51 liberty without violating the law, and that such release is not incom-
52 patible with the welfare of society and will not so deprecate the seri-
53 ousness of the crime as to undermine respect for the law, and shall be
54 subject to the limits and conditions specified in subdivision four of
55 this section. [Except as set forth in paragraph (a) of this subdivision,

1 such] SUCH release may be granted at any time during the term of an

8 may, in the exercise of the commissioner's discretion, direct [that an
9 investigation be undertaken to determine whether] a diagnosis [should]
10 be made of an inmate who appears to be suffering from a terminal condi-
11 tion, disease or syndrome. Any such medical diagnosis shall be made by a
12 physician licensed to practice medicine in this state pursuant to
13 section sixty-five hundred twenty-four of the education law. Such physi-
14 cian shall either be employed by the department, shall render profes-

32 (b) The commissioner, or the commissioner's designee, shall review the
33 diagnosis and may certify that the inmate is suffering from such termi-
34 nal condition, disease or syndrome and that the inmate is so debilitated
35 or incapacitated as to create a reasonable probability that he or she is
36 physically [or cognitively] incapable of presenting any danger to socie-
37 ty. If the commissioner does not so certify then the inmate shall not be
38 referred to the board for consideration for release on medical parole.
39 If the commissioner does so certify, then the commissioner shall[, with-
40 in seven working days of receipt of such diagnosis,] refer the inmate to
41 the board for consideration for release on medical parole. However, no
42 such referral of an inmate to the board shall be made unless the inmate
43 has been examined by a physician and diagnosed as having a terminal
44 condition, disease or syndrome as previously described herein at some
45 time subsequent to such inmate's admission to a facility operated by the
46 department [of correctional services].

47 (c) When the commissioner refers an inmate to the board, the commis-
48 sioner shall provide an appropriate medical discharge plan established
49 by the department. [The department is authorized to request assistance
50 from the department of health and from the county in which the inmate
51 resided and committed his or her crime, which shall provide assistance
52 with respect to the development and implementation of a discharge plan,
53 including potential placements of a releasee. The department and the
54 department of health shall jointly develop standards for the medical
55 discharge plan that are appropriately adapted to the criminal justice
56 setting, based on standards established by the department of health for

hospital medical discharge planning.] The board may REJECT ALL OR PART OF THE DISCHARGE PLAN SUBMITTED BY THE DEPARTMENT, AND MAY postpone its decision pending [completion of an adequate] SUBMISSION OF A NEW discharge plan, or may deny release based on inadequacy of the discharge plan. THE DEPARTMENT SHALL DEVELOP STANDARDS FOR THE MEDICAL DISCHARGE PLAN THAT ARE APPROPRIATELY ADOPTED TO THE CRIMINAL JUSTICE SETTING, BASED ON STANDARDS ESTABLISHED BY THE DEPARTMENT OF HEALTH FOR HOSPITAL MEDICAL DISCHARGE PLANNING.

4. (a) Medical parole granted pursuant to this section shall be for a period of six months.

(b) The board shall require as a condition of release on medical parole that the releasee agree to remain under the care of a physician while on medical parole and in a hospital established pursuant to article twenty-eight of the public health law, a hospice established pursuant to article forty of the public health law or any other placement that can provide appropriate medical care as specified in the medical discharge plan required by subdivision two of this section. The medical discharge plan shall state that the availability of the placement has been confirmed, and by whom. [Notwithstanding any other provision of law, when an inmate who qualifies for release under this section is cognitively incapable of signing the requisite documentation to effectuate the medical discharge plan and, after a diligent search no person has been identified who could otherwise be appointed as the inmate's guardian by a court of competent jurisdiction, then, solely for the purpose of implementing the medical discharge plan, the facility health services director at the facility where the inmate is currently incarcerated shall be lawfully empowered to act as the inmate's guardian for the purpose of effectuating the medical discharge.]

(c) [Where appropriate, the] THE board shall require as a condition of release that medical parolees be supervised on intensive caseloads at reduced supervision ratios SIMILAR TO THE CASELOADS FOR PAROLEES RELEASED PURSUANT TO THE SHOCK INCARCERATION PROGRAM ESTABLISHED BY ARTICLE TWENTY-SIX-A OF THE CORRECTION LAW.

Such report shall specifically state whether or not the parolee continues to suffer from a terminal condition, disease, or syndrome, and to be so debilitated or incapacitated as to be severely restricted in his or her ability to self-ambulate [or to perform significant normal activities of daily living] AND TO CARE FOR HIMSELF OR HERSELF.

(e) Prior to the expiration of the period of medical parole the board shall review the medical examination report required by paragraph (d) of this subdivision and may again grant medical parole pursuant to this section; provided, however, that the provisions of paragraph (c) of subdivision one and subdivision two of this section shall not apply.

(f) If the updated medical report presented to the board states that a parolee released pursuant to this section is no longer so debilitated or incapacitated as to create a reasonable probability that he or she is physically [or cognitively] incapable of presenting any danger to society or if the releasee fails to submit the updated medical report then the board may not make a new grant of medical parole pursuant to para-

1 graph (e) of this subdivision. Where the board has not granted medical
2 parole pursuant to such paragraph (e) the board shall promptly conduct
3 through one of its members, or cause to be conducted by a hearing offi-
4 cer designated by the board, a hearing to determine whether the releasee
5 is suffering from a terminal condition, disease or syndrome and is so
6 debilitated or incapacitated as to create a reasonable probability that
7 he or she is physically [or cognitively] incapable of presenting any
8 danger to society and does not present a danger to society. If the board
9 makes such a determination then it may make a new grant of medical
10 parole pursuant to the standards of paragraph (b) of subdivision one of
11 this section. At the hearing, the releasee shall have the right to
12 representation by counsel, including the right, if the releasee is
13 financially unable to retain counsel, to have the appropriate court
14 assign counsel in accordance with the county or city plan for represen-
15 tation placed in operation pursuant to article eighteen-B of the county
16 law.

17 (g) The hearing and determination provided for by paragraph (f) of
18 this subdivision shall be concluded within the [six] FOUR month period
19 of medical parole. If the board does not renew the grant of medical
20 parole, it shall order that the releasee be returned immediately to the
21 custody of the department.

23 subdivision, medical parole may be revoked at any time upon any of the
24 grounds specified in paragraph (a) of subdivision three of section two
25 hundred fifty-nine-i of this article, and in accordance with the proce-
26 dures specified in subdivision three of section two hundred fifty-nine-i
27 of this article.
