Provided, further, that such grants

1 shall be awarded based on factors including, but not limited to, the
2 following: (i) the school district's proposal to target the schools
3 and students with the greatest need, and (ii) proposal quality.
4 Provided, further, that to assess proposal quality in order to award
5 implementation grant funding, the commissioner shall take into
6 account factors including, but not limited to: (i) the extent to
7 which the school district's proposal would maximize the use of the
8 additional learning time through a comprehensive restructuring of
9 the school day and/or year, (ii) the extent to which the proposal
10 would provide additional learning time for students in grades six
11 through eight, and (iii) how the additional learning time would be
12 utilized, including, but not limited to, additional time spent on
13 core academics. Provided, however, that no district shall be eligi-
14 ble to receive a school-wide extended learning grant unless its
15 proposal would increase student learning time by at least 25
16 percent. Provided, further, that a school district's schoolwide
17 extended learning implementation grant shall equal its average daily
18 attendance in the school-wide extended learning program multiplied
19 by the expected cost per pupil of the additional learning time;
20 provided, further, that the expected cost per pupil of the addi-
21 tional learning time shall equal the greater of \$1,500 or (A) the
22 quotient of (i) the school district's approved operating expense,
23 pursuant to paragraph t of subdivision 1 of section 3602 of the
24 education law, for the year prior to the base year, divided by (ii)
25 the district's public school district enrollment, pursuant to
26 subparagraph (2) of paragraph n of such subdivision, for the year
27 prior to the base year, multiplied by (B) 10 percent (0.10), multi-
28 plied by (C) the quotient of (i) the average of the national consum-
29 er price indexes determined by the United States department of labor
30 for the 12-month period preceding January first of the base year,
31 divided by (ii) the average of the national consumer price indexes
32 determined by the United States department of labor for the 12-month
33 period preceding January first of the year two years prior to the
34 base year; provided, however, that in extraordinary cases the
35 commissioner may award a grant that exceeds the per pupil limit
36 described above; provided further, however, that no district shall
37 receive a grant in excess of the total actual grant expenditures
38 incurred by the district in the current school year as approved by
39 the commissioner. Provided, further, that no school district shall
40 receive more than forty percent of the total school-wide extended
41 learning grant allocation.

42 Provided, further, that notwithstanding any provision of law to the
43 contrary, the \$7,500,000 appropriated herein available for community
44 schools grants shall be awarded, based on a request for proposals
45 (i) developed by the state council on children and families in coor-

2 that it collaborates with the city school district of the city of
3 New York and receives the approval of the chancellor of the city
4 school district of the city of New York. Provided, further, that
5 such grants shall be awarded based on factors including, but not
6 limited to, the following: (i) measures of school district need,
7 (ii) measures of the need of students to be served by each of the
8 school districts, (iii) the school district's proposal to target the
9 highest need schools and students, (iv) the sustainability of the
10 proposed community schools program, and (v) proposal quality.
11 Provided, further, that to assess proposal quality in order to award
12 such funding, the commissioner shall take into account factors
13 including, but not limited to: (i) the extent to which the school
14 district's proposal would provide such community services through
15 partnerships with local governments and non-profit organizations,
16 (ii) the extent to which the proposal would provide for delivery of
17 such services directly in school buildings, (iii) the extent to
18 which the proposal articulates how such services would facilitate
19 measurable improvement in student and family outcomes, (iv) the
20 extent to which the proposal articulates and identifies how existing
21 funding streams and programs would be used to provide such community
22 services, and (v) the extent to which the proposal ensures the safe-
23 ty of all students, staff and community members in school buildings
24 used as community hubs. Provided, however, that community schools
25 grants appropriated herein shall be paid to school districts in
26 installments upon successful implementation of each phase of a
27 school district's approved proposal. Provided, further, that no
28 school district shall receive more than forty percent of the total
29 community schools grant allocation, and that each individual commu-
30 nity school site shall be limited to a maximum grant of \$500,000.
31 Provided, further, that notwithstanding any provision of law to the
32 contrary, the \$5,500,000 appropriated herein available for a master
33 teachers program shall support the award of stipends of \$15,000 per

