MEDICAL ASSISTANCE ADMINISTRATION PROGRAM 1,929,004,000

General Fund
State Purposes Account - 10050

Notwithstanding section 40 of the state finance law or any other law to the contrary, all medical assistance appropriations made from this account shall remain in full force and effect in accordance, in the aggregate, with the following schedule: not more than 48 percent for the period April 1, 2016 to March 31, 2017;

and the remaining amount for the period April 1, 2017 to March 31, 2018.

Notwithstanding section 40 of the state finance law or any provision of law to the contrary, subject to federal approval, department of health state funds medicaid spending, excluding payments for medical services provided at state facilities operated by the office of mental health, the office for people with developmental disabilities and the office of alcoholism and substance abuse services and further excluding any payments which are not appropriated within the department of health, in the aggregate, for the period April 1, 2016 through March 31, 2017, shall not exceed $18,778,512,000 except as provided below and state share medicaid spending, in the aggregate, for the period April 1, 2017 through March 31, 2018, shall not exceed $19,630,606,000, but in no event shall department of health state funds medicaid spending for the period April 1, 2016 through March 31, 2018 exceed $38,409,118,000 provided, however, such aggregate limits may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, increases in provider revenues, reductions in local social services district payments for medical assistance administration, minimum wage increases and beginning April 1, 2013 the operational costs of the New York state medical indemnity fund, pursuant to chapter 59 of the laws of 2011, and state costs or savings from the essential plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency. The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to

such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation plan shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation plan that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which

specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation plan; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation plan, to the extent that all or part of such plan, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation plan on the department of health's website and shall provide written copies of such plan to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation plan subsequent to the provisions of notice and prior to implementation but need provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the plan.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medi-

caid savings allocation plan is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a disaster, natural or otherwise, that significantly increases the immediate need for health care personnel in an area of the state; (ii) an event or condition that creates a widespread risk of exposure to a serious communicable disease, or the potential for such widespread risk of exposure; or (iii) any other event or condition determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation plan from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation plan, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, and waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision 1 of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed

the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation plan implemented pursuant to subdivision 4 of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

The money hereby appropriated is available for payment of aid heretofore and hereafter accrued to municipalities, and to providers of medical services pursuant to section 367-b of the social services law, and shall be available to the department net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any other provision of law, the money hereby appropriated may be increased or decreased by interchange, with any appropriation of the department of health, and may be increased or decreased by transfer or suballocation between these appropriated amounts and appropriations of the office of mental health, the office for people with developmental disabilities, the office of alcoholism and substance abuse services, the department of family assistance office of temporary and disability assistance, and office of children and family services with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.
