1 district shall be notified within seven days of the initial submission.
2 Upon approval, the smart schools project or projects described in the
3 investment plan shall be eligible for smart schools grants. A smart
4 schools project included in a school district's smart schools investment

6 is part of a school construction project required to be submitted for
7 approval of the commissioner pursuant to section four hundred eight of
8 this chapter and/or subdivision six of section thirty-six hundred two of

20 (2) The amounts determined pursuant to this subdivision to be paid to
21 school districts shall be certified by the commissioner in accordance
22 with this subdivision. If, upon the option of a school district, a smart
23 schools investment plan directs that an amount be transferred or subal-
24 located to a department, agency, or public authority to be spent on
25 behalf of the school district, such amounts shall be transferred or
26 suballocated, consistent with such plan, upon the approval of the direc-
27 tor of the budget. The amounts of money so certified or made available
28 shall be paid by the comptroller in accordance with appropriations
29 therefor, provided, however, that the payment schedule set forth in
30 subdivision one of this section shall not apply to such payments,
31 provided, further that such payments shall, to the extent practicable,
32 be paid within thirty days of approval of such projects by the smart
33 schools review board. Such payment shall fulfill any obligation of the
34 state or the commissioner to apportion funds pursuant to this subdivi-
35 sion, and whenever a school district has been apportioned more money
36 pursuant to this subdivision than that to which it is entitled, the
37 commissioner may deduct such amount from the next apportionment to be
38 made to such school district.

39 § 3. This act shall take effect immediately.