46 annual professional performance review; and (iii) provide periodic
47 opportunities for professional development for successful appli-
48 cants. Provided, further, that priority shall be given to applicants
49 in regions of the state where a similar program is not otherwise
50 offered. Notwithstanding any provision of law to the contrary, upon
51 approval of the director of the budget, such \$5,500,000 of master
52 teachers program funding may be sub-allocated, interchanged, trans-
53 ferred or otherwise made available to the state university of New
54 York for the sole purpose of administering such program. Nothing

3 Provided, further, that notwithstanding any provision of law to the
4 contrary, the \$2,000,000 appropriated herein available for the early
5 college high school program shall support the continuation and
6 expansion of such program pursuant to a plan developed by the
7 commissioner and approved by the director of the budget. Provided,
8 however, that a portion of the payments to early college high school
9 programs awarded funding from this appropriation shall be awarded on
10 a sliding scale based upon the number of college credits earned
11 annually by participating students, consistent with guidelines
12 established by the commissioner. Provided further that, notwith-
13 standing any provision of law to the contrary, higher education
14 partners participating in an early college high schools program, or
15 the entity/entities responsible for setting tuition at the institu-
16 tion, shall be authorized to set a reduced rate of tuition and/or
17 fees, or to waive tuition and/or fees entirely, for students

21 otherwise be eligible to receive.

22 Provided further that, notwithstanding any provision of law to the
23 contrary, of the amount appropriated herein, a minimum of
24 \$12,500,000 PER YEAR shall be available IN THE 2014-15 THROUGH
25 2016-17 SCHOOL YEARS for the payment of grant awards [made in the
26 2014-15 school year] as follows: \$2,500,000 of pathways in technolo-
27 gy early college high school program grants and \$10,000,000 of
28 teacher excellence fund grants; provided further that, notwithstand-

30 \$12,500,000, plus any other amounts so designated in other items of
31 appropriation within the general fund local assistance account
32 office of prekindergarten through grade twelve education program,
33 shall constitute the competitive awards amount authorized for the
34 2013-14 school year by chapter 53 of the laws of 2013.

35 Provided further that, notwithstanding any provision of law to the
36 contrary, the \$2,500,000 appropriated herein available for pathways
37 in technology early college high school (P-TECH) program grants
38 shall be awarded pursuant to a plan developed by the commissioner
39 and approved by the director of the budget, provided that such plan
40 shall include but not be limited to (i) assurances that K-12, higher
41 education and private-sector partners commit to the required
42 elements and responsibilities of a P-TECH program, (ii) provisions
43 to ensure regional diversity of grant recipients, and (iii) priority
44 for P-TECH programs serving students in academically challenged
45 school districts; provided further that the commissioner shall make
46 available the request for proposals for such program on or before
47 May fifteenth and the commissioner shall issue awards on or before
48 August fifteenth; and provided further that a portion of the
49 payments to P-TECH programs awarded funding from this appropriation
50 shall be made on a sliding scale based upon the number of college
51 credits earned annually by participating students, consistent with
52 guidelines established by the commissioner. Provided further that,
53 notwithstanding any provision of law to the contrary, higher educa-
54 tion partners participating in a P-TECH program, or the
55 entity/entities responsible for setting tuition at the institution,
56 shall be authorized to set a reduced rate of tuition and/or fees, or

1 to waive tuition and/or fees entirely, for students enrolled in such
2 P-TECH program with no reduction in other state, local or other
3 support for such students earning college credit that such higher
4 education partner would otherwise be eligible to receive.
5 Provided further that, notwithstanding any provision of law to the
6 contrary, the \$10,000,000 appropriated herein available for teacher
7 excellence fund grants shall be awarded to eligible school districts
8 pursuant to a request for proposals based on a plan developed by the
9 commissioner and approved by the director of the budget; provided
10 that such plan shall include an application for award of such grants
11 to such eligible school districts to provide annual teacher excel-

13 rated as "highly effective" on the most recent annual professional
14 performance review, in accordance with the requirements of section
15 [3012-c] 3012-D of the education law and the regulations of the
16 commissioner, pursuant to such districts' approved applications;
17 provided that in making such grants the commissioner shall prior-
18 itize school districts' applications based on factors including but
19 not limited to (i) the extent to which the school district's appli-
20 cation would recognize and reward such teachers in school buildings
21 with the greatest academic need, in difficult-to-staff subject or
22 certification areas and grade levels, and at critical points in a
23 teacher's career in order to encourage highly effective teachers to
24 remain in the classroom, and (ii) the quality of the school
