Introduced by Sen. CARLUCCI -- read twice and ordered printed, and when printed to be committed to the Committee on Health -- recommitted to the Committee on Health in accordance with Senate Rule 6, sec. 8 -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the public health law, in relation to prohibiting the use of coupons or use of a "price reduction instrument" to lower the price of certain tobacco products

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature finds that tobacco
2 use is a leading cause of preventable premature death in the United
3 States and the state of New York. Given the substantial human and
4 economic costs associated with tobacco use, New York state has taken
5 numerous steps to reduce tobacco use among adults and to prevent minors
6 from taking up cigarette smoking or using other tobacco products. Howev-
7 er, the legislature finds that the state should take further action to
8 discourage adults and young adults from taking up and continuing to
9 smoke cigarettes, use e-cigarettes, or use other tobacco products.
10 Despite New York state's laws which prohibit the sale of cigarettes
11 and e-cigarettes to children under age 18, tobacco use among young
12 adults persists. According to recent findings, nine out of ten smokers
13 first tried cigarettes by age eighteen, and ninety-nine percent first
14 tried cigarettes by age twenty-six. In addition, a recent report issued
15 by the Centers for Disease Control and Prevention and the U.S. Food and
16 Drug Administration's Center for Tobacco Products noted that while ciga-
17 rette use among high school students has declined, it still is a
18 substantial share (9.2%) of the most commonly used tobacco products by
19 these students. Of particular importance, the report notes that e-cigar-
20 ette use tripled among middle and high school students from 2013-2014

1 and that e-cigarette use has surpassed the current use of every other
2 tobacco product overall.

3 The legislature finds that the use of price reduction promotions,
4 especially coupons targeted in mailing, design and marketing to young
5 adults, results in additional and unwanted incentives for tobacco use.
6 By encouraging purchase by price reduction, these youth-directed
7 promotions unquestionably encourage youth use of tobacco products, and
8 should be disallowed.

9 The legislature hereby declares that enactment of this act is neces-
10 sary to address the persistent availability of low-priced cigarettes and
11 tobacco products targeted to young people in New York state. This act
12 will ban the redemption of coupons and other price reduction instruments
13 in the sale of cigarettes and tobacco products to consumers. Such
14 actions are necessary to discourage the use of tobacco products by youn-
15 ger people in New York state.

16 S 2. The public health law is amended by adding a new section
17 1399-bb-1 to read as follows:

18 S 1399-BB-1. PROHIBITION ON THE SALE OF DISCOUNTED CIGARETTES AND
