from (i) another state; (ii) an institution of higher education; or (iii) a commercial or not-for-profit entity, provided that such entity must be objective and may not have a conflict of interest or appearance of a conflict of interest; such definition may include tests or assessments that have been previously designed or acquired by local districts, but only if the state education department significantly modifies growth targets or scoring bands for such tests or assessments or otherwise adapts the test or assessment to the state education department's requirements].
3. Ratings. The annual evaluations conducted pursuant to this section shall rate teacher and principal effectiveness using the following categories: highly effective or "H", effective or "E", developing or "D" and ineffective or "I".
4. Categories. The annual evaluation system shall consist of [multiple measures in two categories: student performance] TEACHER EVALUATIONS and teacher observations.
a. [Student performance category. Such category shall have at least one subcomponent and an optional second subcomponent as follows:
(1) For the first subcomponent, (A) for a teacher whose course ends in a state-created or administered test for which there is a state-provided growth model, such teacher shall have a state-provided growth score based on such model, which shall take into consideration certain student characteristics, as determined by the commissioner, including but not limited to students with disabilities, poverty, English language learner status and prior academic history and which shall identify educators whose students' growth is well above or well below average compared to similar students for a teacher's or principal's students after the certain student characteristics above are taken into account; and (B) for a teacher whose course does not end in a state-created or administered test such teacher shall have a student learning objective (SLO) consistent with a goal-setting process determined or developed by the commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a state-created or administered assessment for which there is no state-provided growth model, such assessment must be used as the underlying assessment for such SLO;
(2) For the optional second subcomponent, a district may locally select a second measure in accordance with this subparagraph. Such second measure shall apply in a consistent manner, to the extent practicable, across the district and be either: (A) a second state-provided growth score on a state-created or administered test under clause (A) of subparagraph one of this paragraph, or (B) a growth score based on a state-designed supplemental assessment, calculated using a state-provided or approved growth model. The optional second subcomponent shall provide options for multiple assessment measures that are aligned to existing classroom and school best practices and take into consideration the recommendations in the testing reduction report as required by section one of subpart $F$ of the chapter of the laws of two thousand fifteen which added this section regarding the reduction of unnecessary additional testing.

The commissioner shall determine the weights and scoring ranges for the subcomponent or subcomponents of the student performance category that shall result in a combined category rating. The commissioner shall also set parameters for appropriate targets for student growth for both subcomponents, and the department must affirmatively approve and shall have the authority to disapprove or require modifications of district plans that do not set appropriate growth targets, including after
initial approval. The commissioner shall set such weights and parameters consistent with the terms contained herein.] TEACHER EVALUATION CATEGORY. THE EVALUATION CATEGORY FOR TEACHERS SHALL BE BASED ON AND CREATED FROM THE FINDINGS OF A COMMITTEE ESTABLISHED BY THE BOARD OF REGENTS CONSISTING OF CERTIFIED EDUCATORS WHO ARE RESIDENTS OF THIS STATE CREATED BY THE BOARD OF REGENTS PURSUANT TO SUBDIVISION FIVE OF THIS SECTION.

An independent trained evaluator may be employed within the school district, but not the same school building, as the teacher being evaluated. Such category may also include a subcomponent based on classroom observations conducted by a trained peer teacher rated effective or highly effective from the same school or from another school in the district].

The [commissioner] BOARD OF REGENTS shall determine the weights, and/or weighting options and scoring ranges for the subcomponents of the observations category that result in a combined category rating. The [commissioner] BOARD OF REGENTS shall also determine the minimum number of observations to be conducted annually, including frequency and duration, and any parameters therefor. The [commissioner] BOARD OF REGENTS shall set such weights and scores consistent with the terms contained herein.
