codes, rules and regulations in any other state in which it operates, and to disclose any enforcement or administrative action taken against it in any other state;

(iv) issuance by the department of a conditional approval to operate the facility for a specified period of time upon substantial completion of the character and competence, legal, financial and architectural components of the application, so long as the operator agrees in writing to satisfy all pending conditions prior to the expiration of the conditional approval period or a time frame established by the department;

(v) issuance by the department of a conditional approval to construct a facility, at the operator's own risk, upon substantial completion of the architectural component of the application;

(vi) elimination of duplicative submission and review of any application information which has been previously reviewed and approved by the department or any of its regional offices within the past two years through a certification process and form whereby the operator OR ITS AFFILIATE will verify that such application information is duplicative;

(vii) with respect to any programmatic application information to be reviewed by the regional office, such review shall be conducted on-site by the regional office during the pre-opening inspection or first full annual inspection, if the department has previously approved the operator OR ITS AFFILIATE to operate the same type of program at another facility within the past two years;

(viii) electronic submission of applications; and

(ix) a combined application for licensure as an adult care facility, assisted living residence and/or assisted living program, to the extent the department determines such a combined application is feasible.

FOR PURPOSES OF THIS PARAGRAPH, "AFFILIATE" SHALL MEAN ANY ENTITY THAT IS UNDER COMMON OWNERSHIP AND/OR CONTROL AS AN EXISTING LICENSED OPERATOR IN GOOD STANDING; PROVIDED, HOWEVER, THE AFFILIATE ENTITY MAY HAVE: (A) DIFFERENT PERCENTAGES OF OWNERSHIP AND/OR CONTROL AMONG THE INDIVIDUALS APPROVED FOR THE LICENSED OPERATOR IN GOOD STANDING; AND/OR (B) FEWER INDIVIDUALS WITH OWNERSHIP AND/OR CONTROL THAN APPROVED FOR THE LICENSED OPERATOR IN GOOD STANDING.

For purposes of this paragraph, "good standing" shall mean the operator has not (A) received any official written notice from the department of a proposed revocation, suspension, denial or limitation on the operating certificate of the facility or residence; (B) within the previous three years, been assessed a civil penalty after a hearing conducted pursuant to subparagraph one of paragraph (b) of subdivision seven of section four hundred sixty-d of this article for a violation that has not been rectified; (C) within the previous year, received any official written notice from the department of a proposed assessment of a civil penalty for a violation described in subparagraph two of paragraph (b) of subdivision seven of section four hundred sixty-d of this article; (D) within the previous three years, been issued an order pursuant to subdivision two, five, six or eight of section four hundred sixty-d of this article; (E) within the previous three years, been placed on, and if placed on, removed from the department's "do not refer list" pursuant to subdivision fifteen of section four hundred sixty-d of this article. Provided, however, that in the case of an operator that is not in good standing as provided in this paragraph, the department may permit the operator to use the streamlined application process, in its discretion, if it determines that the disqualifying violation was an isolated occurrence that was promptly corrected by the operator[;].

S 2. Subdivision 2 of section 4653 of the public health law, as added by chapter 414 of the laws of 2013, is amended to read as follows:

2. For existing licensed operators in good standing AND THEIR AFFILIATES, the department shall develop a streamlined application review and approval process, in collaboration with representatives of associations of operators, to be available for use [on or before January first, two thousand fourteen] in relation to approval of an additional facility of the same type. Notwithstanding any provision of law or regulation to the contrary, the streamlined application review and approval process shall include, but not be limited to, the following:

(c) a certification process and form for the operator OR ITS AFFILIATE to verify that it is in substantial compliance with all applicable codes, rules and regulations in any other state in which it operates, and to disclose any enforcement or administrative action taken against it in any other state;

(d) issuance by the department of a conditional approval to operate the facility for a specified period of time upon substantial completion of the character and competence, legal, financial and architectural components of the application, so long as the operator agrees in writing to satisfy all pending conditions prior to the expiration of the conditional approval period or a time frame established by the department;

(e) issuance by the department of a conditional approval to construct a facility, at the operator's own risk, upon substantial completion of the architectural component of the application;

(f) elimination of duplicative submission and review of any application information which has been previously reviewed and approved by the department or any of its regional offices within the past two years through a certification process and form whereby the operator OR ITS AFFILIATE will verify that such application information is duplicative;

(g) with respect to any programmatic application information to be reviewed by the regional office, such review shall be conducted on-site by the regional office during the pre-opening inspection or first full annual inspection, if the department has previously approved the operator OR ITS AFFILIATE to operate the same type of program at another facility within the past two years;

(h) electronic submission of applications; and

(i) a combined application for licensure as an adult care facility, assisted living residence and/or assisted living program, to the extent the department determines such a combined application is feasible.

FOR PURPOSES OF THIS SUBDIVISION, "AFFILIATE" SHALL MEAN ANY ENTITY THAT IS UNDER COMMON OWNERSHIP AND/OR CONTROL AS AN EXISTING LICENSED OPERATOR IN GOOD STANDING; PROVIDED, HOWEVER, THE AFFILIATE ENTITY MAY HAVE: (A) DIFFERENT PERCENTAGES OF OWNERSHIP AND/OR CONTROL AMONG THE INDIVIDUALS APPROVED FOR THE LICENSED OPERATOR IN GOOD STANDING; AND/OR (B) FEWER INDIVIDUALS WITH OWNERSHIP AND/OR CONTROL THAN APPROVED FOR THE LICENSED OPERATOR IN GOOD STANDING.

For purposes of this subdivision, "good standing" shall mean the operator has not (i) received any official written notice from the department of a proposed revocation, suspension, denial or limitation on the operating certificate of the facility or residence; (ii) within the previous three years, been assessed a civil penalty after a hearing conducted pursuant to subparagraph one of paragraph (b) of subdivision seven of section four hundred sixty-d of the social services law for a violation that has not been rectified; (iii) within the previous year, received any official written notice from the department of a proposed assessment of a civil penalty for a violation described in subparagraph two of paragraph (b) of subdivision seven of section four hundred sixty-d of the social services law; (iv) within the previous three years, been issued an order pursuant to subdivision two, five, six, or eight of section four hundred sixty-d of the social services law; (v) within the previous three years, been placed on, and if placed on, removed from the department's "do not refer list" pursuant to subdivision fifteen of section four hundred sixty-d of the social services law. Provided, however, that in the case of an operator that is not in good standing as provided in this paragraph, the department may permit the operator to use the streamlined application process, in its discretion, if it determines that the disqualifying violation was an isolated occurrence that was promptly corrected by the operator.

S 3. This act shall take effect immediately.
