2. Any watershed agricultural easement that burdens land which does not receive an agricultural assessment pursuant to article twenty-five-AA of the agriculture and markets law OR WHICH IS ACQUIRED ON OR AFTER JANUARY FIRST, TWO THOUSAND SEVENTEEN shall be subject to taxation for all purposes. The taxes levied on such easement shall be levied as provided in this title.

S 3. Subdivision 2, subparagraphs i and ii of paragraph a and paragraph b of subdivision 5 and subdivisions 6 and 7 of section 586 of the real property tax law, as added by chapter 2 of the laws of 1997, are amended to read as follows:

2. The assessment of a watershed conservation easement or watershed agricultural easement shall be determined by multiplying the allocation factor for that easement as computed in subdivision one of this section by the assessment determined by the assessor for the land subject to such easement exclusive of the improvements thereon. After subtracting the assessment for each watershed conservation easement or watershed agricultural easement from the parcel's total assessment, the remaining assessment shall be entered on the assessment roll as taxable to the owner of the property. Each watershed conservation easement or watershed agricultural easement, WHETHER IT ENCUMBERS THE ENTIRE PARCEL OR ONLY A PORTION THEREOF, shall be entered as a separate parcel on the taxable portion of the assessment roll and shall be assessed in the name of the city of New York.

(i) On a parcel of property which is otherwise fully exempt from taxation, the assessor shall determine the taxable [assessment] ASSESSED VALUE of the easement by multiplying the allocation factor by the total assessed value of the land; or

(ii) On a parcel of property which is partially exempt from taxation, the assessor shall determine the taxable [assessment] ASSESSED VALUE of the easement by multiplying the allocation factor by the total assessed value of the land; or

(b) The provisions of this subdivision shall not apply to [parcels receiving an agricultural assessment pursuant to article twenty-five-AA of the agriculture and markets law] WATERSHED AGRICULTURAL EASEMENTS AS DESCRIBED IN SUBDIVISION ONE OF SECTION FIVE HUNDRED EIGHTY-FIVE OF THIS TITLE OR TO PARCELS BURDENED BY SUCH EASEMENTS.

6. [Whenever a watershed conservation easement or watershed agricultural easement encumbers only a portion of a parcel, the assessor shall henceforth enter that portion of the parcel encumbered by such easement as a separate parcel on all subsequent assessment rolls.

7.] Whenever a watershed conservation easement or watershed agricultural easement encumbers a parcel containing improvements, those improvements shall be separately assessed in the name of the owner thereof.

S 4. Section 589 of the real property tax law, as added by chapter 2 of the laws of 1997, subdivisions 2 and 4 as further amended by subdivision (b) of section 1 of part W of chapter 56 of the laws of 2010, is amended to read as follows:

S 589. Change in allocation factor. 1. [The allocation factor determined in subdivision one of section five hundred eighty-six of this title shall remain in effect for at least twenty years from the date it is initially certified to the assessing unit.

2.] At any time after [twenty years from the date] the allocation factor is initially certified to the assessing unit, upon the request of the city or the owner of the parcel burdened by the easement, the commissioner may compute and certify a new allocation factor based on a

1 change in circumstances. A request for a review of the allocation factor
2 shall be made by submitting to the commissioner (a) a written request by
3 the landowner, (b) a written request by the city setting forth the
4 claimed change in circumstances, (c) a written stipulation entered into
5 by the city and the landowner setting forth the new allocation factor,
6 or (d) an appraisal or appraisals performed by a licensed real estate
7 appraiser within one year of submission setting forth the current fair
8 market value of the easement and the current fair market value of the
9 land subject to the easement exclusive of improvements and unencumbered
10 by the easement. The commissioner shall define the changes in circum-
11 stances required to change the allocation factor. The party seeking the
12 change in allocation factor shall provide copies of the appraisals and
13 written request to the other party.

15 party may submit the appraisals specified in subdivision [two] ONE of

17 appraisal or written request.

18 [4.] 3. The commissioner shall review the materials submitted and
19 issue a current allocation factor determined by the materials submitted.

20 [5.] 4. If judicial review is sought to challenge a determination
21 under this section, the action shall be commenced in the county in which
22 the real property is located.

23 S 5. This act shall take effect immediately.
