37 made therein is perjury punishable according to law. Such form
38 prescribed by the state board of elections shall request information
39 required to register such voter should the county board determine that
40 such voter is not registered and shall constitute an application to
41 register to vote. The voter's name and the entries required shall then
42 be entered without delay and without further inquiry in the fourth
43 section of the challenge report or in the place provided at the end of
44 the computer generated registration list, with the notation that the

52 elections in the manner provided by this chapter for protested official
53 ballots, including a statement of the number of such ballots.
